MEDICALLY NECESSARY/MEDICAL NECESSITY..... means that a specific medical, health care, supply or Hospital service is required for the treatment or management of a medical symptom or condition, and that the service, supply, or care provided is the most efficient and economical service which can safely be provided.

The fact that your Physician may prescribe, order, recommend, approve, or view hospitalization or other health care services and supplies as Medically Necessary, does not make the hospitalization, services or supplies Medically Necessary and does not mean that the Claim Administrator will pay the cost of the hospitalization, services, or supplies. Please refer to the *Exclusions – What Is Not Covered* section of this booklet for additional information.

The Claim Administrator will make the initial decision whether hospitalization or other health care services or supplies were not Medically Necessary. In most instances this initial decision is made by the Claim Administrator **AFTER YOU HAVE BEEN HOSPITALIZED OR HAVE RECEIVED OTHER HEALTH CARE SERVICES OR SUPPLIES AND AFTER A CLAIM FOR PAYMENT HAS BEEN SUBMITTED.** In making decisions of whether the hospitalization or other health care service(s) or supply(ies) are not Medically Necessary, and therefore not eligible for payment under the terms of this Plan, the Claim Administrator will take into account the information submitted to the Claim Administrator by your Provider(s), including any consultations with such Provider(s).

Hospitalization or other health care is not Medically Necessary when, applying the definition of Medical Necessary to the circumstances surrounding the hospitalization or other health care, it is determined that the medical services provided did not require an acute Hospital Inpatient (overnight) setting, but could have been provided in a Physician's office, the Outpatient department of a Hospital, or some other setting without adversely affecting the patient's condition.

If your Claim for benefits is denied on the basis that the services or supplies were not Medically Necessary, and you disagree with the Claim Administrator's initial decision, your benefit program provides for an appeal of that decision. You must exercise your right to this appeal as a precondition to the taking of any further action against the Claim Administrator, either at law or in equity. To initiate your appeal, you must give the Claim Administrator written notice of your intention to do so as described in the *Claim Filing and Appeals Procedures* section of this booklet.

Below are some examples, not an exhaustive list, of hospitalization or other health care services and supplies that are not Medically Necessary:

1. Hospital admissions for or consisting primarily of observation and/or evaluation that could have been provided safely and adequately in some other setting, e.g., a Physician's office or Hospital Outpatient department.

ELIGIBILITY SECTION

- Meet the following definition of an Eligible Person: A full-time house staff member of the McGaw Medical Center of Northwestern University. A full-time house staff member means a person who is on the permanent payroll of McGaw;
- Have applied for this coverage; and
- Have received an Identification Card.

If you meet this description and comply with the other terms and conditions of this benefit booklet, including, but not limited to, payment of premiums, you are entitled to the benefits of this program.

MEDICARE ELIGIBLE COVERED PERSONS

If you meet the definition of an Eligible Person stated in the ELIGIBILITY Section above and you are eligible for Medicare and not affected by the “Medicare Secondary Payer” (MSP) laws as described below, the benefits described in the section of this benefit booklet entitled “Benefits for Medicare Eligible Covered Persons” will apply to you and to your spouse and covered dependent children (if they are also eligible for Medicare and not affected by the MSP laws). This section does not apply to a party of a Civil Union with the Eligible Person and their children. This section does not apply to a Domestic Partner of the Eligible Person and their children.

A series of federal laws collectively referred to as the “Medicare Secondary Payer” (MSP) laws regulate the manner in which certain sponsors may offer group health care coverage to Medicare eligible housestaff, spouses, and in some cases, dependent children.

The statutory requirements and rules for MSP coverage vary depending on the basis for Medicare and employer group health plan (“GHP”) coverage, as well as certain other factors, including the size of the employers sponsoring the GHP. In general, Medicare pays secondary to the following:

1. GHPs that cover individuals with end-stage renal disease (“ESRD”) during the first 30 months of Medicare eligibility or entitlement. This is the case regardless of the number of housestaffs employed by the employer or whether the individual has “current employment status.”
2. In the case of individuals aged 65 or over, GHPs of employers that employ 20 or more housestaffs if that individual or the individual’s spouse (of any age) has “current employment status.” If the GHP is a multi-employer or multiple employer plan, which has at least one participating employer that employs 20 or more housestaffs, the MSP rules apply even with respect to employers of fewer than 20 housestaffs (unless the plan elects the small employer exception under the statute).

3. In the case of disabled individuals under age 65, GHPs of employers that employ 100 or more housestaffs, if the individual or a member of the individual's family has "current housestaff status." If the GHP is a multi-employer or multiple employer plan, which has at least one participating employer that employs 100 or more housestaffs, the MSP rules apply even with respect to employers of fewer than 100 housestaffs.

PLEASE NOTE: SEE YOUR EMPLOYER OR GROUP ADMINISTRATOR SHOULD YOU HAVE ANY QUESTIONS REGARDING THE ESRD PRIMARY PERIOD OR OTHER PROVISIONS OF MSP LAWS AND THEIR APPLICATION TO YOU, YOUR SPOUSE OR ANY DEPENDENTS.

YOUR MSP RESPONSIBILITIES

In order to assist your employer in complying with MSP laws, it is very important that you promptly and accurately complete any requests for information from the Claim Administrator and/or your employer regarding the Medicare eligibility of you, your spouse and covered dependent children. In addition, if you, your spouse or covered dependent child becomes eligible for Medicare, or has Medicare eligibility terminated or changed, please contact your employer or your group administrator promptly to ensure that your Claims are processed in accordance with applicable MSP laws.

YOUR ID CARD

You will receive an Identification Card. This card will tell you your identification number and will be very important to you in obtaining your benefits.

INDIVIDUAL COVERAGE

FAMILY COVERAGE

Child(ren) used hereafter, means a natural child(ren), a stepchild(ren), an adopted child(ren), a child(ren) for whom you have received a court order requiring that you are financially responsible for providing coverage under 26 years of age, a child(ren) who is in your custody under an interim court order of adoption or who is placed with you for adoption vesting temporary care.

If you have Family Coverage, your health expenses for Covered Services and those of your enrolled spouse and your (or your spouse's) enrolled children up to age 26 will be covered. The coverage for children will end on the last day of the month in which the limiting age is reached. All of the provisions of this benefit booklet that pertain to a spouse also apply to a party of a Civil Union unless specifically noted otherwise. The coverage for children will end on the last day of the month in which the limiting age is reached.

Your enrolled Domestic Partner and their enrolled children who have not attained the limiting age stated above will be covered. Whenever the term “spouse” is used, we also mean Domestic Partner. All of the provisions of this benefit booklet that pertain to a spouse also apply to a Domestic Partner, unless specifically noted otherwise.

Any newborn children will be covered from the moment of birth. Please notify your Group Administrator within 30 days of the date of birth so that your membership records can be adjusted.

Any children who are incapable of self-sustaining employment and are dependent upon you or other care providers for lifetime care and supervision because of a disabling condition occurring prior to reaching the limiting age will be covered regardless of age if they were covered prior to reaching the limiting age stated above.

Any children who are under your legal guardianship or who are in your custody under an interim court order of adoption or who are placed with you for adoption vesting temporary care will be covered.

CHANGING FROM INDIVIDUAL TO FAMILY COVERAGE OR ADDING DEPENDENTS TO FAMILY COVERAGE

You can change from Individual to Family Coverage or add dependents to your Family Coverage because of any of the following events:

- Marriage.
- Establishment of a Domestic Partnership.
- Becoming party to a Civil Union.
- Birth, adoption, or placement for adoption of a child.
- Obtaining legal guardianship of a child.
- Loss of eligibility for other health coverage for you or your dependent if:
 - a. The other coverage was in effect when you were first eligible to enroll for this coverage;
 - b. The other coverage is not terminating for cause (such as failure to pay premiums or making a fraudulent claim); and
 - c. Where required, you stated in writing that coverage under another group health plan or other health insurance coverage was the reason for declining enrollment in this coverage.

This includes, but is not limited to, loss of coverage due to:

- a. Legal separation, divorce, dissolution from a Civil Union, cessation of dependent status, death of an employee, termination of employment, or reduction in the number of hours of employment;
- b. In the case of HMO, coverage is no longer provided because an individual no longer resides in the service area or the HMO no longer

offers coverage in the HMO service area in which the individual resides;

- c. Reaching a lifetime limit on all benefits in another group health plan;
 - d. Another group health plan no longer offering any benefits to the class of similarly situated individuals that includes you or your dependent;
 - e. When Medicaid or Children's Health Insurance Program (CHIP) coverage is terminated as a result of loss of eligibility; or
 - f. When you or your dependents become eligible for a premium assistance subsidy under Medicaid or CHIP.
- Termination of employer contributions towards your or your dependent's other coverage.
 - Exhaustion of COBRA continuation coverage or state continuation coverage.

When Coverage Begins

Your Family Coverage or the coverage for your additional dependents will be effective from the date of the event if you apply for this change within 30 days of any of the following events:

- Marriage.
- Establishment of a Domestic Partnership.
- Becoming party to a Civil Union.
- Birth, adoption, or placement of adoption of a child.
- Obtaining legal guardianship of a child.

Your Family Coverage or the coverage for your additional dependents will be effective from the date you apply for coverage if you apply within 31 days of any of the following events:

- Loss of eligibility for other coverage for you or your dependent, except for loss of coverage due to reaching a lifetime limit on all benefits.
- Termination of employer contributions towards your or your dependent's other coverage.
- Exhaustion of COBRA continuation coverage or state continuation coverage.

If coverage is lost in another group health plan because a lifetime limit on all benefits is reached under that coverage and you apply for Family Coverage or to add dependents within 31 days after a claim is denied due to reaching the lifetime limit, your Family Coverage or the coverage for your additional dependents will be effective from the date your claim was denied.

Your Family Coverage or the coverage for your additional dependents will be effective from the date of the event if you apply for this change within 60 days of any of the following events:

- Loss of eligibility for you or your dependents when Medicaid or CHIP coverage is terminated as a result of loss of eligibility; or
- You or your dependents become eligible for a premium assistance subsidy under Medicaid or CHIP.

You must request this special enrollment within 60 days of the loss of Medicaid or CHIP coverage, or within 60 days of when eligibility for premium assistance under Medicaid or CHIP is determined. Coverage will be effective no later than the first of the month after the special enrollment request is received.

Late Applicants

If you do not apply for Family Coverage or to add dependents within the required number of days of the event, you will have to wait until your Employer's annual open enrollment period to make those changes.

CHANGING FROM FAMILY TO INDIVIDUAL COVERAGE

Should you wish to change from Family to Individual Coverage, you may do this at any time. Your Group Administrator will provide you with the application and tell you the date that the change will be effective.

TERMINATION OF COVERAGE

You will no longer be entitled to the benefits described in this benefit booklet if either of the events stated below should occur.

1. If you no longer meet the previously stated description of an Eligible Person.
2. If the entire coverage of your Employer terminates.

Further, termination of the agreement between the Claim Administrator and the Employer automatically terminates your coverage as described in this benefit booklet. It is the responsibility of the Employer to notify you in the event the agreement is terminated with the Claim Administrator. Regardless of whether such notice is provided, your coverage will terminate as of the effective date of termination of the Employer's agreement with the Claim Administrator.

No benefits are available to you for services or supplies rendered after the date of termination of your coverage under the Health Care Plan described in this benefit booklet except as otherwise specifically stated in the "Extension of Benefits in Case of Termination" provisions of this benefit booklet. However, termination of the Employer agreement with the Claim Administrator and/or termination of your coverage under the Health Care Plan shall not affect any Claim for Covered Services rendered prior to the effective date of such termination.

Unless specifically mentioned elsewhere in this benefit booklet, if one of your dependents becomes ineligible, their coverage will end as of the date the event occurs which makes them ineligible.

Other options available for Continuation of Coverage are explained in the COBRA Section of this benefit booklet.

UTILIZATION MANAGEMENT AND REVIEW

The Claim Administrator has established the Utilization Management and Review Program to assist you in determining the course of treatment that will maximize your benefits under this Health Care Plan. Utilization management may be referred to as Medical Necessity reviews, utilization review (UR) or medical management reviews. A Medical Necessity review for a procedure/service, Inpatient admission, and length of stay is based on the Claim Administrator's Medical Policy and, site or level of care review criteria. Medical Necessity reviews may occur prior to services rendered, during the course of care, or after care has been completed for a Post-Service Medical Necessity Review. Some services may require a Prior Authorization before the start of services, while other services will be subject to a Post-Service Medical Necessity review. If requested, services normally subject to a Post-Service Medical Necessity review may be reviewed for Medical Necessity prior to the service through a Recommended Clinical Review as defined below.

Please refer to the definition of Medically Necessary under the *Definitions* section of this booklet for additional information regarding any limitations and/or special conditions pertaining to your benefits.

The Utilization Management and Review Program requires a review of the following Covered Services **before** maximum benefits for such services are available.

- Inpatient Hospital services
- Skilled Nursing Facility services
- Services received in a Coordinated Home Care Program
- Private Duty Nursing Services
- Certain Outpatient Procedures

PRIOR AUTHORIZATION

Prior Authorization is a requirement that you must obtain authorization from the Claim Administrator before you receive a certain type of Covered Services designated by the Claim Administrator in order to be eligible for maximum benefits.

For Inpatient Hospital facility services, your Participating Provider is required to obtain Prior Authorization. If Prior Authorization is not obtained, the Participating Provider will be sanctioned based on the Claim Administrator's contractual agreement with the Provider, and the member will be held harmless for the Provider sanction. For additional information about Prior Authorization for services outside of the Claim Administrator's service area, see the section of this benefit booklet entitled "THE BLUECARD PROGRAM."

Failure to contact the Claim Administrator or to comply with the determinations of the Claim Administrator, as described in this section, may result in a reduction in benefits. These reductions in benefits are in addition to the applicable Copayments, Coinsurance, Deductibles, and out-of-pocket expense limit amounts. Providers may bill you for any reduction in payment, as described in this section, resulting from failure to contact the Claim Administrator or to comply with the determinations of the Claim Administrator. We encourage you to call ahead. The pre-notification toll-free telephone number is on your Identification Card.

Please read the provisions below very carefully. The provisions of this section do not apply to the treatment of Mental Illness and Substance Use Disorder Treatment. The provisions for the treatment of Mental Illness and Substance Use Disorder Treatment are specified in the CLAIM ADMINISTRATOR'S BEHAVIORAL HEALTH UNIT section of this benefit booklet.

RECOMMENDED CLINICAL REVIEW

Some services that do not require Prior Authorization may be subject to review for evidence of medical necessity for coverage determinations that may occur prior to services rendered, during care, or after care has been completed for a Post-Service Medical Necessity Review.

A Recommended Clinical Review is a Medical Necessity review for a Covered Service that occurs before services are completed and helps limit the situations where you have to pay for a non-approved service. The Claim Administrator will review the request to determine if it meets approved Claim Administrator medical policy and, site, or level of care review criteria for medical and behavioral health services. Once a decision has been made on the services reviewed as part of the Recommended Clinical Review process, they will not be reviewed for Medical Necessity again on a retrospective basis. Submitted services (subject to Medical Necessity review) not included as part of Recommended Clinical Review may be reviewed retrospectively.

To determine if a Recommended Clinical Review is available for a specific service, visit our website at www.bcbsil.com/find-care/where-you-go-matters/ut-tilization-management for the Required Prior Authorization and Recommended Clinical Review list, which is updated when new services are added or when services are removed. You can also call Customer Service at the toll-free telephone number on the back of your Identification Card. You or your Provider may request a Recommended Clinical Review.

Recommended Clinical Review is not a guarantee of benefits. Actual availability of benefits is subject to eligibility and the other terms, conditions, limitations, and exclusions under this Plan. Please coordinate with your Provider to submit a written request for a Recommended Clinical Review.

General Provisions Applicable to All Recommended Clinical Reviews

1. No Guarantee of Payment

A Recommended Clinical Review is not a guarantee of benefits or payment of benefits by the plan. Actual availability of benefits is subject to eligibility and the other terms, conditions, limitations, and exclusions of this Plan. Even if the service has been approved on Recommended Clinical Review, coverage or payment can be affected for a variety of reasons. For example, the member may have become ineligible as of the date of service or the member's benefits may have changed as of the date of service.

2. Request for Additional Information

The Recommended Clinical Review process may require additional documentation from the member's health care Provider or pharmacist. In addition to the written request for Recommended Clinical Review, the health care Provider or pharmacist may be required to include pertinent documentation explaining the proposed services, the functional aspects of the treatment, the projected outcome, treatment plan and any other supporting documentation, study models, prescription, itemized repair and replacement cost statements, photographs, x-rays, etc., as may be requested by the plan to make a determination of coverage pursuant to the terms and conditions of this Plan.

Post-Service Medical Necessity Review

A Post-Service Medical Necessity Review, sometimes referred to as a retrospective review or Post-Service Claims request, is the process of determining coverage after treatment has been provided and is based on Medical Necessity guidelines. A Post-Service Medical Necessity Review confirms member eligibility, availability of benefits at the time of service, and reviews necessary clinical documentation to ensure the service was Medically Necessary. Providers should submit appropriate documentation at the time of a Post-Service Medical Necessity Review request. A Post-Service Medical Necessity Review may be performed when a Prior Authorization or Recommended Clinical Review was not obtained prior to services being rendered.

General Provisions Applicable to All Post-Service Medical Necessity Reviews

1. No Guarantee of Payment

A Post-Service Medical Necessity Review is not a guarantee of benefits. Actual availability of benefits is subject to eligibility and the other terms, conditions, limitations, and exclusions of this Certificate. Post-Service Medical Necessity Review does not guarantee payment of benefits by the plan, for instance a member may become ineligible as of the date of service or the member's benefits may have changed as of the date of service.

2. Request for Additional Information

The Post-Service Medical Necessity Review process may require additional documentation from the member's health care Provider or pharmacist. In addition to the written request for Post-Service Medical Necessity Review, the health care Provider or pharmacist may be required to include pertinent documentation explaining the services rendered, the functional aspects of the treatment, the projected outcome, treatment plan and any other supporting documentation, study models, prescription, itemized repair and replacement cost statements, photographs, x-rays, etc., as may be requested by the plan to make a determination of coverage pursuant to the terms and conditions of this Plan.

CASE MANAGEMENT

Case management is a collaborative process that assists you with the coordination of complex care services. A Claim Administrator case manager is available to you as an advocate for cost-effective interventions.

Case managers are also available to you to provide assistance when you need alternative benefits. Alternative benefits will be provided only so long as the Claim Administrator determines that the alternative services are Medically Necessary and cost-effective. The total maximum payment for alternative services shall not exceed the total benefits for which you would otherwise be entitled under the Health Care Plan.

Provision of alternative benefits in one instance shall not result in an obligation to provide the same or similar benefits in any other instance. In addition, the provision of alternative benefits shall not be construed as a waiver of any of the terms, conditions, limitations, and exclusions of the Health Care Plan.

LENGTH OF STAY/SERVICE REVIEW

Length of stay/service review is not a guarantee of benefits. Actual availability of benefits is subject to eligibility and the other terms, conditions, limitations, and exclusions of the Health Care Plan.

Upon completion of the Inpatient or emergency admission review, the Claim Administrator will send a letter to you, your Physician, Provider of services, Behavioral Health Practitioner and/or the Hospital or facility with a determination on the approved length of stay.

An extension of the length of stay/service will be based solely on whether continued Inpatient care or other health care service is Medically Necessary. In the event that the extension is determined not to be Medically Necessary, the authorization will not be extended. Additional notification will be provided to your Physician and/or the Hospital regarding the denial of payment for the extension.

A length of stay/service review, also known as a concurrent Medical Necessity review, is when you, your Provider, or other authorized representative may submit a request to the Plan for continued services. If you, your Provider, or authorized representative requests to extend care beyond the approved time limit and it is a request involving urgent care or an Ongoing Course of Treatment, the Plan will make a determination on the request/appeal as soon as possible but no later than 72 hours after it receives the initial request, or within 48 hours after it receives the missing information (if the initial request is incomplete).

MEDICALLY NECESSARY DETERMINATION

The decision that Inpatient care or other health care services or supplies are not Medically Necessary will be determined by the Claim Administrator. The Claim Administrator will provide notification of a decision to not authorize payment for Inpatient care or other health care services or supplies to you, your Physician, and/or the Hospital or other Provider. The notification will specify the dates, services and/or supplies that are not considered Covered Services. For further details regarding Medically Necessary care and other exclusions from coverage, see the EXCLUSIONS—WHAT IS NOT COVERED section in this benefit booklet.

The Claim Administrator does not determine your course of treatment or whether you receive particular health care services. Decisions regarding the course of treatment and receipt of particular health care services are a matter entirely between you and your Physician. The Claim Administrator's determination of Medically Necessary care is limited to merely whether a proposed admission, continued hospitalization or other health care service is a Covered Service under the Health Care Plan.

In the event that the Claim Administrator determines that all or any portion of an Inpatient hospitalization or other health care service is not Medically Necessary, the Claim Administrator will not be responsible for any related Hospital or other health care service charge incurred.

Remember that the Claim Administrator's Health Care Plan does not cover the cost of hospitalization or any health care services and supplies that are not determined to be Medically Necessary. The fact that your Physician or another health care Provider may prescribe, order, recommend or approve a Hospital stay or other health care service or supply does not of itself make such hospitalization, service or supply Medically Necessary. Even if your Physician prescribes, orders, recommends, approves, or views hospitalization or other health care services or supplies as Medically Necessary, the Claim Administrator will not pay for the hospitalization, services or supplies unless the Claim Administrator determines it to be Medically Necessary and a Covered Service under the Health Care Plan.

