Northwestern University Feinberg School of Medicine
McGaw Medical Center of Northwestern University
Visiting Elective Program for Students Underrepresented in Medicine 2023-2024 Academic Year

Program Description:
Northwestern University Feinberg School of Medicine welcomes students from diverse backgrounds from the Class of 2023 to apply for elective rotations. Students will be matched with a faculty and/or resident advisor during the rotation to provide mentorship and networking opportunities. Students will also be connected with members of the Northwestern McGaw Underrepresented Residents and Fellows Forum (https://www.mcgaw.northwestern.edu/benefits-resources/nmurff.html).

To help defray the cost of an away rotation, we provide stipends of up to $1,500 to those qualified students who are underrepresented in medicine as defined by the AAMC, LGBTQ+, those from economically disadvantaged backgrounds, first-generation college students, military veterans, and anyone committed to addressing health inequities and social determinants of health.

Eligibility Requirements:
Prospective students for the Visiting Elective Program for Students Underrepresented in Medicine (UiM):
• Must be a U.S. Citizen or Permanent Resident
• Must be pursuing a medical degree at an LCME- or AOA-accredited medical school
• Must be in their final year of medical school
• Must be in good standing at their medical school
• Must have completed all core clerkships in Internal Medicine, Obstetrics/Gynecology, Pediatrics, and Surgery
• Must apply to rotate up to and including Block 20. Block 21 students may be considered pending available funds. Block 22 and all blocks afterwards are not eligible for the stipend.

Application information:
Complete the application on the next page. Attach additional pages for the essay questions if necessary.

All required visiting student application materials must be submitted via VSLO in addition to this application. This application must be complete and uploaded to VSLO before you submit your VSLO application. We are unable to consider supplemental applications received after you are notified of an acceptance to an elective.

Students applying for the UiM Program are encouraged to apply no less than three months in advance to assure adequate processing time for the supplemental application. Please refer to the Visiting student website for further information: http://www.feinberg.northwestern.edu/md-education/visiting-students/index.html.

Acceptance:
Acceptance to the Visiting Elective Program for Students Underrepresented in Medicine is contingent upon acceptance to the Visiting Student Program. We begin reviewing the supplemental applications after a rotation offer is made, and students will be emailed their UiM application decision within 3-4 weeks. Additional questions should be directed to visitingstudents@northwestern.edu.