NOTE: Keep in mind that a Medically Necessary determination does not guarantee that benefits are available. For example, it might be determined that a service is Medically Necessary, however, the Health Care Plan may limit or exclude that service. In that case, the Medically Necessary determination does not override the benefit provision in the benefit booklet.

UTILIZATION REVIEW PROCEDURE

The following information is required when you contact the Claim Administrator:

1. The name of the attending and/or admitting Physician;
2. The name of the Hospital where the admission has been scheduled and/or the location where the service has been scheduled;
3. The scheduled admission and/or service date; and
4. A preliminary diagnosis or reason for the admission and/or service.

Upon receipt of the required information, the Claim Administrator:

1. will review the information provided and seek additional information, as necessary.
2. will issue a determination that the services are either Medically Necessary or are not Medically Necessary.
3. will provide notification of the determination.

APPEAL PROCEDURE

If you, your Physician, Provider of health services, or Behavioral Health Practitioner disagree with the determination of the Claim Administrator prior to or while receiving services, you may appeal that decision. You should call the Claim Administrator's customer service number on your Identification Card. Your Physician should use the contact information in the notification letter.

In some instances, the resolution of the appeal process will not be completed until your admission or service has occurred and/or your assigned length of stay/service has elapsed. If you disagree with a decision after claim processing has taken place or upon receipt of the notification letter, you may appeal that decision by having your Physician, Provider of health services, or Behavioral Health Practitioner call the contact person indicated in the notification letter or by submitting a written request to:

FAILURE TO NOTIFY

The final decision regarding your course of treatment is solely your responsibility and the Claim Administrator will not interfere with your relationship with any Provider. However, the Claim Administrator has established the Utilization Management and Review Program for the specific purpose of assisting you in determining the course of treatment which will maximize your benefits provided under this benefit booklet.

MEDICARE ELIGIBLE MEMBERS

The preadmission review provisions of this Utilization Management and Review Program do not apply to you if you are Medicare eligible and have secondary coverage provided under the Health Care Plan.

CLAIM ADMINISTRATOR'S BEHAVIORAL HEALTH UNIT

The Claim Administrator's Behavioral Health Unit has been established to perform preadmission review and length of stay review for your Inpatient Hospital services for the treatment of Mental Illness and Substance Use Disorder.

Failure to contact the Behavioral Health Unit or to comply with the determinations of the Behavioral Health Unit, as described in this section, may result in a reduction of benefits. The Behavioral Health Unit may be reached twenty-four (24) hours a day, 7 days a week at the toll-free telephone number 1-800-851-7498. Please read the provisions below very carefully.

Prior Authorization is a requirement that you must obtain authorization from the Claim Administrator before you receive a certain type of Covered Services designated by the Claim Administrator in order to be eligible for maximum benefits.

For Inpatient Hospital facility services, your Participating Provider is required to obtain Prior Authorization. If Prior Authorization is not obtained, the Participating Provider will be sanctioned based on the Claim Administrator's contractual agreement with the Provider, and the member will be held harmless for the Provider sanction. For additional information about Prior Authorization for services outside of the Claim Administrator's service area, see the section of this benefit booklet entitled "THE BLUECARD PROGRAM."

Failure to contact the Claim Administrator or to comply with the determinations of the Claim Administrator, as described in this section, may result in a reduction in benefits. These reductions in benefits are in addition to the applicable Copayments, Coinsurance, Deductibles, and out-of-pocket expense limit amounts. Providers may bill you for any reduction in payment, as described in this section, resulting from failure to contact the Claim Administrator or to comply with the determinations of the Claim Administrator. We encourage you to call ahead. The pre-notification toll-free telephone number is on your Identification Card.

CONTACTING BEHAVIORAL HEALTH

You, your Physician, Provider of services, or your authorized representative may contact the Claim Administrator for a Prior Authorization or Recommended Clinical Review by calling the toll-free number shown on the back of your Identification Card and follow the prompts to the Behavioral Health Unit. During regular business hours (8:00 a.m. and 6:00 p.m., Central Time, on business days), the caller will be routed to the appropriate behavioral health clinical team for review. Residential and Outpatient requests should be requested during regular business hours. After 6:00 PM, on weekends, and on holidays, the same behavioral health line is answered by clinicians available for Inpatient acute reviews only.

PRIOR AUTHORIZATION REVIEW

- **Inpatient Hospital Prior Authorization Review**

Prior Authorization review is not a guarantee of benefits. Actual availability of benefits is subject to eligibility and the other terms, conditions, limitations, and exclusions of the Health Care Plan. The Claim Administrator recommends you confirm with your Provider if Prior Authorization has been obtained.

To receive maximum benefits under this Health Care Plan, you must obtain Prior Authorization for your nonemergency Inpatient Hospital admission for the treatment of Mental Illness or Substance Use Disorder by calling the Behavioral Health Unit. Providers may obtain Prior Authorization for you, when required, but it is your responsibility to ensure Prior Authorization requirements are satisfied, as described in this section. This call must be made prior to the Inpatient Hospital admission.

- **Residential Treatment Center Prior Authorization Review**

Prior Authorization review is not a guarantee of benefits. Actual availability of benefits is subject to eligibility and the other terms, conditions, limitations, and exclusions of this Health Care Plan. The Claim Administrator recommends you confirm with your Provider if Prior Authorization has been obtained.

Whenever an admission to a Residential Treatment Center for the treatment of Mental Illness or Substance Use Disorder is recommended by your Physician, you must, in order to receive maximum benefits under this Health Care Plan, call the Behavioral Health Unit. This call must be made prior to scheduling of the admission. Providers may obtain Prior Authorization for you, when required, but it is your responsibility to ensure Prior Authorization requirements are satisfied, as described in this section. This call must be made prior to the Inpatient Hospital admission.

- **Emergency Mental Illness or Substance Use Disorder Admission Review**

Emergency Mental Illness or Substance Use Disorder Admission Review is not a guarantee of benefits. Actual availability of benefits is subject to eligibility and the other terms, conditions, limitations, and exclusions of the Health Care Plan.

In order to receive maximum benefits under this Health Care Plan, you or someone who calls on your behalf must notify the Behavioral Health Unit no later than two business days or as soon as reasonably possible after the admission for the treatment of Mental Illness or Substance Use Disorder has occurred.

If the call is made any later than the specified time period, you may not be eligible for maximum benefits. Providers may obtain Prior Authorization for

you, when required, but it is your responsibility to ensure Prior Authorization requirements are satisfied, as described in this section.

- **Partial Hospitalization Treatment Program Review**

Partial Hospitalization Treatment Program review is not a guarantee of benefits. Actual availability of benefits is subject to eligibility and the other terms, conditions, limitations, and exclusions of the Health Care Plan.

In order to receive maximum benefits under this Health Care Plan, you must notify the Behavioral Health Unit no later than 48 hours after the admission for the treatment of Mental Illness or Substance Use Disorder has occurred. Providers may call for you, when required, but it is your responsibility to ensure these requirements are satisfied, as described in this section. The Behavioral Health Unit will obtain information regarding the service(s) and may discuss proposed treatment with your Behavioral Health Practitioner.

If an Inpatient Emergency Mental Illness or Substance Use Disorder Admission occurs after a service(s), in order to receive maximum benefits under this Health Care Plan, an additional call must be made to the Behavioral Health Unit for an Emergency Mental Illness or Substance Use Disorder Admission Review.

- **Length of Stay/Service Review**

Length of stay/service review is not a guarantee of benefits. Actual availability of benefits is subject to eligibility and the other terms, conditions, limitations, and exclusions of the Health Care Plan.

Upon completion of the Prior Authorization or Emergency Mental Illness or Substance Use Disorder Review, the Behavioral Health Unit will send you a letter confirming that you or your representative called the Behavioral Health Unit. A letter assigning a length of service or length of stay will be sent to your Behavioral Health Practitioner and/or the Hospital.

An extension of the length of stay/service will be based solely on whether continued Inpatient care or other health care service is Medically Necessary as determined by the Behavioral Health Unit. In the event that the extension is determined not to be Medically Necessary, the length of stay/service will not be extended, and the case will be referred to a Behavioral Health Unit Physician for review.

MEDICALLY NECESSARY DETERMINATION

The decision that Inpatient Hospital admission or other health care services or supplies are not Medically Necessary, as such term is defined in this benefit booklet, will be determined by the Behavioral Health Unit. If the Behavioral Health Unit concurs that the Inpatient Hospital admission or other health care service or supply does not meet the criteria for Medically Necessary care, benefit for some days, services or the entire hospitalization will be denied. Your Behavioral Health Practitioner and in the case of an Inpatient Hospital

admissions, the Hospital will be advised by telephone of this determinations, with a follow-up notification letter sent to you, your Behavioral Health Practitioner, and the Hospital, and will specify the dates, services or supplies that are not considered Medically Necessary. The Behavioral Health Unit will issue these notification letters promptly. However, in some instances, these letters will not be received prior to your scheduled date of admission or service. For further details regarding Medically Necessary care and other exclusions described in this benefit booklet, see the provision entitled, “EXCLUSIONS—WHAT IS NOT COVERED.”

The Behavioral Health Unit does not determine your course of treatment or whether you receive particular health care services. The decision regarding the course of treatment and receipt of particular health care services is a matter entirely between you and your Behavioral Health Practitioner. The Behavioral Health Unit’s determination of Medically Necessary care is limited to merely whether a proposed admission, continued hospitalization or other health care service is Medically Necessary under the Health Care Plan.

In the event that the Behavioral Health Unit determines that all or any portion of an Inpatient Hospital admission or other health care service or supply is not Medically Necessary, the Claim Administrator will not be responsible for any related Hospital or other health care service or supply charge incurred.

Remember that your Health Care Plan does not cover the cost of hospitalization or any health care services and supplies that are not Medically Necessary. The fact that your Behavioral Health Practitioner or another health care Provider may prescribe, order, recommend or approve an Inpatient Hospital admission or other health care service or supply does not of itself make such hospitalization, service or supply Medically Necessary. Even if your Behavioral Health Practitioner prescribes, orders, recommends, approves, or views hospitalization or other health care services or supplies as Medically Necessary, the Claim Administrator will not pay for the hospitalization, services or supplies if the Behavioral Health Unit decides they were not Medically Necessary.

BEHAVIORAL HEALTH UNIT PROCEDURE

When you contact the Behavioral Health Unit to obtain Prior Authorization for your Inpatient Hospital admission and/or other service/supply, provide notification of your Emergency Mental Illness or Substance Use Disorder Admission, or request a length of stay/service review you should be prepared to provide the following information:

1. the name of the attending and/or admitting Behavioral Health Practitioner;
2. the name of the Hospital or facility where the admission and/or service has been scheduled, when applicable;
3. the scheduled admission and/or service date; and
4. a preliminary diagnosis or reason for the admission and/or service.

When you contact the Behavioral Health Unit to obtain Prior Authorization for your Inpatient Hospital admission and/or other service/supply, provide notification of your Emergency Mental Illness or Substance Use Disorder Admission, or request a length of stay/service review, the Behavioral Health Unit:

1. will review the medical information provided and follow-up with the Behavioral Health Practitioner;
2. upon request, will advise you of Participating Providers in the area who may be able to provide the admission and/or services that are the subject of the Prior Authorization Review;
3. may determine that the admission and/or services to be rendered are not Medically Necessary.

APPEAL PROCEDURE

Expedited Appeal

If you or your Behavioral Health Practitioner disagrees with the determinations of the Behavioral Health Unit prior to or while receiving services, you or the Behavioral Health Practitioner may appeal that determination by contacting the Behavioral Health Unit and requesting an expedited appeal. The Behavioral Health Unit Physician will review your case and determine whether the service was Medically Necessary. You and/or your Behavioral Health Practitioner will be notified of the Behavioral Health Unit Physician's determination within twenty-four (24) hours or no later than the last authorized day. If you or your Behavioral Health Practitioner still disagree with the Behavioral Health Unit Physician, you may request an appeal in writing as outlined below.

Written Appeal

In some instances, the resolution of the appeal process will not be completed until your admission or service has occurred and/or your assigned length of stay/service has elapsed. If you disagree with a decision after Claim processing has taken place or upon receipt of the notification letter from the Behavioral Health Unit, you may appeal that decision by having your Behavioral Health Practitioner call the contact person indicated in the notification letter or by submitting a written request to:

Blue Cross and Blue Shield of Illinois
Appeals Coordinator
Blue Cross and Blue Shield BH Unit
P. O. Box 660240
Dallas, Texas 75266-0240
Fax Number: 1-877-361-7656

You must exercise the right to this appeal as a precondition to taking any action against the Claim Administrator, either at law or in equity.

Once you have requested this review, you may submit additional information and comments on your Claim to the Claim Administrator as long as you do so within 30 days of the date you asked for a review. Also, during this 30-day period, you may review any relevant documents held by the Claim Administrator if you request an appointment in writing.

Within 30 days of receiving your request for review, the Claim Administrator will send you its decision on the Claim. In unusual situations, an additional 15 days may be needed for the review, and you will be notified of this during the first 30-day period.

Additional information about appeals procedures is set forth in the CLAIM FILING AND APPEALS PROCEDURES section of this benefit booklet.

FAILURE TO OBTAIN PRIOR AUTHORIZATION OR NOTIFY

The final decision regarding your course of treatment is solely your responsibility and the Behavioral Health Unit will not interfere with your relationship with any Behavioral Health Practitioner. However, the Behavioral Health Unit has been established for the specific purpose of assisting you in maximizing your benefits as described in this benefit booklet.

For Outpatient behavioral health services, including Partial Hospitalization Treatment Programs, there is no penalty to you for failure to notify the Claim Administrator. For Substance Use Disorder Treatment, there is no penalty to you for failure to notify the Claim Administrator for Inpatient Hospital admissions and Residential Treatment Centers.

MEDICARE ELIGIBLE MEMBERS

The provisions of the CLAIM ADMINISTRATOR'S BEHAVIORAL HEALTH UNIT section of this benefit booklet do not apply to you if you are Medicare Eligible and have secondary coverage provided under the Health Care Plan.

CASE MANAGEMENT

You may call the Behavioral Health Unit at the number shown on your Identification Card to access a case manager. They may answer questions about your behavioral condition, help you understand what to expect when you are discharged from a behavioral health facility to your home or to another care facility and help coordinate special care you may need. The behavioral health case management program is designed to help those with mental health and/or substance use concerns manage the unique challenges of those conditions. A case manager may reach out to you via phone or letter to offer case management assistance.

THE PARTICIPATING PROVIDER OPTION

McGaw Medical Center of Northwestern University has chosen the Claim Administrator's "Participating Provider Option" for the administration of your Hospital and Physician benefits. The Participating Provider Option is a program of health care benefits designed to provide you with economic incentives for using designated Providers of health care services.

As a participant in the Participating Provider Option a directory of Participating Providers is available to you. You can visit the Blue Cross and Blue Shield of Illinois website at www.bcbsil.com for a list of Participating Providers. While there may be changes in the directory from time to time, selection of Participating Providers by the Claim Administrator will continue to be based upon the range of services, geographic location, and cost-effectiveness of care. Notice of changes in the network will be provided to your McGaw Medical Center of Northwestern University annually, or as required, to allow you to make selection within the network. However, you are urged to check with your Provider before undergoing treatment to make certain of its participation status. Although you can go to the Hospital or Professional Provider of your choice, benefits under the Participating Provider Option will be greater when you use the services of a Participating Provider.

Before reading the description of your benefits, you should understand the terms "Benefit Period" and "Deductible" as defined below.

YOUR BENEFIT PERIOD

Your benefit period is a period of one year which begins on January 1st of each year. When you first enroll under this coverage, your first benefit period begins on your Coverage Date, and ends on the first December 31st following that date.

YOUR DEDUCTIBLE

Each benefit period you must satisfy a \$225 deductible for Covered Services rendered by Participating Provider(s) and a separate \$550 deductible for Covered Services rendered by Non-Participating Provider(s) or Non-Administrator Provider(s). In other words, after you have claims for Covered Services for more than the deductible amount in a benefit period, your benefits will begin. This deductible will be referred to as the program deductible.

Each time you are admitted to a McGaw Medical Center of Northwestern University you must satisfy a \$100 deductible.

In addition to your program deductible, each time you are admitted to a Participating Hospital, you must satisfy a \$275 deductible.

Each time you are admitted to a Non-Participating Hospital or Non-Administrator Hospital, you must satisfy a \$275 deductible. This deductible is in addition to your program deductible.

If you have any expenses for Covered Services during the last three months of a benefit period which were or could have been applied to that benefit period's program deductible, these expenses may be applied toward the program deductible of the next benefit period.

FAMILY DEDUCTIBLE

If you have Family Coverage and your family has reached the program deductible amount of \$675 for Covered Services rendered by Participating Provider(s) and a separate \$1,650 program deductible for Covered Services rendered by Non-Participating Provider(s) or Non-Administrator Provider(s), it will not be necessary for anyone else in your family to meet the program deductible in that benefit period. That is, for the remainder of that benefit period only, no other family member(s) is required to meet the program deductible before receiving benefits. A family member may not apply more than the individual program deductible amount toward the family program deductible.

In any case, should two or more members of your family ever receive Covered Services as a result of injuries received in the same accident, only one program deductible will be applied against those Covered Services.

HOSPITAL BENEFIT SECTION

Expenses for Hospital care are usually the biggest of all health care costs. Your Hospital benefits will help ease the financial burden of these expensive services. This section of your benefit booklet tells you what Hospital services are covered and how much will be paid for each of these services.

The benefits of this section are subject to all of the terms and conditions described in this benefit booklet. Please refer to the DEFINITIONS, ELIGIBILITY and EXCLUSIONS sections of this benefit booklet for additional information regarding any limitations and/or special conditions pertaining to your benefits.

In addition, the benefits described in this section will be provided only when you receive services on or after your Coverage Date and they are rendered upon the direction or under the direct care of your Physician. Such services must be Medically Necessary and regularly included in the Provider's charges.

The level of benefits paid for Hospital Covered Services is generally greater when received in an Administrator Hospital or other Administrator facility.

Remember, whenever the term "you" or "your" is used, we also mean all eligible family members who are covered under Family Coverage.

Benefits will not be provided if you cancel or postpone the Surgery.

Remember, whenever the term “you” or “your” is used, we also mean all eligible family members who are covered under Family Coverage.

Certain services are covered pursuant to the Claim Administrator’s medical policies and clinical procedure and coding policies, which are updated throughout the Calendar Year. The medical policies are guides considered by the Claim Administrator when making coverage determinations and lay out the procedure and criteria to determine whether a procedure, treatment, facility, equipment, drug or device is Medically Necessary and is eligible as a Covered Service or is Experimental/Investigational, cosmetic, or a convenience item. The clinical procedure and coding policies provide information about what services are reimbursable under the benefit Plan. The most up-to-date medical and clinical procedure and coding policies are available at www.bcbsil.com, or call customer service at the number listed on the back of your Identification Card.

BENEFITS FOR MEDICARE ELIGIBLE COVERED PERSONS

This section describes the benefits which will be provided for Medicare Eligible Covered Persons who are not affected by MSP laws, unless otherwise specified in this benefit booklet (see provisions entitled “Medicare Eligible Covered Persons” in the ELIGIBILITY SECTION of this benefit booklet).

The benefits and provisions described throughout this benefit booklet apply to you, however, in determining the benefits to be paid for your Covered Services, consideration is given to the benefits available under Medicare.

The process used in determining benefits under the Health Care Plan is as follows:

1. determine what the payment for a Covered Service would be following the payment provisions of this coverage.
2. deduct from the charges eligible under Medicare, the amount paid by Medicare.
3. the lesser of the two amounts determined in accordance with step 1 and step 2 above is the amount that will be paid under the Health Care Plan.

When you have a Claim, you must send the Claim Administrator a copy of your Explanation of Medicare Benefits (“EOMB”) in order for your Claim to be processed.

EXCLUSIONS - WHAT IS NOT COVERED

Expenses for the following are not covered under your benefit program:

— **Hospitalization, services and supplies which are not Medically Necessary.**

No benefits will be provided for services which are not, in the reasonable judgment of the Claim Administrator, Medically Necessary. Medically Necessary means that a specific medical, health care or Hospital service is required, in the reasonable medical judgment of the Claim Administrator, for the treatment or management of a medical symptom or condition and that the service or care provided is the most efficient and economical service which can safely be provided.

Hospitalization is not Medically Necessary when, in the reasonable medical judgment of the Claim Administrator, the medical services provided did not require an acute Hospital Inpatient (overnight) setting, but could have been provided in a Physician's office, the Outpatient department of a Hospital or some other setting without adversely affecting the patient's condition.

Examples of hospitalization and other health care services and supplies that are not Medically Necessary include:

- Hospital admissions for or consisting primarily of observation and/or evaluation that could have been provided safely and adequately in some other setting, e.g., a Physician's office or Hospital Outpatient department.
- Hospital admissions primarily for diagnostic studies (x-ray, laboratory and pathological services and machine diagnostic tests) which could have been provided safely and adequately in some other setting, e.g., Hospital Outpatient department or Physician's office.
- Continued Inpatient Hospital care, when the patient's medical symptoms and condition no longer require their continued stay in a Hospital.
- Hospitalization or admission to a Skilled Nursing Facility, nursing home or other facility for the primary purposes of providing Custodial Care Service, convalescent care, rest cures or domiciliary care to the patient.
- Hospitalization or admission to a Skilled Nursing Facility for the convenience of the patient or Physician or because care in the home is not available or is unsuitable.
- The use of skilled or private duty nurses to assist in daily living activities, routine supportive care or to provide services for the convenience of the patient and/or their family members.

These are just some examples, not an exhaustive list, of hospitalizations or other services and supplies that are not Medically Necessary.

The Claim Administrator will make the decision whether hospitalization or other health care services or supplies were not Medically Necessary and therefore not eligible for payment under the terms of your health care plan. In most instances this decision is made by the Claim Administrator AFTER YOU HAVE BEEN HOSPITALIZED OR HAVE RECEIVED OTHER HEALTH CARE SERVICES OR SUPPLIES AND AFTER A CLAIM FOR PAYMENT HAS BEEN SUBMITTED.

The fact that your Physician may prescribe, order, recommend, approve, or view hospitalization or other health care services and supplies as Medically Necessary does not make the hospitalization, services or supplies Medically Necessary and does not mean that the Claim Administrator will pay the cost of the hospitalization, services, or supplies.

If your Claim for benefits is denied on the basis that the services or supplies were not Medically Necessary, and you disagree with the Claim Administrator's decision, your plan provides for an appeal of that decision.

Additional information about appeals procedures is set forth in the CLAIM FILING AND APPEALS PROCEDURES section of this benefit booklet.

REMEMBER, EVEN IF YOUR PHYSICIAN PRESCRIBES, ORDERS, RECOMMENDS, APPROVES OR VIEWS HOSPITALIZATION OR OTHER HEALTH CARE SERVICES AND SUPPLIES AS MEDICALLY NECESSARY, THE CLAIM ADMINISTRATOR WILL NOT PAY FOR THE HOSPITALIZATION, SERVICES AND SUPPLIES IF IT DECIDES THEY WERE NOT MEDICALLY NECESSARY.

COORDINATION OF BENEFITS SECTION

Coordination of Benefits (COB) applies when you have health care coverage through more than one group program. The purpose of COB is to ensure that you receive all of the coverage to which you are entitled but no more than the actual cost of the care received. In other words, the total payment from all of your coverages together will not add up to be more than the total charges that you have incurred. It is your obligation to notify the Claim Administrator of the existence of such other group coverages.

To coordinate benefits, it is necessary to determine what the payment responsibility is for each benefit program. This is done by following these rules:

1. The coverage under which the patient is the Eligible Person (rather than a dependent) is primary (that is, full benefits are paid under that program). The other coverage is secondary and only pays any remaining eligible charges.
2. When a dependent child receives services, the birthdays of the child's parents are used to determine which coverage is primary. The coverage of the parent whose birthday (month and day) comes before the other parent's birthday in the calendar year will be considered the primary coverage. If both parents have the same birthday, then the coverage that has been in effect the longest is primary. If the other coverage does not have this "birthday" type of COB provision and, as a result, both coverages would be considered either primary or secondary, then the provisions of the other coverage will determine which coverage is primary.

- However, when the parents are separated or divorced and the parent with custody of the child has not remarried, the benefits of a contract which covers the child as a dependent of the parent with custody of the child will be determined before the benefits of a contract which covers the child as a dependent of the parent without custody;
- when the parents are divorced and the parent with custody of the child has remarried, the benefits of a contract which covers the child as a dependent of the parent with custody shall be determined before the benefits of a contract which covers that child as a dependent of the stepparent, and the benefits of a contract which covers that child as a dependent of the stepparent will be determined before the benefits of a contract which covers that child as a dependent of the parent without custody.

Notwithstanding the items above, if there is a court decree which would otherwise establish financial responsibility for the medical, dental, or other health care expenses with respect to the child, the benefits of a contract which covers the child as a dependent of the parent with such financial responsibility shall be determined before the benefits of any other contract which covers the child as a dependent child. It is the obligation of the person claiming benefits to notify the Claim Administrator, and upon its request to provide a copy, of such court decree.

3. If neither of the above rules apply, then the coverage that has been in effect the longest is primary.

The only time these rules will not apply is if the other group benefit program does not include a COB provision. In that case, the other group program is automatically primary.

The Claim Administrator has the right in administering these COB provisions to:

- pay any other organization an amount which it determines to be warranted if payments which should have been made by the Claim Administrator have been made by such other organization under any other group program.
- recover any overpayment which the Claim Administrator may have made to you, any Provider, insurance company, person, or other organization.

CONTINUATION COVERAGE RIGHTS UNDER COBRA

NOTE: Certain McGaw Medical Center of Northwestern University may not be affected by CONTINUATION OF COVERAGE RIGHTS UNDER COBRA. See your McGaw Medical Center of Northwestern University or Group Administrator should you have any questions about COBRA.

INTRODUCTION

You're receiving this notice because you recently gained coverage under a group health plan (the Plan). This notice has important information about your right to COBRA continuation coverage, which is a temporary extension of coverage under the Plan. **This notice explains COBRA continuation coverage, when it may become available to you and your family, and what you need to do to protect your right to get it.** When you become eligible for COBRA, you may also become eligible for other coverage options that may cost less than COBRA continuation coverage.

The right to COBRA continuation coverage was created by a federal law, the Consolidated Omnibus Budget Reconciliation Act of 1985 (COBRA). COBRA continuation coverage can become available to you and other members of your family when group health coverage would otherwise end. For more information about your rights and obligations under the Plan and under federal law, you should review the Plan's Summary Plan Description or contact the Plan Administrator.

You may have other options available to you when you lose group health coverage. For example, you may be eligible to buy an individual plan through the Health Insurance Marketplace. By enrolling in coverage through the Marketplace, you may qualify for lower costs on your monthly premiums and lower out-of-pocket costs. Additionally, you may qualify for a 30-day special enrollment period for another group health plan for which you are eligible (such as a spouse's plan), even if that plan generally doesn't accept late enrollees.

WHAT IS COBRA CONTINUATION COVERAGE?

COBRA continuation coverage is a continuation of Plan coverage when it would otherwise end because of a life event. This is also called a "qualifying event." Specific qualifying events are listed later in this notice. After a qualifying event, COBRA continuation coverage must be offered to each person who is a "qualified beneficiary." You, your spouse, and your dependent children could become qualified beneficiaries if coverage under the Plan is lost because of the qualifying event. Under the Plan, qualified beneficiaries who elect COBRA continuation coverage must pay for COBRA continuation coverage.

If you're an employee, you'll become a qualified beneficiary if you lose your coverage under the Plan because of the following qualifying events:

- Your hours of employment are reduced, or
- Your employment ends for any reason other than your gross misconduct.

If you're the spouse of an employee, you'll become a qualified beneficiary if you lose your coverage under the Plan because of the following qualifying events:

- Your spouse dies;
- Your spouse's hours of employment are reduced;
- Your spouse's employment ends for any reason other than his or her gross misconduct;
- Your spouse becomes entitled to Medicare benefits (under Part A, Part B, or both); or
- You become divorced or legally separated from your spouse.

Your dependent children will become qualified beneficiaries if they lose coverage under the Plan because of the following qualifying events:

- The parent-employee dies;
- The parent-employee's hours of employment are reduced;
- The parent-employee's employment ends for any reason other than his or her gross misconduct;
- The parent-employee becomes entitled to Medicare benefits (Part A, Part B, or both);
- The parents become divorced or legally separated; or
- The child stops being eligible for coverage under the Plan as a "dependent child."

If the Plan provides health care coverage to retired employees, the following applies:

Sometimes, filing a proceeding in bankruptcy under title 11 of the United States Code can be a qualifying event. If a proceeding in bankruptcy is filed with respect to your employer, and that bankruptcy results in the loss of coverage of any retired employee covered under the Plan, the retired employee will become a qualified beneficiary. The retired employee's spouse, surviving spouse, and dependent children will also become qualified beneficiaries if bankruptcy results in the loss of their coverage under the Plan.

WHEN IS COBRA CONTINUATION COVERAGE AVAILABLE?

The Plan will offer COBRA continuation coverage to qualified beneficiaries only after the Plan Administrator has been notified that a qualifying event has occurred. The employer must notify the Plan Administrator of the following qualifying events:

- The end of employment or reduction of hours of employment;
- Death of the employee;
- *In the event of retired employee health coverage:*

- Commencement of a proceeding in bankruptcy with respect to the employer; or
- The employee's becoming entitled to Medicare benefits (under Part A, Part B, or both).

YOU MUST GIVE NOTICE OF SOME QUALIFYING EVENTS

For all other qualifying events (divorce or legal separation of the employee and spouse or a dependent child's losing eligibility for coverage as a dependent child), you must notify the Plan Administrator within 60 days after the qualifying event occurs. Contact your employer and/or COBRA Administrator for procedures for this notice, including a description of any required information or documentation.

HOW IS COBRA CONTINUATION COVERAGE PROVIDED?

Once the Plan Administrator receives notice that a qualifying event has occurred, COBRA continuation coverage will be offered to each of the qualified beneficiaries. Each qualified beneficiary will have an independent right to elect COBRA continuation coverage. Covered employees may elect COBRA continuation coverage on behalf of their spouses, and parents may elect COBRA continuation coverage on behalf of their children.

COBRA continuation coverage is a temporary continuation of coverage that generally lasts for 18 months due to employment termination or reduction of hours of work. Certain qualifying events, or a second qualifying event during the initial period of coverage, may permit a beneficiary to receive a maximum of 36 months of coverage. There are also ways in which this 18-month period of COBRA continuation coverage can be extended:

DISABILITY EXTENSION OF 18-MONTH PERIOD OF COBRA CONTINUATION COVERAGE

If you or anyone in your family covered under the Plan is determined by Social Security to be disabled and you notify the Plan Administrator in a timely fashion, you and your entire family may be entitled to get up to an additional 11 months of COBRA continuation coverage, for a maximum of 29 months. The disability would have to have started at some time before the 60th day of COBRA continuation coverage and must last at least until the end of the 18-month period of COBRA continuation coverage.

Contact your employer and/or the COBRA Administrator for procedures for this notice, including a description of any required information or documentation.

SECOND QUALIFYING EVENT EXTENSION OF 18-MONTH PERIOD OF CONTINUATION COVERAGE

If your family experiences another qualifying event during the 18 months of COBRA continuation coverage, the spouse and dependent children in your family can get up to 18 additional months of COBRA continuation coverage, for a maximum of 36 months, if the Plan is properly notified about the second

qualifying event. This extension may be available to the spouse and any dependent children getting COBRA continuation coverage if the employee or former employee dies; becomes entitled to Medicare benefits (under Part A, Part B, or both); gets divorced or legally separated; or if the dependent child stops being eligible under the Plan as a dependent child. This extension is only available if the second qualifying event would have caused the spouse or dependent child to lose coverage under the Plan had the first qualifying event not occurred.

ARE THERE OTHER COVERAGE OPTIONS BESIDES COBRA CONTINUATION COVERAGE?

Yes. Instead of enrolling in COBRA continuation coverage, there may be other coverage options for you and your family through the Health Insurance Marketplace, Medicare, Medicaid, Children’s Health Insurance Program (CHIP), or other group health plan coverage options (such as a spouse’s plan) through what is called a “special enrollment period.” Some of these options may cost less than COBRA continuation coverage. You can learn more about many of these options at www.healthcare.gov.

CAN I ENROLL IN MEDICARE INSTEAD OF COBRA CONTINUATION COVERAGE AFTER MY GROUP HEALTH PLAN COVERAGE ENDS?

In general, if you don’t enroll in Medicare Part A or B when you are first eligible because you are still employed, after the Medicare initial enrollment period, you have an 8-month special enrollment period¹ to sign up for Medicare Part A or B, beginning on the earlier of:

- The month after your employment ends; or
- The month after group health plan coverage based on current employment ends.

If you don’t enroll in Medicare and elect COBRA continuation coverage instead, you may have to pay a Part B late enrollment penalty and you may have a gap in coverage if you decide you want Part B later. If you elect COBRA continuation coverage and later enroll in Medicare Part A or B before the COBRA continuation coverage ends, the Plan may terminate your continuation coverage. However, if Medicare Part A or B is effective on or before the date of the COBRA election, COBRA coverage may not be discontinued on account of Medicare entitlement, even if you enroll in the other part of Medicare after the date of the election of COBRA coverage.

If you are enrolled in both COBRA continuation coverage and Medicare, Medicare will generally pay first (primary payer) and COBRA continuation coverage will pay second. Certain plans may pay as if secondary to Medicare, even if you are not enrolled in Medicare.

HOW TO FILE A CLAIM AND APPEALS PROCEDURES

To obtain your benefits under this benefit program, it is necessary for a Claim to be filed with the Claim Administrator. To file a Claim, usually all you will have to do is show your Identification Card to your Hospital or Physician (or other Provider). They will file your Claim for you. Remember however, it is your responsibility to ensure that the necessary Claim information has been provided to the Claim Administrator.

Once the Claim Administrator receives your Claim, it will be processed, and the benefit payment will usually be sent directly to the Hospital or Physician. You will receive a statement telling you how your benefits were calculated. In some cases, the Claim Administrator will send the payment directly to you or if applicable, in the case of a Qualified Medical Child Support Order, to the designated representative as it appears on the Claim Administrator's records.

In certain situations, you will have to file your own Claims. This is primarily true when you are receiving services or supplies from Providers other than a Hospital or Physician. An example would be when you have had ambulance expenses. To file your own Claim, follow these instructions:

1. Complete a Claim Form. These are available from your Employee Benefits Department or from the Claim Administrator's office.
2. Attach copies of all bills to be considered for benefits. These bills must include the Provider's name and address, the patient's name, the diagnosis, the date of service and a description of the service and the Claim Charge.
3. Mail the completed Claim Form with attachments to:

Blue Cross and Blue Shield of Illinois
P. O. Box 660603
Dallas, Texas 75266-0603

In any case, Claims should be filed with the Claim Administrator on or before December 31st of the calendar year following the year in which your Covered Service was rendered. (A Covered Service furnished in the last month of a particular calendar year shall be considered to have been furnished the succeeding calendar year.) **Claims not filed within the required time period will not be eligible for payment.**

Should you have any questions about filing Claims, ask your Employee Benefits Department or call the Claim Administrator's office.

INTERNAL CLAIM DETERMINATIONS AND APPEALS PROCESS INITIAL CLAIM DETERMINATIONS

When the Claim Administrator receives a properly submitted claim, the Claim Administrator will determine benefits in accordance with the Health Benefit Plan provisions. The Claim Administrator will receive and review claims for benefits and will process claims consistent with administrative practices and procedures established by your Plan. You, your valid assignee, your authorized

representative, or Provider will be notified of the Claim Administrator's benefit decision. (For information regarding assigning benefits, see "Payment of Claims and Assignment of Benefits" provisions in the GENERAL PROVISIONS section of this benefit booklet.)

If a Claim Is Denied or Not Paid in Full

If the claim for benefits is denied, you or your authorized representative shall be notified in writing of the following:

- a. The reasons for determination;
- b. A reference to the benefit plan provisions on which the determination is based, or the contractual, administrative, medical policy or protocol for the determination;
- c. A description of additional information which may be necessary to perfect the Claim and an explanation of why such material is necessary;

Subject to privacy laws and other restrictions, if any, the identification of the Claim, date of service, health care provider, Claim amount (if applicable), diagnosis, treatment and determination codes with their meanings and the standards used. Upon request, diagnosis/treatment codes with their meanings and the standards used are also available;
- e. An explanation of the Claim Administrator's internal review/appeals and external review processes (and how to initiate a review/appeal or external review);
- f. In certain situations, a statement in non-English language(s) that future notices of Claim determinations and certain other benefit information may be available in such non-English language(s);
- g. In certain situations, a statement in non-English language(s) that indicates how to access the language services provided by the Claim Administrator;
- h. The right to request, free of charge, reasonable access to and copies of all documents, records, and other information relevant to the claim for benefits;
- i. Any internal rule, guideline, protocol, or other similar criterion relied on in the determination, and a statement that a copy of such rule, guideline, protocol, or other similar criterion will be provided free of charge on request;
- j. An explanation of the scientific or clinical judgment relied on in the determination as applied to claimant's medical circumstances, if the determination was based on medical necessity, experimental treatment or similar exclusion, or a statement that such explanation will be provided free of charge upon request;

- k. In the case of a determination of an Urgent Care Clinical Claim, a description of the expedited review procedure applicable to such Claims. An Urgent Care Clinical Claim decision may be provided orally, so long as written notice is furnished to the claimant within three days of oral notification.

Separate schedules apply to the timing of required notices and extensions, depending on the type of Claim. There are three types of Claims as defined below.

- a. Urgent Care Clinical Claim** is any pre-service claim for benefits for medical care or treatment with respect to which the application of regular time periods for making health Claim decisions could seriously jeopardize the life or health of the claimant or the ability of the claimant to regain maximum function or, in the opinion of a Physician with knowledge of the claimant's medical condition, would subject the claimant to severe pain that cannot be adequately managed without the care or treatment.
- b. Pre-Service Claim** is any non-urgent request for benefits or a determination with respect to which the terms of the benefit plan condition receipt of the benefit on approval of the benefit in advance of obtaining medical care.
- c. Post-Service Claim** is notification in a form acceptable to the Claim Administrator that a service has been rendered or furnished to you. This notification must include full details of the service received, including your name, age, sex, identification number, the name and address of the Provider, an itemized statement of the service rendered or furnished, the date of service, the diagnosis, the Claim charge, and any other information which

the Claim Administrator may request in connection with services rendered to you.

Concurrent Care

For benefit determinations relating to care that is being received at the same time as the determination, such notice will be provided no later than 24 hours after receipt of your Claim for benefits.

CLAIM APPEAL PROCEDURES - DEFINITIONS

An “**Adverse Benefit Determination**” means a determination, reduction, or termination of, or a failure to provide or make payment (in whole or in part) for, a benefit, in response to a Claim, Pre-Service Claim or Urgent Care Clinical Claim, including any such determination, reduction, termination, or failure to provide or make payment for, a benefit resulting from the application of utilization review, as well as a failure to cover an item or service for which benefits are otherwise provided because it is determined to be experimental or investigational or not Medically Necessary or appropriate. If an ongoing course of treatment had been approved by the Claim Administrator and the Claim Administrator reduces or terminates such treatment (other than by amendment or termination of the Group’s benefit plan) before the end of the approved treatment period, that is also an Adverse Benefit Determination. A Rescission of coverage is also an Adverse Benefit Determination. A Rescission does not include a termination of coverage for reasons related to non-payment of premium.

Urgent Care/Expedited Clinical Appeals

If your situation meets the definition of an expedited clinical appeal, you may be entitled to an appeal on an expedited basis. An **expedited clinical appeal** is an appeal of a clinically urgent nature related to health care services, including but not limited to, procedures or treatments ordered by a health care provider, as well as continued hospitalization. Before authorization of benefits for an ongoing course of treatment is terminated or reduced, the Claim Administrator will provide you with notice at least 24 hours before the previous benefits authorization ends and an opportunity to appeal. For the ongoing course of treatment, coverage will continue during the appeal process.

Upon receipt of an expedited pre-service or concurrent clinical appeal, the Claim Administrator will notify the party filing the appeal, as soon as possible, but in no event more than 24 hours after submission of the appeal, of all the information needed to review the appeal. The Claim Administrator will render a decision on the appeal within 24 hours after it receives the requested information, but not more than 72 hours from the appeal request.

Standard or Non-Urgent Appeals

The Claim Administrator will send you a written decision for appeals that need medical review within 30 calendar days after we receive your appeal request, or if you are appealing before getting a service. All other appeals will be answered within 60 calendar days.

How to Appeal an Adverse Benefit Determination

You have the right to seek and obtain a review of any determination of a claim, any determination of a request for Prior Authorization, or any other determination made by the Claim Administrator in accordance with the benefits and procedures detailed in your Health Benefit Plan.

An appeal of an Adverse Benefit Determination may be filed by you or a person authorized to act on your behalf. In some circumstances, a health care provider may appeal on their own behalf. Under your health benefit plan, there is one

level of internal appeal available to you. Your designation of a representative must be in writing as it is necessary to protect against disclosure of information about you except to your authorized representative. To obtain an Authorized Representative Form, you or your representative may call the Claim Administrator at the number on the back of your Identification Card. In urgent care situations, a doctor may act as your authorized representative without completing the form.

If you believe the Claim Administrator incorrectly denied all or part of your benefits, you may have your Claim reviewed. The Claim Administrator will review its decision in accordance with the following procedure:

- Within 180 days after you receive notice of an Adverse Benefit Determination, you may call or write to the Claim Administrator to request a

Claim review. The Claim Administrator will need to know the reasons why you do not agree with the Adverse Benefit Determination.

- In support of your Claim review, you have the option of presenting evidence and testimony to the Claim Administrator. You and your authorized representative may ask to review your file and any relevant documents and may submit written issues, comments, and additional medical information within 180 days after you receive notice of an Adverse Benefit Determination or at any time during the claim review process.
- The Illinois Department of Insurance (IDOI) offers consumer assistance. If your standard or expedited (urgent) external review request does not qualify for review by your plan or its representatives, you may file an appeal with the IDOI at the Springfield address below. Also, if you have questions about your rights, wish to file a complaint or wish to take up your matter with the IDOI, you may use either address below:

Your Right to Appeal

You may appeal if you think you have been denied benefits in error. For all levels of appeals and reviews described below, you may give a written explanation of why you think we should change our decision and you may give any documents you want to add to make your point. For appeals, you may also make a verbal statement about your case.

Send a written appeal request to:

The Claim Administrator
Claim Review Section
P.O. Box 2401
Chicago, Illinois 60690

To file an appeal or if you have questions, please call 800-538-8833 (TTY/TDD:711, send a fax to 888-235-2936, or send a secure email using our Message Center by logging into Blue Access for Members (BAM) at bcbsil.com

During your internal appeal(s), the Claim Administrator will provide you or your authorized representative (free of charge) with any new or additional evidence considered, relied upon, or generated by the Claim Administrator in connection with the appealed Claim, as well as any new or additional rationale for a determination at the internal appeals stage. Such new or additional evidence or rationale will be provided to you or your authorized representative as soon as possible and sufficiently in advance of the date a final decision on appeal is made to give you a reasonable opportunity to respond. The Claim Administrator may extend the time period described in this benefit booklet for its final decision on appeal to provide you with a reasonable opportunity to respond to such new or additional evidence or rationale. If the initial benefit determination regarding the Claim is based in whole or in part on a medical judgement, the appeal will be conducted by individuals associated with the Claim Administrator and/or by external advisors, but who were not involved in making the initial determination of your Claim. No deference will be given to the initial Adverse Benefit Determination. Before you or your authorized representative may bring any action to recover benefits the claimant must exhaust the appeal process and must raise all issues with respect to a Claim and must file an appeal or appeals and the appeals must be finally decided by the Claim Administrator.

Timing of Non-Urgent Appeal Determinations

Upon receipt of a non-urgent concurrent pre-service or post-service appeal, the Claim Administrator will notify the party filing the appeal within five business days of all the information needed to review the appeal.

The Claim Administrator will render a decision of a non-urgent concurrent or pre-service appeal as soon as practical, but in no event more than 30 calendar days after receipt of all required information. We will send you a written decision for appeals that are related to health care services and not related to administrative matters or Complaints within 30 calendar days after receipt of any needed information, but no later than 30 calendar days of receipt of the request. All other appeals will be answered within 30 calendar days if you are appealing before getting a service or within 60 calendar days if you have already received the service.

If the appeal is related to administrative matters or Complaints, the Claim Administrator will render a decision of a pre-service or post-service appeal as soon as practical, but in no event more than 60 business days after receipt of all required information.

Notice of Appeal Determination

The Claim Administrator will notify the party filing the appeal, you, and, if a clinical appeal, any health care provider who recommended the services involved in the appeal.

The written notice will include:

1. The reasons for the determination;
2. A reference to the benefit plan provisions on which the determination is based, or the contractual, administrative or protocol for the determination;
3. Subject to privacy laws and other restrictions, if any, the identification of the Claim, date of service, health care provider, Claim amount (if applicable), and a statement describing determination codes with their meanings and the standards used. Upon request, diagnosis/treatment codes with their meanings and the standards used are also available;
4. An explanation of the Claim Administrator's internal review/appeals and external review processes (and how to initiate a review/appeal or an external review) and a statement of your right, if any, to bring a civil action under Section 502(a) of ERISA following a final determination on internal and external appeal;
5. An explanation that you and your Provider may file appeals separately and at the same time, and that deadlines for filing appeals or external review requests are not delayed by appeals made by your Provider UNLESS you have chosen your Provider to act for you as your authorized representative;
6. In certain situations, a statement in non-English language(s) that future notices of Claim determinations and certain other benefit information may be available in such non-English language(s);
7. In certain situations, a statement in non-English language(s) that indicates how to access the language services provided by the Claim Administrator;
8. The right to request, free of charge, reasonable access to and copies of all documents, records, and other information relevant to the claim for benefits;
9. Any internal rule, guideline, protocol, or other similar criterion relied on in the determination, or a statement that a copy of such rule, guideline, protocol, or other similar criterion will be provided free of charge on request;
10. An explanation of the scientific or clinical judgment relied on in the determination, or a statement that such explanation will be provided free of charge upon request;
11. A description of the standard that was used in denying the claim and a discussion of the decision;
12. When the notice is given upon the exhaustion of an appeal submitted by a health care Provider on their own behalf, the timeframes from the date of the adverse determination for the member to file an appeal or file an external review;
13. When the notice of final adverse determination is given upon the exhaustion of internal appeals by the member, a statement that all internal appeals have been exhausted and the member has 4 months from the date of the letter to file an external review;

14. A statement indicating whether the adverse determination relates to a MEMBER appeal (filed by the member or authorized representative who may be the health care Provider) or a PROVIDER appeal (pursuant to the Provider contract) and shall explain timeframes from the date of the adverse determination for the member to appeal and to file an external review regardless of the status of a Provider appeal.

If the Claim Administrator's or your Employer's decision is to continue to deny or partially deny your Claim or you do not receive timely decision, you may be able to request an external review of your claim by an independent third party, who will review the determination and issue a final decision. Your external review rights are described in the **STANDARD EXTERNAL REVIEW** section below.

You may file a Complaint with the Illinois Department of Insurance. The Illinois Department of Insurance will notify the Claim Administrator of the Complaint. The Claim Administrator will have 21 days to respond to the Illinois Department of Insurance.

You must exercise the right to internal appeal as a precondition to taking any action against the Claim Administrator, either at law or in equity. If you have an adverse appeal determination, you may file civil action in a state or federal court.

STANDARD EXTERNAL REVIEW

You or your authorized representative (as described above) may make a request for a standard external review or expedited external review of an Adverse Benefit Determination or Final Internal Adverse Benefit Determination by an independent review organization (IRO). The external review is at no charge to the member.

An "**Adverse Benefit Determination**" means a determination, reduction, or termination of, or a failure to provide or make payment (in whole or in part) for, a benefit, including any such determination, reduction, termination, or failure to provide or make payment for, a benefit resulting from the application of any utilization review, as well as a failure to cover an item or service for which benefits are otherwise provided because it is determined to be experimental or investigational or not Medically Necessary or appropriate. If an ongoing course of treatment had been approved by the Claim Administrator or your Employer and the Claim Administrator or your Employer reduces or terminates such treatment (other than by amendment or termination of the Employer's benefit plan) before the end of the approved treatment period, that is also an Adverse Benefit Determination. A Rescission of coverage is also an Adverse Benefit

Determination. A Rescission does not include a termination of coverage for reasons related to non-payment of premium.

A “**Final Internal Adverse Benefit Determination**” means an Adverse Benefit Determination that has been upheld by the Claim Administrator at the completion of the Claim Administrator’s internal review/appeal process.

1. **Request for external review.** Within 4 months after the date of receipt of a notice of an Adverse Benefit Determination or Final Internal Adverse Benefit Determination from the Claim Administrator, you or your authorized representative must file your request for standard external review. If there is no corresponding date 4 months after the date of receipt of such a notice, then the request must be filed by the first day of the fifth month following the receipt of the notice. For example, if the date of receipt of the notice is October 30, because there is no February 30, the request must be filed by March 1. If the last filing date would fall on a Saturday, Sunday, or Federal holiday, the last filing date is extended to the next day that is not a Saturday, Sunday, or Federal holiday.
2. **Preliminary review.** Within 5 business days following the date of receipt of the external review request, the Claim Administrator must complete a preliminary review of the request to determine whether:
 - a. You are, or were, covered under the plan at the time the health care item or service was requested or, in the case of a retrospective review, was covered under the plan at the time the health care item or service was provided;
 - b. The Adverse Benefit Determination or the Final Adverse Benefit Determination does not relate to your failure to meet the requirements for eligibility under the terms of the plan (e.g., worker classification or similar determination);
 - c. You have exhausted the Claim Administrator’s internal appeal process unless you are not required to exhaust the internal appeals process under the interim final regulations. Please read the **EXHAUSTION** section below for additional information and exhaustion of the internal appeal process; and
 - d. You or your authorized representative have provided all the information and forms required to process an external review.

You will be notified within 1 business day after we complete the preliminary review if your request is eligible or if further information or documents are needed. You will have the remainder of the 4-month appeal period (or 48 hours following receipt of the notice), whichever is later, to perfect the appeal request. If your claim is not eligible for external review, we will outline the reasons it is ineligible in the notice and provide contact information for the Department of Labor’s Employee Benefits Security Administration (toll-free number 866-444-EBSA (3272).

3. Referral to Independent Review Organization. When an eligible request for external review is completed within the time period allowed, Claim Administrator will assign the matter to an independent review organization (IRO). The IRO assigned will be accredited by URAC or by similar nationally recognized accrediting organization. Moreover, the Claim Administrator will act against bias and to ensure independence. Accordingly, the Claim Administrator must contract within at least (3) IROs for assignments under the plan and rotate claims assignments among them (or incorporate other independent, unbiased methods for selection of IROs, such as random selection). In addition, the IRO may not be eligible for any financial incentives based on the likelihood that the IRO will support the determination of benefits.

The IRO must provide the following:

- a. Utilization of legal experts where appropriate to make coverage determinations under the plan.
- b. Timely notification to you or your authorized representative, in writing, of the request's eligibility and acceptance for external review. This notice will include a statement that you may submit in writing to the assigned IRO within ten business days following the date of receipt of the notice additional information that the IRO must consider when conducting the external review. The IRO is not required to, but may, accept and consider additional information submitted after 10 business days.
- c. Within 5 business days after the date of assignment of the IRO, the Claim Administrator must provide to the assigned IRO the documents and any information considered in making the Adverse Benefit Determination or Final Internal Adverse Benefit Determination. Failure by the Claim Administrator to timely provide the documents and information must not delay the conduct of the external review. If the Claim Administrator fails to timely provide the documents and information, the assigned IRO may terminate the external review and make a decision to reverse the Adverse Benefit Determination or Final Internal Adverse Benefit Determination. Within 1 business day after making the decision, the IRO must notify the Claim Administrator and you or your authorized representative.
- d. Upon receipt of any information submitted by you or your authorized representative, the assigned IRO must within 1 business day forward the information to the Claim Administrator. Upon receipt of any such information, the Claim Administrator may reconsider its Adverse Benefit Determination or Final Internal Adverse Benefit Determination that is the subject of the external review. Reconsideration by the Claim Administrator must not delay the external review. The external review may be terminated as a result of the reconsideration only if the Claim Administrator decides, upon completion of its reconsideration, to reverse its Adverse Benefit

Determination or Final Internal Adverse Benefit Determination and provide coverage or payment. Within 1 business day after making such a decision, the Claim Administrator must provide written notice of its decision to you and the assigned IRO. The assigned IRO must terminate the external review upon receipt of the notice from the Claim Administrator.

- e. Review all of the information and documents timely received. In reaching a decision, the assigned IRO will review the claim de novo and not be bound by any decisions or conclusions reached during the Claim Administrator's internal claims and appeals process applicable under paragraph (b) of the interim final regulations under section 2719 of the Public Health Service (PHS) Act. In addition to the documents and information provided, the assigned IRO, to the extent the information or documents are available, and the IRO considers them appropriate, will consider the following in reaching a decision:
 - (i) Your medical records;
 - (ii) The attending health care professional's recommendation;
 - (iii) Reports from appropriate health care professionals and other documents submitted by the Claim Administrator, you, or your treating provider;
 - (iv) The terms of your plan to ensure that the IRO's decision is not contrary to the terms of the plan, unless the terms are inconsistent with applicable law;
 - (v) Appropriate practice guidelines, which must include applicable evidence-based standards and may include any other practice guidelines developed by the Federal government, national or professional medical societies, boards, and associations;
 - (vi) Any applicable clinical review criteria developed and used by the Claim Administrator, unless the criteria are inconsistent with the terms of the plan or with applicable law; and
 - (vii) The opinion of the IRO's clinical reviewer or reviewers after considering information described in this notice to the extent the information or documents are available, and the clinical reviewer or reviewers consider appropriate.
- f. Written notice of the final external review decision must be provided within 45 days after the IRO receives the request for the external review. The IRO must deliver the notice of final external review decision to the Claim Administrator and you or your authorized representative.
- g. The notice of final external review decision will contain:
 - (i) A general description of the reason for the request for external review, including information sufficient to identify the claim (including the date or dates of service, the health care provider,

the claim amount (if applicable), the diagnosis code and its corresponding meaning, the treatment code and its corresponding meaning, and the reason for the previous determination);

- (ii) The date the IRO received the assignment to conduct the external review and the date of the IRO decision;
 - (iii) References to the evidence or documentation, including the specific coverage provisions and evidence-based standards, considered in reaching its decision;
 - (iv) A discussion of the principal reason or reasons for its decision, including the rationale for its decision and any evidence-based standards that were relied on in making its decision;
 - (v) A statement that the determination is binding except to the extent that other remedies may be available under State or Federal law to either the Claim Administrator and you or your authorized representative;
 - (vi) A statement that judicial review may be available to you or your authorized representative; and
 - (vii) Current contact information, including phone number, for any applicable office of health insurance consumer assistance or ombudsman established under PHS Act section 2793.
- h. After a final external review decision, the IRO must maintain records of all claims and notices associated with the external review process for six years. An IRO must make such records available for examination by the Claim Administrator, State or Federal oversight agency upon request, except where such disclosure would violate State or Federal privacy laws, and you or your authorized representative.

4. Reversal of plan's decision. Upon receipt of a notice of a final external review decision reversing the Adverse Benefit Determination or Final Internal Adverse Benefit Determination, the Claim Administrator immediately must provide coverage or payment (including immediately authorizing or immediately paying benefits) for the claim.

EXPEDITED EXTERNAL REVIEW

1. Request for expedited external review. Claim Administrator must allow you or your authorized representative to make a request for an expedited external review with the Claim Administrator at the time you receive:

- a. An Adverse Benefit Determination if the Adverse Benefit Determination involves a medical condition of the claimant for which the timeframe for completion of an expedited internal appeal under the interim final regulations would seriously jeopardize your life or health or would jeopardize your ability to regain maximum function and you have filed a request for an expedited internal appeal; or

- b. A Final Internal Adverse Benefit Determination, if the claimant has a medical condition where the timeframe for completion of a standard external review would seriously jeopardize your life or health or would jeopardize your ability to regain maximum function, or if the Final Internal Adverse Benefit Determination concerns an admission, availability of care, continued stay, or health care item or service for which you received emergency services, but have not been discharged from a facility.
2. **Preliminary review.** Immediately upon receipt of the request for expedited external review, the Claim Administrator must determine whether the request meets the reviewability requirements set forth in the STANDARD EXTERNAL REVIEW section above. The Claim Administrator must immediately send you a notice of its eligibility determination that meets the requirements set forth in STANDARD EXTERNAL REVIEW section above.
3. **Referral to independent review organization.** Upon a determination that a request is eligible for external review following the preliminary review, the Claim Administrator will assign an IRO pursuant to the requirements set forth in the STANDARD EXTERNAL REVIEW section above. The Claim Administrator must provide or transmit all necessary documents and information considered in making the Adverse Benefit Determination or Final Internal Adverse Benefit Determination to the assigned IRO electronically or by telephone or facsimile or any other available expeditious method.

The assigned IRO, to the extent the information or documents are available, and the IRO considers them appropriate, must consider the information or documents described above under the procedures for standard review. In reaching a decision, the assigned IRO must review the claim de novo and is not bound by any decisions or conclusions reached during the Claim Administrator's internal claims and appeals process.

4. **Notice of final external review decision.** The Claim Administrator's contract with the assigned IRO must require the IRO to provide notice of the final external review decision, in accordance with the requirements set forth in the STANDARD EXTERNAL REVIEW section above, as expeditiously as your medical condition or circumstances require, but in no event more than 72 hours after the IRO receives the request for an expedited external review. If the notice is not in writing, within 48 hours after the date of providing that notice, the assigned IRO must provide written confirmation of the decision to the Claim Administrator and you or your authorized representative.

EXHAUSTION

For standard internal review, you have the right to request external review once the internal review process has been completed and you have received the Final Internal Adverse Benefit Determination. For expedited internal review, you may

request external review simultaneously with the request for expedited internal review. The IRO will determine whether your request is appropriate for expedited external review or if the expedited internal review process must be completed before external review may be requested.

You will be deemed to have exhausted the internal review process and may request external review if the Claim Administrator waives the internal review process or the Claim Administrator has failed to comply with the internal claims and appeals process. In the event you have been deemed to exhaust the internal review process due to the failure by the Claim Administrator to comply with the internal claims and appeals process, you also have the right to pursue any available remedies under 502(a) of ERISA or under State law.

External review may not be requested for an Adverse Benefit Determination involving a claim for benefits for a health care service that you have already received until the internal review process has been exhausted.

GENERAL PROVISIONS

1. CLAIM ADMINISTRATOR'S SEPARATE FINANCIAL ARRANGEMENTS WITH PROVIDERS AND OTHER ENTITIES

The Claim Administrator hereby informs you that it has contracts with certain Providers ("Administrator Providers") in its service area to provide and pay for health care services to all persons entitled to health care benefits under health policies and contracts to which the Claim Administrator is a party, including all persons covered under the Health Care Plan. Under certain circumstances described in its contracts with Administrator Providers, the Claim Administrator may:

- receive substantial payments from Administrator Providers with respect to services rendered to you for which the Claim Administrator was obligated to pay the Administrator Provider, or
- pay Administrator Providers substantially less than their Claim Charges for services, by discount or otherwise, or
- receive from Administrator Providers other substantial allowances under the Claim Administrator's contracts with them.

In the case of Hospitals and other facilities, the calculation of any out-of-pocket maximums or any maximum amounts of benefits payable by the Claim Administrator as described in this benefit booklet and the calculation of all required deductible and Coinsurance amounts payable by you as described in this benefit booklet shall be based on the Eligible Charge or Provider's Claim Charge for Covered Services rendered to you, reduced by the Average Discount Percentage ("ADP") applicable to your Claim or Claims. Your Employer has been advised that the Claim Administrator may receive such payments, discounts and/or other allowances during the term of the agreement between your Employer and the Claim Administrator. Neither the Employer nor you are entitled to receive any portion of any such payments, discounts and/or other allowances in excess of the ADP.

To help you understand how the Claim Administrator's separate financial arrangements with Provider's work, please consider the following example:

- a. Assume you go into the Hospital for one night and the normal, full amount the Hospital bills for Covered Services is \$1,000. How is the \$1,000 bill paid?
- b. You personally will have to pay the deductible and Coinsurance amounts set out in your benefit booklet.
- c. However, for purposes of calculating your deductible and Coinsurance amounts, and whether you have reached any out-of-pocket or benefit maximums, the Hospital's Eligible Charge would be reduced by the ADP applicable to your Claim. In our example, if the applicable ADP were 30%, the \$1,000 Hospital bill would be reduced by 30% to \$700 for

purposes of calculating your deductible and Coinsurance amounts, and whether you have reached any out-of-pocket or benefit maximums.

- d. Assuming you have already satisfied your deductible, you will still have to pay the Coinsurance portion of the \$1,000 Hospital bill after it has been reduced by the ADP. In our example, if your Coinsurance obligation is 20%, you personally will have to pay 20% of \$700, or \$140. You should note that your 20% Coinsurance is based on the full \$1,000 Hospital bill, after it is reduced by the applicable ADP.
- e. After considering the deductible and Coinsurance amounts, the Claim Administrator will satisfy its portion of the Hospital bill. In most cases, the Claim Administrator has a contract with Hospitals that allows it to pay less, and requires the Hospital to accept less, than the amount of money the Claim Administrator would be required to pay if it did not have a contract with the Hospital.

So, in the example we are using, since the full Hospital bill is \$1,000, your deductible has already been satisfied, and your Coinsurance is \$140, then the Claim Administrator has to satisfy the rest of the Hospital bill, or \$860. Assuming the Claim Administrator has a contract with the Hospital, the Claim Administrator will usually be able to satisfy the \$860 bill that remains after your Coinsurance and deductible, by paying less than \$860 to the Hospital, often substantially less than \$860. The Claim Administrator receives, and keeps for its own account, the difference between the \$860 bill and whatever the Claim Administrator ultimately pays under its contracts with Administrator Providers, and neither you nor your Employer are entitled to any part of these savings.

The Claim Administrator or its subsidiaries or affiliates may also have ownership interests in or financial arrangements with certain Providers who provide Covered Services to covered persons and/or vendors or other third parties who provide services related to the Policy or provide services to certain Providers.

2. INTER-PLAN ARRANGEMENTS

I. Out-of-Area Services

Overview

The Claim Administrator has a variety of relationships with other Blue Cross and/or Blue Shield Licensees. Generally, these relationships are called “Inter-Plan Arrangements.” These Inter-Plan Arrangements work based on rules and procedures issued by the Blue Cross Blue Shield Association (“Association”). Whenever you access healthcare services outside the geographic area the Claim Administrator serves, the Claim for those services may be processed through one of these Inter-Plan Arrangements. The Inter-Plan Arrangements are described below.

When you receive care outside of the Claim Administrator’s service area, you will receive it from one of two kinds of Providers. Most Providers (“participating Providers”) contract with the local Blue Cross and/or Blue Shield Licensee in that geographic area (“Host Blue”). Some Providers (“nonparticipating Providers”) do not contract with the Host Blue. The Claim Administrator explains below how the Claim Administrator pays both kinds of Providers.

Inter-Plan Arrangements Eligibility – Claim Types

All claim types are eligible to be processed through Inter-Plan Arrangements, as described above, except for all dental care benefits except when paid as medical claims/benefits, and those prescription drug benefits or vision care benefits that may be administered by a third party contracted by the Claim Administrator to provide the specific service or services.

A. BlueCard® Program

Under the BlueCard® Program, when you receive Covered Services within the geographic area served by a Host Blue, Claim Administrator will remain responsible for doing what we agreed to in the contract. However, the Host Blue is responsible for contracting with and generally handling all interactions with its participating Providers.

For Inpatient facility services received in a Hospital, the Host Blue's participating Provider is required to obtain Prior Authorization. If Prior Authorization is not obtained, the participating Provider will be sanctioned based on the Host Blue's contractual agreement with the Provider, and the member will be held harmless for the Provider sanction.

When you receive Covered Services outside the Claim Administrator's service area and the Claim is processed through the BlueCard Program, the amount you pay for Covered Services is calculated based on the lower of:

- The billed charges for Covered Services, or
- The negotiated price that the Host Blue makes available to the Claim Administrator.

To help you understand how this calculation would work, please consider the following example:

- a. Suppose you receive Covered Services for an illness while you are on vacation outside of Illinois. You show your Identification Card to the provider to let them know that you are covered by the Claim Administrator.
- b. The provider has negotiated with the Host Blue a price of \$80, even though the provider’s standard charge for this service is \$100. In this example, the provider bills the Host Blue \$100.

- c. The Host Blue, in turn, forwards the claim to the Claim Administrator and indicates that the negotiated price for the covered service is \$80. The Claim Administrator would then base the amount you must pay for the service - the amount applied to your deductible, if any, and your coinsurance percentage - on the \$80 negotiated price, not the \$100 billed charge.
- d. So, for example, if your coinsurance is 20%, you would pay \$16 (20% of \$80), not \$20 (20% of \$100). You are not responsible for amounts over the negotiated price for a covered service.

PLEASE NOTE: The coinsurance percentage in the above example is for illustration purposes only. Example assumes that you have met your deductible and that there are no copayments associated with the service rendered. Your deductible(s), Coinsurance and Copayment(s) are specified in this benefit booklet.

Often, this “negotiated price” will be a simple discount that reflects an actual price that the Host Blue pays to your healthcare provider. Sometimes, it is an estimated price that takes into account special arrangements with your healthcare provider or provider group that may include types of settlements, incentive payments, and/or other credits or charges. Occasionally, it may be an average price, based on a discount that results in expected average savings for similar types of healthcare providers after taking into account the same types of transactions as with an estimated price.

Estimated pricing and average pricing also take into account adjustments to correct for over or underestimation of modifications of past pricing of Claims, as noted above. However, such adjustments will not affect the price the Claim Administrator has used for your claim because they will not be applied after a Claim has already been paid.

B. Negotiated (non-BlueCard Program) Arrangements

With respect to one or more Host Blues, instead of using the BlueCard Program, the Claim Administrator may process your claims for Covered Services through Negotiated Arrangements for National Accounts.

The amount you pay for Covered Services under this arrangement will be calculated based on the lower of either billed charges for Covered Services or negotiated price (refer to the description of negotiated price under Section A, BlueCard Program) made available to the Claim Administrator by the Host Blue.

If reference-based benefits, which are service-specific benefit dollar limits for specific procedures, based on a Host Blue’s local market rates, are made available to you, you will be responsible for the amount that the healthcare provider bills above the specific reference benefit limit for the given procedure. For a participating Provider, that amount will be the difference between the negotiated price and the reference benefit limit. For a nonparticipating Provider, that amount will be the difference between the Provider’s billed charge and the reference benefit limit. Where a reference

benefit limit is greater than either a negotiated price or a Provider's billed charge, you will incur no liability, other than any related patient cost sharing under this agreement.

C. Special Cases: Value-Based Programs

BlueCard® Program

If you receive Covered Services under a Value-Based Program inside a Host Blue's service area, you will not be responsible for paying any of the Provider incentives, risk-sharing, and/or Care Coordinator Fees that are a part of such an arrangement, except when a Host Blue passes these fees to the Claim Administrator through average pricing or fee schedule adjustments.

Value-Based Programs: Negotiated (non-BlueCard Program) Arrangements

If the Claim Administrator has entered into a Negotiated Arrangement with a Host Blue to provide Value-Based Programs to your Employer on your behalf, the Claim Administrator will follow the same procedures for Value-Based Programs administration and Care Coordinator Fees as noted above for the BlueCard Program.

D. Inter-Plan Programs: Federal/State Taxes/Surcharges/Fees

Federal or state laws or regulations may require a surcharge, tax or other fee that applies to self-funded accounts. If applicable, the Claim Administrator will include any such surcharge, tax, or other fee as part of the Claim Charge passed on to you.

E. Non-Participating Healthcare Providers Outside The Claim Administrator's Service Area

a. Member Liability Calculation

(1) In General

When Covered Services are provided outside of the Claim Administrator's service area by non-participating Providers, the amount(s) you pay for such services will be calculated using the methodology described in the benefit booklet for non-participating Providers located inside our service area. You may be responsible for the difference between the amount that the non-participating Provider bills and the payment Claim Administrator will make for the Covered Services as set forth in this paragraph.

(2) Exceptions

In some exception cases, the Claim Administrator may, but is not required to, negotiate a payment with such non-participating Provider on an exception basis. If a negotiated payment is not available, then the Claim

Administrator may make a payment based on the lesser of:

1. The amount calculated using the methodology described in the benefit booklet for non-participating Providers located inside our service area (and described in Section (a)(1) above); or
2. The following:
 - a. For professional Providers, make a payment based on publicly available Provider reimbursement data for the same or similar services, adjusted for geographical differences where applicable, or
 - b. For Hospital or facility Providers, make a payment based on publicly available data reflecting the approximate costs that Hospitals or facilities have reportedly incurred historically to provide the same or similar service, adjusted for geographical differences where applicable, plus a margin factor for the Hospital or facility.

In these situations, you may be liable for the difference between the amount that the non-participating Provider bills and the payment the Claim Administrator will make for the Covered Services as set forth in this paragraph.

F. Blue Cross Blue Shield Global® Core

If you are outside the United States, the Commonwealth of Puerto Rico, and the U.S. Virgin Islands (hereinafter “BlueCard service area”), you may be able to take advantage of the Blue Cross Blue Shield Global Core when accessing Covered Services. The Blue Cross Blue Shield Global Core is unlike the BlueCard Program available in the BlueCard service area in certain ways. For instance, although the Blue Cross Blue Shield Global Core assists you with accessing a network of Inpatient, Outpatient and Professional Providers, the network is not served by a Host Blue. As such, when you receive care from Providers outside the BlueCard service area, you will typically have to pay the Providers and submit the Claims yourself to obtain reimbursement for these services.

If you need medical assistance services (including locating a doctor or Hospital) outside the BlueCard service area, you should call the service center at 1.800.810.BLUE (2583) or call collect at 1.804.673.1177, 24 hours a day, seven days a week. An assistance coordinator, working with a medical professional, can arrange a Physician appointment or hospitalization, if necessary.

- **Inpatient Services**

In most cases, if you contact the service center for assistance, hospitals will not require you to pay for covered Inpatient services, except for your cost-share amounts/Deductibles, Coinsurances, etc. In such cases, the hospital will submit your claims to the service center to begin claims processing. However, if you paid in full at the time of service, you must

submit a Claim to receive reimbursement for Covered Services. **You must contact the Claim Administrator to obtain Prior Authorization for non-emergency Inpatient services.**

- **Outpatient Services**

Outpatient Services are available for Emergency Care. Physicians, urgent care centers and other Outpatient Providers located outside the BlueCard service area will typically require you to pay in full at the time of service. You must submit a Claim to obtain reimbursement for Covered Services.

- **Submitting a Blue Cross Blue Shield Global Core Claim**

When you pay for Covered Services outside the BlueCard service area, you must submit a Claim to obtain reimbursement. For institutional and professional Claims, you should complete a Blue Cross Blue Shield Global Core International claim form and send the Claim form with the Provider's itemized bill(s) to the service center (the address is on the form) to initiate Claims processing. Following the instructions on the Claim form will help ensure timely processing of your Claim. The Claim form is available from the Claim Administrator, the service center or online at www.bcbsglobalcore.com. Claim Administrator's Separate Financial Arrangements with Pharmacy Benefit Managers

The Claim Administrator owns a significant portion of the equity of Prime Therapeutics LLC and informs you that the Claim Administrator has entered into one or more agreements with Prime Therapeutics LLC or other entities (collectively referred to as "Pharmacy Benefit Managers") to provide, on the Claim Administrator's behalf, Claim Payments and certain administrative services for your prescription drug benefits. Pharmacy Benefit Managers have agreements with pharmaceutical manufacturers to receive rebates for using their products. The Pharmacy Benefit Manager may share a portion of those rebates with the Claim Administrator. In addition, the mail-order pharmacy and specialty pharmacy operate through an affiliate partially owned by Prime Therapeutics, LLC. Neither the Employer nor you are entitled to receive any portion of such rebates.

Prime negotiates rebate contracts with pharmaceutical manufacturers on behalf of the Claim Administrator but does not retain any rebates (although Prime may retain any interest or late fees earned on rebates received from manufactures to cover the administrative costs of processing late payments). The Claim Administrator may also negotiate rebate contracts with pharmaceutical manufacturers. The Claim Administrator may receive such rebates from Prime or pharmaceutical manufacturers. You are not entitled to receive any portion of any such rebates.

3. PAYMENT OF CLAIMS AND ASSIGNMENT OF BENEFITS

- a. Under this Health Care Plan, the Claim Administrator has the right to make any benefit payment either to you or directly to the Provider of the Covered Services. For example, the Claim Administrator may pay benefits to you if you receive Covered Services from a Non-Administrator Provider. The Claim Administrator is specifically authorized by you to determine to whom any benefit payment should be made.
- b. Once Covered Services are rendered by a Provider, you have no right to request the Claim Administrator not to pay the Claim submitted by such Provider and no such request will be given effect. In addition, the Claim Administrator will have no liability to you or any other person because of its rejection of such request.
- c. A covered person's claim for benefits under this Health Care Plan is expressly non-assignable and non-transferable in whole or in part to any person or entity, including any Provider, at any time before or after Covered Services are rendered to a covered person. Coverage under this Health Care Plan is expressly non-assignable and non-transferable and will be forfeited if you attempt to assign or transfer coverage or aid or attempt to aid any other person in fraudulently obtaining coverage. Any such assignment or transfer of a claim for benefits or coverage shall be null and void.

4. YOUR PROVIDER RELATIONSHIPS

- a. The choice of a Provider is solely your choice and the Claim Administrator will not interfere with your relationship with any Provider.
- b. The Claim Administrator does not itself undertake to furnish health care services, but solely to make payments to Providers for the Covered Services received by you. The Claim Administrator is not in any event liable for any act or omission of any Provider or the agent or employee of such Provider, including, but not limited to, the failure or refusal to render services to you. Professional services which can only be legally performed by a Provider are not provided by the Claim Administrator. Any contractual relationship between a Physician and an Administrator Provider shall not be construed to mean that the Claim Administrator is providing professional service.
- c. The use of an adjective such as Participating, Administrator, Preferred or approved in modifying a Provider shall in no way be construed as a recommendation, referral, or any other statement as to the ability or quality of such Provider. In addition, the omission, non-use or non-designation of Participating, Administrator, Preferred, approved or any similar modifier or the use of a term such as Non-Administrator or Non-Participating should not be construed as carrying any statement or inference, negative or positive, as to the skill or quality of such Provider.

d. Each Provider provides Covered Services only to you and does not interact with or provide any services to your Employer (other than as an individual covered person) or your Employer's ERISA Health Benefit Program.

5. NOTICES

Any information or notice which you furnish to the Claim Administrator under the Health Care Plan as described in this benefit booklet must be in writing and sent to the Claim Administrator at its offices at 300 East Randolph, Chicago, Illinois 60601 (unless another address has been stated in this benefit booklet for a specific situation). Any information or notice which the Claim Administrator furnishes to you must be in writing and sent to you at your address as it appears on the Claim Administrator's records or in care of your Employer and if applicable, in the case of a Qualified Medical Child Support Order, to the designated representative as it appears on the Claim Administrator's records. The Claim Administrator may also provide such notices electronically to the extent permitted by applicable law.

6. LIMITATIONS OF ACTIONS

No legal action may be brought to recover under the Health Care Plan as described in this benefit booklet, prior to the expiration of sixty (60) days after a Claim has been furnished to the Claim Administrator in accordance with the requirements described in this benefit booklet. In addition, no such action shall be brought after the expiration of three (3) years after the time a Claim is required to be furnished to the Claim Administrator in accordance with the requirements described in this benefit booklet.

7. INFORMATION AND RECORDS

You agree that it is your responsibility to insure that any Provider, other Blue Cross and Blue Shield Plan, insurance company, employee benefit association, government body or program, any other person or entity, having knowledge of or records relating to (a) any illness or injury for which a Claim or Claims for benefits are made under the Health Care Plan, (b) any medical history which might be pertinent to such illness, injury, Claim or Claims, or (c) any benefits or indemnity on account of such illness or injury or on account of any previous illness or injury which may be pertinent to such Claim or Claims, furnish to the Claim Administrator or its agent, and agree that any such Provider, person or other entity may furnish to the Claim Administrator or its agent, at any time upon its request, any and all information and records (including copies of records) relating to such illness, injury, Claim or Claims. In addition, the Claim Administrator may furnish similar information and records (or copies of records) to Providers, Blue Cross and Blue Shield Plans, insurance companies, governmental bodies or programs or other entities providing insurance-type benefits requesting the same. It is also your responsibility to furnish the Claim

Administrator and/or your Employer or group administrator information regarding your or your dependents becoming eligible for Medicare, termination of Medicare eligibility or any changes in Medicare eligibility status in order that the Claim Administrator be able to make Claim Payments in accordance with MSP laws.

8. OVERPAYMENT

If your group's benefit plan or the Claim Administrator pays benefits for eligible expenses incurred by you or your dependents and it is found that the payment was more than it should have been, or it was made in error ("Overpayment"), your group's benefit plan or the Claim Administrator has the right to obtain a refund of the Overpayment amount from: (i) the person to, or for whom, such benefits were paid, or (ii) any insurance company or plan, or (iii) any other persons, entities, or organizations, including, but not limited to Participating Providers or Non-Participating Providers.

If no refund is received, your Group's benefit plan and/or Blue Cross and Blue Shield (in its capacity as insurer or administrator) has the right to deduct any refund for any Overpayment due up to an amount equal to the Overpayment, from:

- a. Any future benefit payment made to any person or entity under this benefit booklet, whether for the same or a different member; or
- b. Any future benefit payment made to any person or entity under another Blue Cross and Blue Shield administered ASO benefit program and/or Blue Cross and Blue Shield administered insured benefit program or policy, if the future benefit payment owed is to a Contracted Provider; or
- c. Any future benefit payment made to any person or entity under another Blue Cross and Blue Shield insured group benefit plan or individual policy, if the future benefit payment owed is to a Contracted Provider; or
- d. Any future benefit payment, or other payment, made to any person or entity; or
- e. Any future payment owed to one or more Contracted Providers.

Further, the Claim Administrator has the right to reduce your benefit plan's or policy's payment to a Contracted Provider by the amount necessary to recover another Blue Cross and Blue Shield's plan or policy Overpayment to the same Contracted Provider and to remit the recovered amount to the other Blue Cross and Blue Shield's plan or policy.

9. VALUE BASED DESIGN PROGRAMS

The Claim Administrator and your Employer has the right to offer medical management programs, quality improvement programs and health behavior wellness, incentive, maintenance, or improvement programs that allow for a reward, a contribution, a penalty, a differential in premiums or a differential

in medical, prescription drug or equipment Copayments, Coinsurance or deductibles, or costs, or a combination of these incentives or disincentives for participation in any such program offered or administered by the Claim Administrator or an entity chosen by the Claim Administrator to administer such programs. In addition, discount, or incentive programs for various health and wellness-related or insurance-related, or other items and services may be available from time-to-time. Such programs may be discontinued with or without notice.

Contact your Employer for additional information regarding any value-based programs offered by your Employer.

10. IDENTITY THEFT PROTECTION SERVICES

The Claim Administrator makes available at no additional cost to you identity theft protection services, including credit monitoring, fraud detection, credit/identity repair and insurance to help protect your information. These identity theft protection services are currently provided by the Claim Administrator's designated outside vendor and acceptance or declination of these services is optional to you. If you wish to accept such identity theft protection services you will need to individually enroll in the program online at www.bcbsil.com or telephonically by calling the toll-free telephone number on your Identification Card. Services may automatically end if you no longer meet the definition of an Eligible Person. Services may change or be discontinued at any time with or without notice and the Claim Administrator does not guarantee that a particular vendor or service will be available at any given time. The services are provided as a convenience and are not considered covered benefits under this benefit booklet.

REIMBURSEMENT PROVISION

If you or one of your covered dependents incur expenses for sickness or injury that occurred due to negligence of a third party and benefits are provided for Covered Services described in this benefit booklet, you agree:

- a. the Claim Administrator has the rights to reimbursement for all benefits the Claim Administrator provided from any and all damages collected from the third party for those same expenses whether by action at law, settlement, or compromise, by you or your legal representative as a result of sickness or injury, in the amount of the total Eligible Charge or Provider's Claim Charge for Covered Services for which the Claim Administrator has provided benefits to you, reduced by any Average Discount Percentage ("ADP") applicable to your Claim or Claims.
- b. the Claim Administrator is assigned the right to recover from the third party, or their insurer, to the extent of the benefits the Claim Administrator provided for that sickness or injury.

The Claim Administrator shall have the right to first reimbursement out of all funds you, your covered dependents, or your legal representative, are or were able to obtain for the same expenses for which the Claim Administrator has provided benefits as a result of that sickness or injury.

You are required to furnish any information or assistance or provide any documents that the Claim Administrator may reasonably require in order to obtain our rights under this provision. This provision applies whether or not the third party admits liability. (See provisions of this benefit booklet regarding "Claim Administrator's Separate Financial Arrangements with Providers.")

BENEFIT BOOKLET NO SURPRISES ACT AMENDMENT

Amendment Effective Date: This Amendment is effective on the Employer's Contract Anniversary Date or for the Plan Year of your Employer's Group Health Plan occurring on or after January 1, 2022.

The terms of this Amendment supersede the terms of the benefit booklet to which this Amendment is attached and becomes a part of the benefit booklet. Unless otherwise required by Federal or Illinois law, in the event of a conflict between the terms on this Amendment and the terms of the benefit booklet, the terms on this Amendment apply. However, definitions set forth in this Amendment are for purposes of this Amendment only. Additionally, for purposes of this Amendment, references to You and Your mean any Member, including Subscriber and Dependents.

The benefit booklet is hereby amended as indicated below:

I. Continuity of Care

If You are under the care of a Participating Provider as defined in the benefit booklet who stops participating in the Plan's network (for reasons other than failure to meet applicable quality standards, including medical incompetence or professional behavior, or fraud), You may be able to continue coverage for that Provider's Covered Services at the Participating Provider Benefit level if one of the following conditions is met:

1. You are undergoing a course of treatment for a serious and complex condition,
2. You are undergoing institutional or inpatient care,
3. You are scheduled to undergo nonelective surgery from the Provider (including receipt of postoperative care from such Provider with respect to such surgery),
4. You are pregnant or undergoing a course of treatment for Your pregnancy, or
5. You are determined to be terminally ill.

A serious and complex condition is one that (1) for an acute illness, is serious enough to require specialized medical treatment to avoid the reasonable possibility of death or permanent harm (for example, if You are currently receiving chemotherapy, radiation therapy, or post-operative visits for a serious acute disease or condition), and (2) for a chronic illness or condition, is (i) life-threatening, degenerative, disabling or potentially disabling, or congenital, and (ii) requires specialized medical care over a prolonged period of time.

Continuity coverage described in this provision shall continue until the treatment is complete but will not extend for more than 90 days beyond the date The Plan notifies You of the Provider's termination, or any longer period provided by state law. If You are in the second or third trimester of pregnancy when the Provider's termination takes effect, continuity of coverage may be extended through delivery of the child, immediate postpartum care, and the follow-up check-up within the

first six (6) weeks of delivery. You have the right to appeal any decision made for a request for Benefits under this provision, as explained in the benefit booklet.

II. Federal No Surprises Act

1. Definitions

The definitions below apply only to Section IV. Federal No Surprises Act, of this Amendment. To the extent the same terms are defined in both the benefit booklet and this Amendment, those terms will apply only to their use in the benefit booklet or this Amendment, respectively.

“Air Ambulance Services” means, for purposes of this Amendment only, medical transport by helicopter or airplane for patients.

“Emergency Medical Condition” means, for purposes of this Amendment only, a medical condition manifesting itself by acute symptoms of sufficient severity (including severe pain) such that a prudent layperson, who possesses an average knowledge of health and medicine, could reasonably expect the absence of immediate medical attention to result in a condition: (i) placing the health of the individual, or with respect to a pregnant woman her unborn child in serious jeopardy; (ii) constituting a serious impairment to bodily functions; or (iii) constituting a serious dysfunction of any bodily organ or part.

“Emergency Services” means, for purposes of this Amendment only,

- a medical screening examination performed in the emergency department of a hospital or a Freestanding Emergency Department;
- further medical examination or treatment You receive at a Hospital, regardless of the department of the Hospital, or a Freestanding Emergency Department to evaluate and treat an Emergency Medical Condition until Your condition is stabilized; and
- Covered Services You receive from a Non-Participating Provider during the same visit after Your Emergency Medical Condition has stabilized unless:
 1. Your Non-Participating Provider determines You can travel by non-medical or non-emergency transport;
 2. Your Non-Participating Provider has provided You with a notice to consent form for balance billing of services; and
 3. You have provided informed consent.

“Non-Participating Provider” means, for purposes of this Amendment only, with respect to a covered item or service, a physician or other health care provider who does not have a contractual relationship with Blue Cross and Blue Shield of Illinois (BCBSIL) for furnishing such item or service under the Plan to which this Amendment is attached.

“Non-Participating Emergency Facility” means, for purposes of this Amendment only, with respect to a covered item or service, an emergency department of a hospital or an independent freestanding emergency department that does not have a contractual relationship with BCBSIL for furnishing such item or service under the Plan to which this Amendment is attached.

“Participating Provider” means, for purposes of this Amendment only, with respect to a Covered Service, a physician or other health care provider who has a contractual relationship with BCBSIL setting a rate (above which the provider cannot bill the member) for furnishing such item or service under the Plan to which this Amendment is attached regardless whether the provider is considered a preferred or in-network provider for purposes of in-network or out-of-network benefits under the subject Plan.

“Participating Facility” means, for purposes of this Amendment only, with respect to Covered Service, a Hospital or ambulatory surgical center that has a contractual relationship with BCBSIL setting a rate (above which the provider cannot bill the member) for furnishing such item or service under the Plan to which this Amendment is attached. Whether the provider is considered a preferred or in-network provider for purposes of in-network or out-of-network benefits under the subject Plan.

“Qualifying Payment Amount” means, for purposes of this Amendment only, a median of contracted rates calculated pursuant to federal or state law, regulation and/or guidance.

“Recognized Amount” means, for purposes of this Amendment only, an amount determined pursuant a state law that provides a method for determining the total amount payable for the item or service (if applicable); or, if there is no state law that provides a method for determining the total amount payable for the item or service, the lesser of the Qualifying Payment Amount or billed charges.

2. Federal No Surprises Act Surprise Billing Protections

- a. The federal No Surprises Act contains various protections relating to surprise medical bills on services performed by Non-Participating Providers and Non-Participating Emergency Facilities. The items and services included in these protections (“Included Services”) are listed below.
 - Emergency Services obtained from a Non-Participating Provider or Non-Participating Emergency Facility.
 - Covered non-Emergency Services performed by a Non-Participating Provider at a Participating Facility (unless You give written consent and give up balance billing protections).
 - Air Ambulance Services received from a Non-Participating Provider if the services would be covered if received from a Participating Provider.

b. Claim Payments

For Included Services, the Plan will send an initial payment or notice of denial of payment directly to the Provider.

c. Cost-Sharing

For non-Emergency Services performed by Non-Participating Providers at a Participating Facility, and for Emergency Services provided by a Non-Participating Provider or Non-Participating Emergency Facility, the Recognized Amount is used to calculate Your cost-share requirements, including Deductibles, Copayments, and Coinsurance.

For Air Ambulance Services received from a Non-Participating Provider, if the services would be covered if received from a Participating Provider, the amount used to calculate Your cost-share requirements, including Deductibles, Copayments, and Coinsurance, will be the lesser of the Qualifying Payment Amount or billed charges.

For Included Services, these cost-share requirements will be counted toward Your Participating Provider deductible and/or out-of-pocket expense limit, if any.

3. Prohibition of Balance Billing

You are protected from balance billing on Included Services as set forth below.

If You receive Emergency Services from a Non-Participating Provider or non-Participating Emergency Facility, the most the Non-Participating Provider or non-Participating Emergency Facility may bill You is Your in-network cost-share. You cannot be balance billed for these Emergency Services unless You give written consent and give up Your protections not to be balance billed for services You receive after You are in a stable condition.

When You receive Covered Non-Emergency Services from a Non-Participating Provider at a Participating Facility, the most those Non-Participating Providers may bill You is Your Plan's in-network cost-share requirements. When You receive emergency medicine, anesthesia, pathology, radiology, laboratory, neonatology, assistant surgeon, hospitalist, or intensivist services at a Participating Facility, Non-Participating Providers can't balance bill You and may not ask You to give up Your protections not to be balance billed. If You get other services at Participating Facilities, Non-Participating Providers can't balance bill You unless You give written consent and give up Your protections.

If Your Plan includes Air Ambulance Services as a Covered Service, and such services are provided by a Non-Participating Provider, the most the Non-Participating Provider may bill You is Your in-network cost-share. You cannot be balance billed for these Air Ambulance Services.

NOTE: The revisions to Your Plan made by this Amendment are based upon the No Surprises Act, a federal law enacted in 2020 and effective for plan years beginning on or after January 1, 2022. To the extent federal regulations are adopted or additional guidance is issued by federal regulatory agencies that alter the terms of this Amendment, the regulations and any additional guidance will control over conflicting language in this Amendment.

If there is no rate according to the Schedule of Maximum Allowances, then the Maximum Allowance will be 25% of Claim Charges.

The Claim Administrator will utilize the same Claim processing rules, edits, or methodologies that it utilizes in processing Participating Professional Provider Claims for processing Claims submitted by Non-Participating Professional Providers which may also alter the non-contracting Maximum Allowance for a particular Covered Service. In the event the Claim Administrator does not have any Claim edits, rules or methodologies, the Claim Administrator may utilize the Medicare claim rules or edits that are used by Medicare in processing such Claims. The non-contracting Maximum Allowance will not include any additional payments that may be permitted under the Medicare laws or regulations which are not directly attributable to a specific Claim, including, but not limited to, disproportionate share payments and graduate medical education payments. In the event the non-contracting Maximum Allowance amount does not equate to the Non-Participating Professional Provider's Claim Charge, you will be responsible for the difference between such amount and the Claim Charge, along with any applicable Copayment, Coinsurance, and deductible amount(s).

Any change to the Medicare reimbursement amount will be implemented by the Claim Administrator within one hundred and ninety (190) days after the effective date that such change is implemented by the Centers for Medicaid and Medicare Services, or its successor.

MEDICAL CARE.....means the ordinary and usual professional services rendered by a Physician or other specified Provider during a professional visit for treatment of an illness or injury.

MEDICALLY NECESSARY/MEDICAL NECESSITY..... means that a specific medical, health care, supply or Hospital service is required for the treatment or management of a medical symptom or condition, and that the service, supply, or care provided is the most efficient and economical service which can safely be provided.

The fact that your Physician may prescribe, order, recommend, approve, or view hospitalization or other health care services and supplies as Medically Necessary, does not make the hospitalization, services or supplies Medically Necessary and does not mean that the Claim Administrator will pay the cost of the hospitalization, services, or supplies. Please refer to the *Exclusions – What Is Not Covered* section of this booklet for additional information.

The Claim Administrator will make the initial decision whether hospitalization or other health care services or supplies were not Medically Necessary. In most instances this initial decision is made by the Claim Administrator **AFTER YOU HAVE BEEN HOSPITALIZED OR HAVE RECEIVED OTHER HEALTH CARE SERVICES OR SUPPLIES AND AFTER A CLAIM FOR PAYMENT HAS BEEN SUBMITTED.** In making decisions of whether the hospitalization or other health care service(s) or supply(ies) are not Medically Necessary, and therefore not eligible for payment under the terms of this Plan, the Claim Administrator will take into account the information submitted to the Claim Administrator by your Provider(s), including any consultations with such Providers(s).

Hospitalization or other health care is not Medically Necessary when, applying the definition of Medical Necessary to the circumstances surrounding the hospitalization or other health care, it is determined that the medical services provided did not require an acute Hospital Inpatient (overnight) setting, but could have been provided in a Physician's office, the Outpatient department of a Hospital, or some other setting without adversely affecting the patient's condition.

If your Claim for benefits is denied on the basis that the services or supplies were not Medically Necessary, and you disagree with the Claim Administrator's initial decision, your benefit program provides for an appeal of that decision. You must exercise your right to this appeal as a precondition to the taking of any further action against the Claim Administrator, either at law or in equity. To initiate your appeal, you must give the Claim Administrator written notice of your intention to do so as described in the *Claim Filing and Appeals Procedures* section of this booklet.

Below are some examples, not an exhaustive list, of hospitalization or other health care services and supplies that are not Medically Necessary:

1. Hospital admissions for or consisting primarily of observation and/or evaluation that could have been provided safely and adequately in some other setting, e.g., a Physician's office or Hospital Outpatient department.
2. Hospital admissions primarily for diagnostic studies (x-ray, laboratory and pathological services and machine diagnostic tests) which could have been

provided safely and adequately in some other setting, e.g., Hospital Outpatient department or Physician's office.

3. Continued Inpatient Hospital care, when the patient's medical symptoms and condition no longer require their continued stay in a Hospital.
4. Hospitalization or admission to a Skilled Nursing Facility or Residential Treatment Center, nursing home or other facility for the primary purposes of providing Custodial Care Service, convalescent care, rest cures or domiciliary care to the patient.
5. The use of skilled or private duty nurses to assist in daily living activities, routine supportive care or to provide services for the convenience of the patient and/or their family members.

MEDICARE ELIGIBLE COVERED PERSONS

If you meet the definition of an Eligible Person stated in the ELIGIBILITY Section above and you are eligible for Medicare and not affected by the “Medicare Secondary Payer” (MSP) laws as described below, the benefits described in the section of this benefit booklet entitled “Benefits for Medicare Eligible Covered Persons” will apply to you and to your spouse and covered dependent children (if they are also eligible for Medicare and not affected by the MSP laws). This section does not apply to a party of a Civil Union with the Eligible Person and their children. This section does not apply to a Domestic Partner of the Eligible Person and their children.

A series of federal laws collectively referred to as the “Medicare Secondary Payer” (MSP) laws regulate the manner in which certain sponsors may offer group health care coverage to Medicare eligible housestaff, spouses, and in some cases, dependent children.

The statutory requirements and rules for MSP coverage vary depending on the basis for Medicare and employer group health plan (“GHP”) coverage, as well as certain other factors, including the size of the employers sponsoring the GHP. In general, Medicare pays secondary to the following:

1. GHPs that cover individuals with end-stage renal disease (“ESRD”) during the first 30 months of Medicare eligibility or entitlement. This is the case regardless of the number of housestaffs employed by the employer or whether the individual has “current employment status.”
2. In the case of individuals aged 65 or over, GHPs of employers that employ 20 or more housestaffs if that individual or the individual’s spouse (of any age) has “current employment status.” If the GHP is a multi-employer or multiple employer plan, which has at least one participating employer that employs 20 or more housestaffs, the MSP rules apply even with respect to employers of fewer than 20 housestaffs (unless the plan elects the small employer exception under the statute).

3. In the case of disabled individuals under age 65, GHPs of employers that employ 100 or more housestaffs, if the individual or a member of the individual's family has "current housestaff status." If the GHP is a multi-employer or multiple employer plan, which has at least one participating employer that employs 100 or more housestaffs, the MSP rules apply even with respect to employers of fewer than 100 housestaffs.

PLEASE NOTE: SEE YOUR EMPLOYER OR GROUP ADMINISTRATOR SHOULD YOU HAVE ANY QUESTIONS REGARDING THE ESRD PRIMARY PERIOD OR OTHER PROVISIONS OF MSP LAWS AND THEIR APPLICATION TO YOU, YOUR SPOUSE OR ANY DEPENDENTS.

YOUR MSP RESPONSIBILITIES

In order to assist your employer in complying with MSP laws, it is very important that you promptly and accurately complete any requests for information from the Claim Administrator and/or your employer regarding the Medicare eligibility of you, your spouse and covered dependent children. In addition, if you, your spouse or covered dependent child becomes eligible for Medicare, or has Medicare eligibility terminated or changed, please contact your employer or your group administrator promptly to ensure that your Claims are processed in accordance with applicable MSP laws.

- You or your dependents become eligible for a premium assistance subsidy under Medicaid or CHIP.

You must request this special enrollment within 60 days of the loss of Medicaid or CHIP coverage, or within 60 days of when eligibility for premium assistance under Medicaid or CHIP is determined. Coverage will be effective no later than the first of the month after the special enrollment request is received.

Late Applicants

If you do not apply for Family Coverage or to add dependents within the required number of days of the event, you will have to wait until your Employer's annual open enrollment period to make those changes.

CHANGING FROM FAMILY TO INDIVIDUAL COVERAGE

Should you wish to change from Family to Individual Coverage, you may do this at any time. Your Group Administrator will provide you with the application and tell you the date that the change will be effective.

TERMINATION OF COVERAGE

You will no longer be entitled to the benefits described in this benefit booklet if either of the events stated below should occur.

1. If you no longer meet the previously stated description of an Eligible Person.
2. If the entire coverage of your Employer terminates.

Further, termination of the agreement between the Claim Administrator and the Employer automatically terminates your coverage as described in this benefit booklet. It is the responsibility of the Employer to notify you in the event the agreement is terminated with the Claim Administrator. Regardless of whether such notice is provided, your coverage will terminate as of the effective date of termination of the Employer's agreement with the Claim Administrator.

No benefits are available to you for services or supplies rendered after the date of termination of your coverage under the Health Care Plan described in this benefit booklet except as otherwise specifically stated in the "Extension of Benefits in Case of Termination" provisions of this benefit booklet. However, termination of the Employer agreement with the Claim Administrator and/or termination of your coverage under the Health Care Plan shall not affect any Claim for Covered Services rendered prior to the effective date of such termination.

Unless specifically mentioned elsewhere in this benefit booklet, if one of your dependents becomes ineligible, their coverage will end as of the date the event occurs which makes them ineligible.

Other options available for Continuation of Coverage are explained in the COBRA Section of this benefit booklet.

UTILIZATION MANAGEMENT AND REVIEW

The Claim Administrator has established the Utilization Management and Review Program to assist you in determining the course of treatment that will maximize your benefits under this Health Care Plan. Utilization management may be referred to as Medical Necessity reviews, utilization review (UR) or medical management reviews. A Medical Necessity review for a procedure/service, Inpatient admission, and length of stay is based on the Claim Administrator's Medical Policy and, site or level of care review criteria. Medical Necessity reviews may occur prior to services rendered, during the course of care, or after care has been completed for a Post-Service Medical Necessity Review. Some services may require a Prior Authorization before the start of services, while other services will be subject to a Post-Service Medical Necessity review. If requested, services normally subject to a Post-Service Medical Necessity review may be reviewed for Medical Necessity prior to the service through a Recommended Clinical Review as defined below.

Please refer to the definition of Medically Necessary under the *Definitions* section of this booklet for additional information regarding any limitations and/or special conditions pertaining to your benefits.

The Utilization Management and Review Program requires a review of the following Covered Services **before** maximum benefits for such services are available.

- Inpatient Hospital services
- Skilled Nursing Facility services
- Services received in a Coordinated Home Care Program
- Private Duty Nursing Services
- Certain Outpatient Procedures

PRIOR AUTHORIZATION

Prior Authorization is a requirement that you must obtain authorization from the Claim Administrator before you receive a certain type of Covered Services designated by the Claim Administrator in order to be eligible for maximum benefits.

For Inpatient Hospital facility services, your Participating Provider is required to obtain Prior Authorization. If Prior Authorization is not obtained, the Participating Provider will be sanctioned based on the Claim Administrator's contractual agreement with the Provider, and the member will be held harmless for the Provider sanction. For additional information about Prior Authorization for services outside of the Claim Administrator's service area, see the section of this benefit booklet entitled "THE BLUECARD PROGRAM."

Failure to contact the Claim Administrator or to comply with the determinations of the Claim Administrator, as described in this section, may result in a reduction in benefits. These reductions in benefits are in addition to the applicable Copayments, Coinsurance, Deductibles, and out-of-pocket expense limit amounts. Providers may bill you for any reduction in payment, as described in this section, resulting from failure to contact the Claim Administrator or to comply with the determinations of the Claim Administrator. We encourage you to call ahead. The pre-notification toll-free telephone number is on your Identification Card.

Please read the provisions below very carefully. The provisions of this section do not apply to the treatment of Mental Illness and Substance Use Disorder Treatment. The provisions for the treatment of Mental Illness and Substance Use Disorder Treatment are specified in the CLAIM ADMINISTRATOR'S BEHAVIORAL HEALTH UNIT section of this benefit booklet.

RECOMMENDED CLINICAL REVIEW

Some services that do not require Prior Authorization may be subject to review for evidence of medical necessity for coverage determinations that may occur prior to services rendered, during care, or after care has been completed for a Post-Service Medical Necessity Review.

A Recommended Clinical Review is a Medical Necessity review for a Covered Service that occurs before services are completed and helps limit the situations where you have to pay for a non-approved service. The Claim Administrator will review the request to determine if it meets approved Claim Administrator medical policy and, site, or level of care review criteria for medical and behavioral health services. Once a decision has been made on the services reviewed as part of the Recommended Clinical Review process, they will not be reviewed for Medical Necessity again on a retrospective basis. Submitted services (subject to Medical Necessity review) not included as part of Recommended Clinical Review may be reviewed retrospectively.

To determine if a Recommended Clinical Review is available for a specific service, visit our website at www.bcbsil.com/find-care/where-you-go-matters/utilization-management for the Required Prior Authorization and Recommended Clinical Review list, which is updated when new services are added or when services are removed. You can also call Customer Service at the toll-free telephone number on the back of your Identification Card. You or your Provider may request a Recommended Clinical Review.

Recommended Clinical Review is not a guarantee of benefits. Actual availability of benefits is subject to eligibility and the other terms, conditions, limitations, and exclusions under this Plan. Please coordinate with your Provider to submit a written request for a Recommended Clinical Review.

General Provisions Applicable to All Recommended Clinical Reviews

1. No Guarantee of Payment

A Recommended Clinical Review is not a guarantee of benefits or payment of benefits by the plan. Actual availability of benefits is subject to eligibility and the other terms, conditions, limitations, and exclusions of this Plan. Even if the service has been approved on Recommended Clinical Review, coverage or payment can be affected for a variety of reasons. For example, the member may have become ineligible as of the date of service or the member's benefits may have changed as of the date of service.

2. Request for Additional Information

The Recommended Clinical Review process may require additional documentation from the member's health care Provider or pharmacist. In addition to the written request for Recommended Clinical Review, the health care Provider or pharmacist may be required to include pertinent documentation explaining the proposed services, the functional aspects of the treatment, the projected outcome, treatment plan and any other supporting documentation, study models, prescription, itemized repair and replacement cost statements, photographs, x-rays, etc., as may be requested by the plan to make a determination of coverage pursuant to the terms and conditions of this Plan.

Post-Service Medical Necessity Review

A Post-Service Medical Necessity Review, sometimes referred to as a retrospective review or Post-Service Claims request, is the process of determining coverage after treatment has been provided and is based on Medical Necessity guidelines. A Post-Service Medical Necessity Review confirms member eligibility, availability of benefits at the time of service, and reviews necessary clinical documentation to ensure the service was Medically Necessary. Providers should submit appropriate documentation at the time of a Post-Service Medical Necessity Review request. A Post-Service Medical Necessity Review may be performed when a Prior Authorization or Recommended Clinical Review was not obtained prior to services being rendered.

General Provisions Applicable to All Post-Service Medical Necessity Reviews

1. No Guarantee of Payment

A Post-Service Medical Necessity Review is not a guarantee of benefits. Actual availability of benefits is subject to eligibility and the other terms, conditions, limitations, and exclusions of this Certificate. Post-Service Medical Necessity Review does not guarantee payment of benefits by the plan, for instance a member may become ineligible as of the date of service or the member's benefits may have changed as of the date of service.

2. Request for Additional Information

The Post-Service Medical Necessity Review process may require additional documentation from the member's health care Provider or pharmacist. In addition to the written request for Post-Service Medical Necessity Review, the health care Provider or pharmacist may be required to include pertinent documentation explaining the services rendered, the functional aspects of the treatment, the projected outcome, treatment plan and any other supporting documentation, study models, prescription, itemized repair and replacement cost statements, photographs, x-rays, etc., as may be requested by the plan to make a determination of coverage pursuant to the terms and conditions of this Plan.

CASE MANAGEMENT

Case management is a collaborative process that assists you with the coordination of complex care services. A Claim Administrator case manager is available to you as an advocate for cost-effective interventions.

Case managers are also available to you to provide assistance when you need alternative benefits. Alternative benefits will be provided only so long as the Claim Administrator determines that the alternative services are Medically Necessary and cost-effective. The total maximum payment for alternative services shall not exceed the total benefits for which you would otherwise be entitled under the Health Care Plan.

Provision of alternative benefits in one instance shall not result in an obligation to provide the same or similar benefits in any other instance. In addition, the provision of alternative benefits shall not be construed as a waiver of any of the terms, conditions, limitations, and exclusions of the Health Care Plan.

LENGTH OF STAY/SERVICE REVIEW

Length of stay/service review is not a guarantee of benefits. Actual availability of benefits is subject to eligibility and the other terms, conditions, limitations, and exclusions of the Health Care Plan.

Upon completion of the Inpatient or emergency admission review, the Claim Administrator will send a letter to you, your Physician, Provider of services, Behavioral Health Practitioner and/or the Hospital or facility with a determination on the approved length of stay.

An extension of the length of stay/service will be based solely on whether continued Inpatient care or other health care service is Medically Necessary. In the event that the extension is determined not to be Medically Necessary, the authorization will not be extended. Additional notification will be provided to your Physician and/or the Hospital regarding the denial of payment for the extension.

A length of stay/service review, also known as a concurrent Medical Necessity review, is when you, your Provider, or other authorized representative may submit a request to the Plan for continued services. If you, your Provider, or authorized representative requests to extend care beyond the approved time limit and it is a request involving urgent care or an Ongoing Course of Treatment, the Plan will make a determination on the request/appeal as soon as possible but no later than 72 hours after it receives the initial request, or within 48 hours after it receives the missing information (if the initial request is incomplete).

MEDICALLY NECESSARY DETERMINATION

The decision that Inpatient care or other health care services or supplies are not Medically Necessary will be determined by the Claim Administrator. The Claim Administrator will provide notification of a decision to not authorize payment for Inpatient care or other health care services or supplies to you, your Physician, and/or the Hospital or other Provider. The notification will specify the dates, services and/or supplies that are not considered Covered Services. For further details regarding Medically Necessary care and other exclusions from coverage, see the EXCLUSIONS—WHAT IS NOT COVERED section in this benefit booklet.

The Claim Administrator does not determine your course of treatment or whether you receive particular health care services. Decisions regarding the course of treatment and receipt of particular health care services are a matter entirely between you and your Physician. The Claim Administrator's determination of Medically Necessary care is limited to merely whether a proposed admission, continued hospitalization or other health care service is a Covered Service under the Health Care Plan.

In the event that the Claim Administrator determines that all or any portion of an Inpatient hospitalization or other health care service is not Medically Necessary, the Claim Administrator will not be responsible for any related Hospital or other health care service charge incurred.

Remember that the Claim Administrator's Health Care Plan does not cover the cost of hospitalization or any health care services and supplies that are not determined to be Medically Necessary. The fact that your Physician or another health care Provider may prescribe, order, recommend or approve a Hospital stay or other health care service or supply does not of itself make such hospitalization, service or supply Medically Necessary. Even if your Physician prescribes, orders, recommends, approves, or views hospitalization or other health care services or supplies as Medically Necessary, the Claim Administrator will not pay for the hospitalization, services or supplies unless the Claim Administrator determines it to be Medically Necessary and a Covered Service under the Health Care Plan.

NOTE: Keep in mind that a Medically Necessary determination does not guarantee that benefits are available. For example, it might be determined that a service is Medically Necessary, however, the Health Care Plan may limit or exclude that service. In that case, the Medically Necessary determination does not override the benefit provision in the benefit booklet.

UTILIZATION REVIEW PROCEDURE

The following information is required when you contact the Claim Administrator:

1. The name of the attending and/or admitting Physician;
2. The name of the Hospital where the admission has been scheduled and/or the location where the service has been scheduled;
3. The scheduled admission and/or service date; and
4. A preliminary diagnosis or reason for the admission and/or service.

Upon receipt of the required information, the Claim Administrator:

1. will review the information provided and seek additional information, as necessary.
2. will issue a determination that the services are either Medically Necessary or are not Medically Necessary.
3. will provide notification of the determination.

APPEAL PROCEDURE

If you, your Physician, Provider of health services, or Behavioral Health Practitioner disagree with the determination of the Claim Administrator prior to or while receiving services, you may appeal that decision. You should call the Claim Administrator's customer service number on your Identification Card. Your Physician should use the contact information in the notification letter.

In some instances, the resolution of the appeal process will not be completed until your admission or service has occurred and/or your assigned length of stay/service has elapsed. If you disagree with a decision after claim processing has taken place or upon receipt of the notification letter, you may appeal that decision by having your Physician, Provider of health services, or Behavioral Health Practitioner call the contact person indicated in the notification letter or by submitting a written request to:

Medical Director
Blue Cross and Blue Shield of Illinois
P. O. Box A3957
Chicago, Illinois 60601

Additional information about appeals procedures is set forth in the CLAIM FILING AND APPEALS PROCEDURES section of this benefit booklet.

A letter assigning a length of service or length of stay will be sent to your Behavioral Health Practitioner and/or the Hospital.

In the event that the extension is determined not to be Medically Necessary, the length of stay/service will not be extended, and the case will be referred to a Behavioral Health Unit Physician for review.

MEDICALLY NECESSARY DETERMINATION

The decision that Inpatient Hospital admission or other health care services or supplies are not Medically Necessary, as such term is defined in this benefit booklet, will be determined by the Behavioral Health Unit. If the Behavioral Health Unit concurs that the Inpatient Hospital admission or other health care service or supply does not meet the criteria for Medically Necessary care, benefit for some days, services or the entire hospitalization will be denied. The Behavioral Health Unit does not determine your course of treatment or whether you receive particular health care services. The decision regarding the course of treatment and receipt of particular health care services is a matter entirely between you and your Behavioral Health Practitioner. The Behavioral Health Unit’s determination of Medically Necessary care is limited to merely whether a proposed admission, continued hospitalization or other health care service is Medically Necessary under the Health Care Plan.

In the event that the Behavioral Health Unit determines that all or any portion of an Inpatient Hospital admission or other health care service or supply is not Medically Necessary, the Claim Administrator will not be responsible for any related Hospital or other health care service or supply charge incurred.

Remember that your Health Care Plan does not cover the cost of hospitalization or any health care services and supplies that are not Medically Necessary. The fact that your Behavioral Health Practitioner or another health care Provider may prescribe, order, recommend or approve an Inpatient Hospital admission or other health care service or supply does not of itself make such hospitalization, service or supply Medically Necessary. Even if your Behavioral Health Practitioner prescribes, orders, recommends, approves, or views hospitalization or other health care services or supplies as Medically Necessary, the Claim Administrator will not pay for the hospitalization, services or supplies if the Behavioral Health Unit decides they were not Medically Necessary.

Additional information about appeals procedures is set forth in the CLAIM FILING AND APPEALS PROCEDURES section of this benefit booklet.

FAILURE TO OBTAIN PRIOR AUTHORIZATION OR NOTIFY

The final decision regarding your course of treatment is solely your responsibility and the Behavioral Health Unit will not interfere with your relationship with any Behavioral Health Practitioner. However, the Behavioral Health Unit has been established for the specific purpose of assisting you in maximizing your benefits as described in this benefit booklet.

For Outpatient behavioral health services, including Partial Hospitalization Treatment Programs, there is no penalty to you for failure to notify the Claim Administrator. For Substance Use Disorder Treatment, there is no penalty to you for failure to notify the Claim Administrator for Inpatient Hospital admissions and Residential Treatment Centers.

The behavioral health case management program is designed to help those with mental health and/or substance use concerns manage the unique challenges of those conditions. A case manager may reach out to you via phone or letter to offer case management assistance.

THE PARTICIPATING PROVIDER OPTION

McGaw Medical Center of Northwestern University has chosen the Claim Administrator's "Participating Provider Option" for the administration of your Hospital and Physician benefits. The Participating Provider Option is a program of health care benefits designed to provide you with economic incentives for using designated Providers of health care services.

As a participant in the Participating Provider Option a directory of Participating Providers is available to you. You can visit the Blue Cross and Blue Shield of Illinois website at www.bcbsil.com for a list of Participating Providers. While there may be changes in the directory from time to time, selection of Participating Providers by the Claim Administrator will continue to be based upon the range of services, geographic location, and cost-effectiveness of care. Notice of changes in the network will be provided to your McGaw Medical Center of Northwestern University annually, or as required, to allow you to make selection within the network. However, you are urged to check with your Provider before undergoing treatment to make certain of its participation status. Although you can go to the Hospital or Professional Provider of your choice, benefits under the Participating Provider Option will be greater when you use the services of a Participating Provider.

Before reading the description of your benefits, you should understand the terms "Benefit Period" and "Deductible" as defined below.

YOUR BENEFIT PERIOD

Your benefit period is a period of one year which begins on January 1st of each year. When you first enroll under this coverage, your first benefit period begins on your Coverage Date, and ends on the first December 31st following that date.

YOUR DEDUCTIBLE

Each benefit period you must satisfy a \$225 deductible for Covered Services rendered by Participating Provider(s) and a separate \$550 deductible for Covered Services rendered by Non-Participating Provider(s) or Non-Administrator Provider(s). In other words, after you have claims for Covered Services for more than the deductible amount in a benefit period, your benefits will begin. This deductible will be referred to as the program deductible.

Each time you are admitted to a McGaw Medical Center of Northwestern University you must satisfy a \$100 deductible.

In addition to your program deductible, each time you are admitted to a Participating Hospital, you must satisfy a \$275 deductible.

Each time you are admitted to a Non-Participating Hospital or Non-Administrator Hospital, you must satisfy a \$275 deductible. This deductible is in addition to your program deductible.

If you have any expenses for Covered Services during the last three months of a benefit period which were or could have been applied to that benefit period's program deductible, these expenses may be applied toward the program deductible of the next benefit period.

FAMILY DEDUCTIBLE

If you have Family Coverage and your family has reached the program deductible amount of \$675 for Covered Services rendered by Participating Provider(s) and a separate \$1,650 program deductible for Covered Services rendered by Non-Participating Provider(s) or Non-Administrator Provider(s), it will not be necessary for anyone else in your family to meet the program deductible in that benefit period. That is, for the remainder of that benefit period only, no other family member(s) is required to meet the program deductible before receiving benefits. A family member may not apply more than the individual program deductible amount toward the family program deductible.

In any case, should two or more members of your family ever receive Covered Services as a result of injuries received in the same accident, only one program deductible will be applied against those Covered Services.

HOSPITAL BENEFIT SECTION

Expenses for Hospital care are usually the biggest of all health care costs. Your Hospital benefits will help ease the financial burden of these expensive services. This section of your benefit booklet tells you what Hospital services are covered and how much will be paid for each of these services.

The benefits of this section are subject to all of the terms and conditions described in this benefit booklet. Please refer to the DEFINITIONS, ELIGIBILITY and EXCLUSIONS sections of this benefit booklet for additional information regarding any limitations and/or special conditions pertaining to your benefits.

In addition, the benefits described in this section will be provided only when you receive services on or after your Coverage Date and they are rendered upon the direction or under the direct care of your Physician. Such services must be Medically Necessary and regularly included in the Provider's charges.

The level of benefits paid for Hospital Covered Services is generally greater when received in an Administrator Hospital or other Administrator facility.

Remember, whenever the term "you" or "your" is used, we also mean all eligible family members who are covered under Family Coverage.

The following are Covered Services when you receive them as an Inpatient in a Hospital.

Benefits will not be provided if you cancel or postpone the Surgery.

The clinical procedure and coding policies provide information about what services are reimbursable under the benefit Plan. Benefits will be provided for the Hospice Care Program Service described below when these services are rendered to you by a Hospice Care Program Provider. While these traditional services are not eligible under this Hospice Care Program section, they may be Covered Services under other sections of this benefit booklet.

Benefit Payment for Hospice Care Program Services

Benefit payment for Covered Services rendered by a Hospice Care Program Provider will be provided at the same payment level as described for Inpatient Hospital Covered Services.

USUAL AND CUSTOMARY FEE.....means the fee as reasonably determined by the Claim Administrator, which is based on the fee which the Physician, Otologist, Audiologist or Hearing Aid Dealer who renders the particular service usually charges his patients or customers for the same service and the fee which is within the range of usual fees other Physicians, Otologists, Audiologists or Hearing Aid Dealers of similar training and experience in the same geographic area charge their patients or customers for the same service, under similar or comparable circumstances.

BENEFITS FOR MEDICARE ELIGIBLE COVERED PERSONS

This section describes the benefits which will be provided for Medicare Eligible Covered Persons who are not affected by MSP laws, unless otherwise specified in this benefit booklet (see provisions entitled “Medicare Eligible Covered Persons” in the ELIGIBILITY SECTION of this benefit booklet).

The benefits and provisions described throughout this benefit booklet apply to you, however, in determining the benefits to be paid for your Covered Services, consideration is given to the benefits available under Medicare.

The process used in determining benefits under the Health Care Plan is as follows:

1. determine what the payment for a Covered Service would be following the payment provisions of this coverage.
2. deduct from the charges eligible under Medicare, the amount paid by Medicare.
3. the lesser of the two amounts determined in accordance with step 1 and step 2 above is the amount that will be paid under the Health Care Plan.

When you have a Claim, you must send the Claim Administrator a copy of your Explanation of Medicare Benefits (“EOMB”) in order for your Claim to be processed.

EXCLUSIONS - WHAT IS NOT COVERED

Expenses for the following are not covered under your benefit program:

— **Hospitalization, services and supplies which are not Medically Necessary.**

No benefits will be provided for services which are not, in the reasonable judgment of the Claim Administrator, Medically Necessary. Medically Necessary means that a specific medical, health care or Hospital service is required, in the reasonable medical judgment of the Claim Administrator, for the treatment or management of a medical symptom or condition and that the service or care provided is the most efficient and economical service which can safely be provided.

Hospitalization is not Medically Necessary when, in the reasonable medical judgment of the Claim Administrator, the medical services provided did not require an acute Hospital Inpatient (overnight) setting, but could have been provided in a Physician's office, the Outpatient department of a Hospital or some other setting without adversely affecting the patient's condition.

Examples of hospitalization and other health care services and supplies that are not Medically Necessary include:

- Hospital admissions for or consisting primarily of observation and/or evaluation that could have been provided safely and adequately in some other setting, e.g., a Physician's office or Hospital Outpatient department.
- Hospital admissions primarily for diagnostic studies (x-ray, laboratory and pathological services and machine diagnostic tests) which could have been provided safely and adequately in some other setting, e.g., Hospital Outpatient department or Physician's office.
- Continued Inpatient Hospital care, when the patient's medical symptoms and condition no longer require their continued stay in a Hospital.
- Hospitalization or admission to a Skilled Nursing Facility, nursing home or other facility for the primary purposes of providing Custodial Care Service, convalescent care, rest cures or domiciliary care to the patient.
- Hospitalization or admission to a Skilled Nursing Facility for the convenience of the patient or Physician or because care in the home is not available or is unsuitable.
- The use of skilled or private duty nurses to assist in daily living activities, routine supportive care or to provide services for the convenience of the patient and/or their family members.

These are just some examples, not an exhaustive list, of hospitalizations or other services and supplies that are not Medically Necessary.

The Claim Administrator will make the decision whether hospitalization or other health care services or supplies were not Medically Necessary and therefore not eligible for payment under the terms of your health care plan. In most instances this decision is made by the Claim Administrator AFTER YOU HAVE BEEN HOSPITALIZED OR HAVE RECEIVED OTHER HEALTH CARE SERVICES OR SUPPLIES AND AFTER A CLAIM FOR PAYMENT HAS BEEN SUBMITTED.

The fact that your Physician may prescribe, order, recommend, approve, or view hospitalization or other health care services and supplies as Medically Necessary does not make the hospitalization, services or supplies Medically Necessary and does not mean that the Claim Administrator will pay the cost of the hospitalization, services, or supplies.

If your Claim for benefits is denied on the basis that the services or supplies were not Medically Necessary, and you disagree with the Claim Administrator's decision, your plan provides for an appeal of that decision.

Additional information about appeals procedures is set forth in the CLAIM FILING AND APPEALS PROCEDURES section of this benefit booklet.

REMEMBER, EVEN IF YOUR PHYSICIAN PRESCRIBES, ORDERS, RECOMMENDS, APPROVES OR VIEWS HOSPITALIZATION OR OTHER HEALTH CARE SERVICES AND SUPPLIES AS MEDICALLY NECESSARY, THE CLAIM ADMINISTRATOR WILL NOT PAY FOR THE HOSPITALIZATION, SERVICES AND SUPPLIES IF IT DECIDES THEY WERE NOT MEDICALLY NECESSARY.

COORDINATION OF BENEFITS SECTION

Coordination of Benefits (COB) applies when you have health care coverage through more than one group program. The purpose of COB is to ensure that you receive all of the coverage to which you are entitled but no more than the actual cost of the care received. In other words, the total payment from all of your coverages together will not add up to be more than the total charges that you have incurred. It is your obligation to notify the Claim Administrator of the existence of such other group coverages.

To coordinate benefits, it is necessary to determine what the payment responsibility is for each benefit program. This is done by following these rules:

1. The coverage under which the patient is the Eligible Person (rather than a dependent) is primary (that is, full benefits are paid under that program). The other coverage is secondary and only pays any remaining eligible charges.
2. When a dependent child receives services, the birthdays of the child's parents are used to determine which coverage is primary. The coverage of the parent whose birthday (month and day) comes before the other parent's birthday in the calendar year will be considered the primary coverage. If both parents have the same birthday, then the coverage that has been in effect the longest is primary. If the other coverage does not have this "birthday" type of COB provision and, as a result, both coverages would be considered either primary or secondary, then the provisions of the other coverage will determine which coverage is primary.

- However, when the parents are separated or divorced and the parent with custody of the child has not remarried, the benefits of a contract which covers the child as a dependent of the parent with custody of the child will be determined before the benefits of a contract which covers the child as a dependent of the parent without custody;
- when the parents are divorced and the parent with custody of the child has remarried, the benefits of a contract which covers the child as a dependent of the parent with custody shall be determined before the benefits of a contract which covers that child as a dependent of the stepparent, and the benefits of a contract which covers that child as a dependent of the stepparent will be determined before the benefits of a contract which covers that child as a dependent of the parent without custody.

Notwithstanding the items above, if there is a court decree which would otherwise establish financial responsibility for the medical, dental, or other health care expenses with respect to the child, the benefits of a contract which covers the child as a dependent of the parent with such financial responsibility shall be determined before the benefits of any other contract which covers the child as a dependent child. It is the obligation of the person claiming benefits to notify the Claim Administrator, and upon its request to provide a copy, of such court decree.

3. If neither of the above rules apply, then the coverage that has been in effect the longest is primary.

The only time these rules will not apply is if the other group benefit program does not include a COB provision. In that case, the other group program is automatically primary.

The Claim Administrator has the right in administering these COB provisions to:

- pay any other organization an amount which it determines to be warranted if payments which should have been made by the Claim Administrator have been made by such other organization under any other group program.
- recover any overpayment which the Claim Administrator may have made to you, any Provider, insurance company, person, or other organization.

CONTINUATION COVERAGE RIGHTS UNDER COBRA

NOTE: Certain McGaw Medical Center of Northwestern University may not be affected by CONTINUATION OF COVERAGE RIGHTS UNDER COBRA. See your McGaw Medical Center of Northwestern University or Group Administrator should you have any questions about COBRA.

INTRODUCTION

You're receiving this notice because you recently gained coverage under a group health plan (the Plan). This notice has important information about your right to COBRA continuation coverage, which is a temporary extension of coverage under the Plan. **This notice explains COBRA continuation coverage, when it may become available to you and your family, and what you need to do to protect your right to get it.** When you become eligible for COBRA, you may also become eligible for other coverage options that may cost less than COBRA continuation coverage.

The right to COBRA continuation coverage was created by a federal law, the Consolidated Omnibus Budget Reconciliation Act of 1985 (COBRA). COBRA continuation coverage can become available to you and other members of your family when group health coverage would otherwise end. For more information about your rights and obligations under the Plan and under federal law, you should review the Plan's Summary Plan Description or contact the Plan Administrator.

You may have other options available to you when you lose group health coverage. For example, you may be eligible to buy an individual plan through the Health Insurance Marketplace. By enrolling in coverage through the Marketplace, you may qualify for lower costs on your monthly premiums and lower out-of-pocket costs. Additionally, you may qualify for a 30-day special enrollment period for another group health plan for which you are eligible (such as a spouse's plan), even if that plan generally doesn't accept late enrollees.

WHAT IS COBRA CONTINUATION COVERAGE?

COBRA continuation coverage is a continuation of Plan coverage when it would otherwise end because of a life event. This is also called a "qualifying event." Specific qualifying events are listed later in this notice. After a qualifying event, COBRA continuation coverage must be offered to each person who is a "qualified beneficiary." You, your spouse, and your dependent children could become qualified beneficiaries if coverage under the Plan is lost because of the qualifying event. Under the Plan, qualified beneficiaries who elect COBRA continuation coverage must pay for COBRA continuation coverage.

If you're an employee, you'll become a qualified beneficiary if you lose your coverage under the Plan because of the following qualifying events:

- Your hours of employment are reduced, or
- Your employment ends for any reason other than your gross misconduct.

If you're the spouse of an employee, you'll become a qualified beneficiary if you lose your coverage under the Plan because of the following qualifying events:

- Your spouse dies;
- Your spouse's hours of employment are reduced;
- Your spouse's employment ends for any reason other than his or her gross misconduct;
- Your spouse becomes entitled to Medicare benefits (under Part A, Part B, or both); or
- You become divorced or legally separated from your spouse.

Your dependent children will become qualified beneficiaries if they lose coverage under the Plan because of the following qualifying events:

- The parent-employee dies;
- The parent-employee's hours of employment are reduced;
- The parent-employee's employment ends for any reason other than his or her gross misconduct;
- The parent-employee becomes entitled to Medicare benefits (Part A, Part B, or both);
- The parents become divorced or legally separated; or
- The child stops being eligible for coverage under the Plan as a "dependent child."

If the Plan provides health care coverage to retired employees, the following applies:

Sometimes, filing a proceeding in bankruptcy under title 11 of the United States Code can be a qualifying event. If a proceeding in bankruptcy is filed with respect to your employer, and that bankruptcy results in the loss of coverage of any retired employee covered under the Plan, the retired employee will become a qualified beneficiary. The retired employee's spouse, surviving spouse, and dependent children will also become qualified beneficiaries if bankruptcy results in the loss of their coverage under the Plan.

WHEN IS COBRA CONTINUATION COVERAGE AVAILABLE?

The Plan will offer COBRA continuation coverage to qualified beneficiaries only after the Plan Administrator has been notified that a qualifying event has occurred. The employer must notify the Plan Administrator of the following qualifying events:

- The end of employment or reduction of hours of employment;
- Death of the employee;
- *In the event of retired employee health coverage:*

- Commencement of a proceeding in bankruptcy with respect to the employer; or
- The employee's becoming entitled to Medicare benefits (under Part A, Part B, or both).

YOU MUST GIVE NOTICE OF SOME QUALIFYING EVENTS

For all other qualifying events (divorce or legal separation of the employee and spouse or a dependent child's losing eligibility for coverage as a dependent child), you must notify the Plan Administrator within 60 days after the qualifying event occurs. Contact your employer and/or COBRA Administrator for procedures for this notice, including a description of any required information or documentation.

HOW IS COBRA CONTINUATION COVERAGE PROVIDED?

Once the Plan Administrator receives notice that a qualifying event has occurred, COBRA continuation coverage will be offered to each of the qualified beneficiaries. Each qualified beneficiary will have an independent right to elect COBRA continuation coverage. Covered employees may elect COBRA continuation coverage on behalf of their spouses, and parents may elect COBRA continuation coverage on behalf of their children.

COBRA continuation coverage is a temporary continuation of coverage that generally lasts for 18 months due to employment termination or reduction of hours of work. Certain qualifying events, or a second qualifying event during the initial period of coverage, may permit a beneficiary to receive a maximum of 36 months of coverage. There are also ways in which this 18-month period of COBRA continuation coverage can be extended:

DISABILITY EXTENSION OF 18-MONTH PERIOD OF COBRA CONTINUATION COVERAGE

If you or anyone in your family covered under the Plan is determined by Social Security to be disabled and you notify the Plan Administrator in a timely fashion, you and your entire family may be entitled to get up to an additional 11 months of COBRA continuation coverage, for a maximum of 29 months. The disability would have to have started at some time before the 60th day of COBRA continuation coverage and must last at least until the end of the 18-month period of COBRA continuation coverage.

Contact your employer and/or the COBRA Administrator for procedures for this notice, including a description of any required information or documentation.

SECOND QUALIFYING EVENT EXTENSION OF 18-MONTH PERIOD OF CONTINUATION COVERAGE

If your family experiences another qualifying event during the 18 months of COBRA continuation coverage, the spouse and dependent children in your family can get up to 18 additional months of COBRA continuation coverage, for a maximum of 36 months, if the Plan is properly notified about the second

qualifying event. This extension may be available to the spouse and any dependent children getting COBRA continuation coverage if the employee or former employee dies; becomes entitled to Medicare benefits (under Part A, Part B, or both); gets divorced or legally separated; or if the dependent child stops being eligible under the Plan as a dependent child. This extension is only available if the second qualifying event would have caused the spouse or dependent child to lose coverage under the Plan had the first qualifying event not occurred.

ARE THERE OTHER COVERAGE OPTIONS BESIDES COBRA CONTINUATION COVERAGE?

Yes. Instead of enrolling in COBRA continuation coverage, there may be other coverage options for you and your family through the Health Insurance Marketplace, Medicare, Medicaid, Children’s Health Insurance Program (CHIP), or other group health plan coverage options (such as a spouse’s plan) through what is called a “special enrollment period.” Some of these options may cost less than COBRA continuation coverage. You can learn more about many of these options at www.healthcare.gov.

CAN I ENROLL IN MEDICARE INSTEAD OF COBRA CONTINUATION COVERAGE AFTER MY GROUP HEALTH PLAN COVERAGE ENDS?

In general, if you don’t enroll in Medicare Part A or B when you are first eligible because you are still employed, after the Medicare initial enrollment period, you have an 8-month special enrollment period¹ to sign up for Medicare Part A or B, beginning on the earlier of:

- The month after your employment ends; or
- The month after group health plan coverage based on current employment ends.

If you don’t enroll in Medicare and elect COBRA continuation coverage instead, you may have to pay a Part B late enrollment penalty and you may have a gap in coverage if you decide you want Part B later. If you elect COBRA continuation coverage and later enroll in Medicare Part A or B before the COBRA continuation coverage ends, the Plan may terminate your continuation coverage. However, if Medicare Part A or B is effective on or before the date of the COBRA election, COBRA coverage may not be discontinued on account of Medicare entitlement, even if you enroll in the other part of Medicare after the date of the election of COBRA coverage.

If you are enrolled in both COBRA continuation coverage and Medicare, Medicare will generally pay first (primary payer) and COBRA continuation coverage will pay second. Certain plans may pay as if secondary to Medicare, even if you are not enrolled in Medicare.

Your continued coverage under this benefit booklet will be provided only as specified below. Please read the provisions very carefully.

Continuation of Coverage

If you are the Domestic Partner or the dependent child of a Domestic Partner and you lose coverage under this benefit booklet, you have the same options as the spouse or dependent child of an Eligible Person to continue your coverage. The options available to a spouse or a dependent child are described in the CONTINUATION COVERAGE RIGHTS UNDER COBRA section, if applicable to your Group.

In addition to the events listed in the CONTINUATION COVERAGE RIGHTS UNDER COBRA section, if applicable, continuation of coverage is available to you and your dependent children in the event you lose coverage because your Domestic Partnership with the Eligible Person terminates. You are entitled to continue coverage for the same period of time as a spouse or child who loses coverage due to divorce.

HOW TO FILE A CLAIM AND APPEALS PROCEDURES

To obtain your benefits under this benefit program, it is necessary for a Claim to be filed with the Claim Administrator. To file a Claim, usually all you will have to do is show your Identification Card to your Hospital or Physician (or other Provider). They will file your Claim for you. Remember however, it is your responsibility to ensure that the necessary Claim information has been provided to the Claim Administrator.

Once the Claim Administrator receives your Claim, it will be processed, and the benefit payment will usually be sent directly to the Hospital or Physician. You will receive a statement telling you how your benefits were calculated. In some cases, the Claim Administrator will send the payment directly to you or if applicable, in the case of a Qualified Medical Child Support Order, to the designated representative as it appears on the Claim Administrator's records.

In certain situations, you will have to file your own Claims. This is primarily true when you are receiving services or supplies from Providers other than a Hospital or Physician. An example would be when you have had ambulance expenses. To file your own Claim, follow these instructions:

1. Complete a Claim Form. These are available from your Employee Benefits Department or from the Claim Administrator's office.
2. Attach copies of all bills to be considered for benefits. These bills must include the Provider's name and address, the patient's name, the diagnosis, the date of service and a description of the service and the Claim Charge.
3. Mail the completed Claim Form with attachments to:

Blue Cross and Blue Shield of Illinois
P. O. Box 660603
Dallas, Texas 75266-0603

In any case, Claims should be filed with the Claim Administrator on or before December 31st of the calendar year following the year in which your Covered Service was rendered. (A Covered Service furnished in the last month of a particular calendar year shall be considered to have been furnished the succeeding calendar year.) **Claims not filed within the required time period will not be eligible for payment.**

Should you have any questions about filing Claims, ask your Employee Benefits Department or call the Claim Administrator's office.

INTERNAL CLAIM DETERMINATIONS AND APPEALS PROCESS INITIAL CLAIM DETERMINATIONS

When the Claim Administrator receives a properly submitted claim, the Claim Administrator will determine benefits in accordance with the Health Benefit Plan provisions. The Claim Administrator will receive and review claims for benefits and will process claims consistent with administrative practices and procedures established by your Plan. You, your valid assignee, your authorized

representative, or Provider will be notified of the Claim Administrator's benefit decision. (For information regarding assigning benefits, see "Payment of Claims and Assignment of Benefits" provisions in the GENERAL PROVISIONS section of this benefit booklet.)

If a Claim Is Denied or Not Paid in Full

If the claim for benefits is denied, you or your authorized representative shall be notified in writing of the following:

- a. The reasons for determination;
- b. A reference to the benefit plan provisions on which the determination is based, or the contractual, administrative, medical policy or protocol for the determination;
- c. A description of additional information which may be necessary to perfect the Claim and an explanation of why such material is necessary;
- d. Subject to privacy laws and other restrictions, if any, the identification of the Claim, date of service, health care provider, Claim amount (if applicable), diagnosis, treatment and determination codes with their meanings and the standards used. Upon request, diagnosis/treatment codes with their meanings and the standards used are also available;
- e. An explanation of the Claim Administrator's internal review/appeals and external review processes (and how to initiate a review/appeal or external review);
- f. In certain situations, a statement in non-English language(s) that future notices of Claim determinations and certain other benefit information may be available in such non-English language(s);
- g. In certain situations, a statement in non-English language(s) that indicates how to access the language services provided by the Claim Administrator;
- h. The right to request, free of charge, reasonable access to and copies of all documents, records, and other information relevant to the claim for benefits;
- i. Any internal rule, guideline, protocol, or other similar criterion relied on in the determination, and a statement that a copy of such rule, guideline, protocol, or other similar criterion will be provided free of charge on request;
- j. An explanation of the scientific or clinical judgment relied on in the determination as applied to claimant's medical circumstances, if the determination was based on medical necessity, experimental treatment or similar exclusion, or a statement that such explanation will be provided free of charge upon request;

- k. In the case of a determination of an Urgent Care Clinical Claim, a description of the expedited review procedure applicable to such Claims. An Urgent Care Clinical Claim decision may be provided orally, so long as written notice is furnished to the claimant within three days of oral notification.

Separate schedules apply to the timing of required notices and extensions, depending on the type of Claim. There are three types of Claims as defined below.

- a. Urgent Care Clinical Claim** is any pre-service claim for benefits for medical care or treatment with respect to which the application of regular time periods for making health Claim decisions could seriously jeopardize the life or health of the claimant or the ability of the claimant to regain maximum function or, in the opinion of a Physician with knowledge of the claimant's medical condition, would subject the claimant to severe pain that cannot be adequately managed without the care or treatment.

This notification must include full details of the service received, including your name, age, sex, identification number, the name and address of the Provider, an itemized statement of the service rendered or furnished, the date of service, the diagnosis, the Claim charge, and any other information which

Concurrent Care

For benefit determinations relating to care that is being received at the same time as the determination, such notice will be provided no later than 24 hours after receipt of your Claim for benefits.

CLAIM APPEAL PROCEDURES - DEFINITIONS

An “**Adverse Benefit Determination**” means a determination, reduction, or termination of, or a failure to provide or make payment (in whole or in part) for, a benefit, in response to a Claim, Pre-Service Claim or Urgent Care Clinical Claim, including any such determination, reduction, termination, or failure to provide or make payment for, a benefit resulting from the application of utilization review, as well as a failure to cover an item or service for which benefits are otherwise provided because it is determined to be experimental or investigational or not Medically Necessary or appropriate. If an ongoing course of treatment had been approved by the Claim Administrator and the Claim Administrator reduces or terminates such treatment (other than by amendment or termination of the Group’s benefit plan) before the end of the approved treatment period, that is also an Adverse Benefit Determination. A Rescission of coverage is also an Adverse Benefit Determination. A Rescission does not include a termination of coverage for reasons related to non-payment of premium.

Urgent Care/Expedited Clinical Appeals

If your situation meets the definition of an expedited clinical appeal, you may be entitled to an appeal on an expedited basis. An **expedited clinical appeal** is an appeal of a clinically urgent nature related to health care services, including but not limited to, procedures or treatments ordered by a health care provider, as well as continued hospitalization. Before authorization of benefits for an ongoing course of treatment is terminated or reduced, the Claim Administrator will provide you with notice at least 24 hours before the previous benefits authorization ends and an opportunity to appeal. For the ongoing course of treatment, coverage will continue during the appeal process.

Upon receipt of an expedited pre-service or concurrent clinical appeal, the Claim Administrator will notify the party filing the appeal, as soon as possible, but in no event more than 24 hours after submission of the appeal, of all the information needed to review the appeal. The Claim Administrator will render a decision on the appeal within 24 hours after it receives the requested information, but not more than 72 hours from the appeal request.

Standard or Non-Urgent Appeals

The Claim Administrator will send you a written decision for appeals that need medical review within 30 calendar days after we receive your appeal request, or if you are appealing before getting a service. All other appeals will be answered within 60 calendar days.

How to Appeal an Adverse Benefit Determination

You have the right to seek and obtain a review of any determination of a claim, any determination of a request for Prior Authorization, or any other determination made by the Claim Administrator in accordance with the benefits and procedures detailed in your Health Benefit Plan.

An appeal of an Adverse Benefit Determination may be filed by you or a person authorized to act on your behalf. In some circumstances, a health care provider may appeal on their own behalf. Under your health benefit plan, there is one

level of internal appeal available to you. Your designation of a representative must be in writing as it is necessary to protect against disclosure of information about you except to your authorized representative. To obtain an Authorized Representative Form, you or your representative may call the Claim Administrator at the number on the back of your Identification Card. In urgent care situations, a doctor may act as your authorized representative without completing the form.

If you believe the Claim Administrator incorrectly denied all or part of your benefits, you may have your Claim reviewed. The Claim Administrator will review its decision in accordance with the following procedure:

- Within 180 days after you receive notice of an Adverse Benefit Determination, you may call or write to the Claim Administrator to request a

Claim review. The Claim Administrator will need to know the reasons why you do not agree with the Adverse Benefit Determination.

- In support of your Claim review, you have the option of presenting evidence and testimony to the Claim Administrator. You and your authorized representative may ask to review your file and any relevant documents and may submit written issues, comments, and additional medical information within 180 days after you receive notice of an Adverse Benefit Determination or at any time during the claim review process.
- The Illinois Department of Insurance (IDOI) offers consumer assistance. If your standard or expedited (urgent) external review request does not qualify for review by your plan or its representatives, you may file an appeal with the IDOI at the Springfield address below. Also, if you have questions about your rights, wish to file a complaint or wish to take up your matter with the IDOI, you may use either address below:

For appeals, you may also make a verbal statement about your case.

During your internal appeal(s), the Claim Administrator will provide you or your authorized representative (free of charge) with any new or additional evidence considered, relied upon, or generated by the Claim Administrator in connection with the appealed Claim, as well as any new or additional rationale for a determination at the internal appeals stage. Such new or additional evidence or rationale will be provided to you or your authorized representative as soon as possible and sufficiently in advance of the date a final decision on appeal is made to give you a reasonable opportunity to respond. The Claim Administrator may extend the time period described in this benefit booklet for its final decision on appeal to provide you with a reasonable opportunity to respond to such new or additional evidence or rationale. If the initial benefit determination regarding the Claim is based in whole or in part on a medical judgement, the appeal will be conducted by individuals associated with the Claim Administrator and/or by external advisors, but who were not involved in making the initial determination of your Claim. No deference will be given to the initial Adverse Benefit Determination. Before you or your authorized representative may bring any action to recover benefits the claimant must exhaust the appeal process and must raise all issues with respect to a Claim and must file an appeal or appeals and the appeals must be finally decided by the Claim Administrator.

Timing of Non-Urgent Appeal Determinations

Upon receipt of a non-urgent concurrent pre-service or post-service appeal, the Claim Administrator will notify the party filing the appeal within five business days of all the information needed to review the appeal.

The Claim Administrator will render a decision of a non-urgent concurrent or pre-service appeal as soon as practical, but in no event more than 30 calendar days after receipt of all required information. We will send you a written decision for appeals that are related to health care services and not related to administrative matters or Complaints within 30 calendar days after receipt of any needed information, but no later than 30 calendar days of receipt of the request. All other appeals will be answered within 30 calendar days if you are appealing before getting a service or within 60 calendar days if you have already received the service.

If the appeal is related to administrative matters or Complaints, the Claim Administrator will render a decision of a pre-service or post-service appeal as soon as practical, but in no event more than 60 business days after receipt of all required information.

The Claim Administrator will notify the party filing the appeal, you, and, if a clinical appeal, any health care provider who recommended the services involved in the appeal.

The written notice will include:

1. The reasons for the determination;

5. An explanation that you and your Provider may file appeals separately and at the same time, and that deadlines for filing appeals or external review requests are not delayed by appeals made by your Provider UNLESS you have chosen your Provider to act for you as your authorized representative;
6. In certain situations, a statement in non-English language(s) that future notices of Claim determinations and certain other benefit information may be available in such non-English language(s);
7. In certain situations, a statement in non-English language(s) that indicates how to access the language services provided by the Claim Administrator;
8. The right to request, free of charge, reasonable access to and copies of all documents, records, and other information relevant to the claim for benefits;
9. Any internal rule, guideline, protocol, or other similar criterion relied on in the determination, or a statement that a copy of such rule, guideline, protocol, or other similar criterion will be provided free of charge on request;

11. A description of the standard that was used in denying the claim and a discussion of the decision;
12. When the notice is given upon the exhaustion of an appeal submitted by a health care Provider on their own behalf, the timeframes from the date of the adverse determination for the member to file an appeal or file an external review;
13. When the notice of final adverse determination is given upon the exhaustion of internal appeals by the member, a statement that all internal appeals have been exhausted and the member has 4 months from the date of the letter to file an external review;

14. A statement indicating whether the adverse determination relates to a MEMBER appeal (filed by the member or authorized representative who may be the health care Provider) or a PROVIDER appeal (pursuant to the Provider contract) and shall explain timeframes from the date of the adverse determination for the member to appeal and to file an external review regardless of the status of a Provider appeal.

If the Claim Administrator's or your Employer's decision is to continue to deny or partially deny your Claim or you do not receive timely decision, you may be able to request an external review of your claim by an independent third party, who will review the determination and issue a final decision. Your external review rights are described in the **STANDARD EXTERNAL REVIEW** section below.

You may file a Complaint with the Illinois Department of Insurance. The Illinois Department of Insurance will notify the Claim Administrator of the Complaint. The Claim Administrator will have 21 days to respond to the Illinois Department of Insurance.

You must exercise the right to internal appeal as a precondition to taking any action against the Claim Administrator, either at law or in equity. If you have an adverse appeal determination, you may file civil action in a state or federal court.

Forum Selection

In the event of any dispute relating to or arising from this Plan, the jurisdiction and venue for the dispute is the United States District Court for the Northern District of Illinois. If, and only if, the United States District Court for the Northern District of Illinois lacks subject-matter jurisdiction over such dispute, the jurisdiction and venue for the dispute is the Circuit Court of Cook County, Illinois.

STANDARD EXTERNAL REVIEW

You or your authorized representative (as described above) may make a request for a standard external review or expedited external review of an Adverse Benefit Determination or Final Internal Adverse Benefit Determination by an independent review organization (IRO). The external review is at no charge to the member.

An “**Adverse Benefit Determination**” means a determination, reduction, or termination of, or a failure to provide or make payment (in whole or in part) for, a benefit, including any such determination, reduction, termination, or failure to provide or make payment for, a benefit resulting from the application of any utilization review, as well as a failure to cover an item or service for which benefits are otherwise provided because it is determined to be experimental or investigational or not Medically Necessary or appropriate. If an ongoing course of treatment had been approved by the Claim Administrator or your Employer and the Claim Administrator or your Employer reduces or terminates such treatment (other than by amendment or termination of the Employer's benefit plan) before the end of the approved treatment period, that is also an Adverse Benefit Determination. A Rescission of coverage is also an Adverse Benefit

Determination. A Rescission does not include a termination of coverage for reasons related to non-payment of premium.

A “**Final Internal Adverse Benefit Determination**” means an Adverse Benefit Determination that has been upheld by the Claim Administrator at the completion of the Claim Administrator’s internal review/appeal process.

1. **Request for external review.** Within 4 months after the date of receipt of a notice of an Adverse Benefit Determination or Final Internal Adverse Benefit Determination from the Claim Administrator, you or your authorized representative must file your request for standard external review. If there is no corresponding date 4 months after the date of receipt of such a notice, then the request must be filed by the first day of the fifth month following the receipt of the notice. For example, if the date of receipt of the notice is October 30, because there is no February 30, the request must be filed by March 1. If the last filing date would fall on a Saturday, Sunday, or Federal holiday, the last filing date is extended to the next day that is not a Saturday, Sunday, or Federal holiday.
2. **Preliminary review.** Within 5 business days following the date of receipt of the external review request, the Claim Administrator must complete a preliminary review of the request to determine whether:
 - a. You are, or were, covered under the plan at the time the health care item or service was requested or, in the case of a retrospective review, was covered under the plan at the time the health care item or service was provided;
 - b. The Adverse Benefit Determination or the Final Adverse Benefit Determination does not relate to your failure to meet the requirements for eligibility under the terms of the plan (e.g., worker classification or similar determination);
 - c. You have exhausted the Claim Administrator’s internal appeal process unless you are not required to exhaust the internal appeals process under the interim final regulations. Please read the **EXHAUSTION** section below for additional information and exhaustion of the internal appeal process; and
 - d. You or your authorized representative have provided all the information and forms required to process an external review.

You will be notified within 1 business day after we complete the preliminary review if your request is eligible or if further information or documents are needed. You will have the remainder of the 4-month appeal period (or 48 hours following receipt of the notice), whichever is later, to perfect the appeal request. If your claim is not eligible for external review, we will outline the reasons it is ineligible in the notice and provide contact information for the Department of Labor’s Employee Benefits Security Administration (toll-free number 866-444-EBSA (3272).

3. Referral to Independent Review Organization. When an eligible request for external review is completed within the time period allowed, Claim Administrator will assign the matter to an independent review organization (IRO). The IRO assigned will be accredited by URAC or by similar nationally recognized accrediting organization. Moreover, the Claim Administrator will act against bias and to ensure independence. Accordingly, the Claim Administrator must contract within at least (3) IROs for assignments under the plan and rotate claims assignments among them (or incorporate other independent, unbiased methods for selection of IROs, such as random selection). In addition, the IRO may not be eligible for any financial incentives based on the likelihood that the IRO will support the determination of benefits.

The IRO must provide the following:

- a. Utilization of legal experts where appropriate to make coverage determinations under the plan.
- b. Timely notification to you or your authorized representative, in writing, of the request's eligibility and acceptance for external review. This notice will include a statement that you may submit in writing to the assigned IRO within ten business days following the date of receipt of the notice additional information that the IRO must consider when conducting the external review. The IRO is not required to, but may, accept and consider additional information submitted after 10 business days.
- c. Within 5 business days after the date of assignment of the IRO, the Claim Administrator must provide to the assigned IRO the documents and any information considered in making the Adverse Benefit Determination or Final Internal Adverse Benefit Determination. Failure by the Claim Administrator to timely provide the documents and information must not delay the conduct of the external review. If the Claim Administrator fails to timely provide the documents and information, the assigned IRO may terminate the external review and make a decision to reverse the Adverse Benefit Determination or Final Internal Adverse Benefit Determination. Within 1 business day after making the decision, the IRO must notify the Claim Administrator and you or your authorized representative.
- d. Upon receipt of any information submitted by you or your authorized representative, the assigned IRO must within 1 business day forward the information to the Claim Administrator. Upon receipt of any such information, the Claim Administrator may reconsider its Adverse Benefit Determination or Final Internal Adverse Benefit Determination that is the subject of the external review. Reconsideration by the Claim Administrator must not delay the external review. The external review may be terminated as a result of the reconsideration only if the Claim Administrator decides, upon completion of its reconsideration, to reverse its Adverse Benefit

Determination or Final Internal Adverse Benefit Determination and provide coverage or payment. Within 1 business day after making such a decision, the Claim Administrator must provide written notice of its decision to you and the assigned IRO. The assigned IRO must terminate the external review upon receipt of the notice from the Claim Administrator.

- e. Review all of the information and documents timely received. In reaching a decision, the assigned IRO will review the claim de novo and not be bound by any decisions or conclusions reached during the Claim Administrator's internal claims and appeals process applicable under paragraph (b) of the interim final regulations under section 2719 of the Public Health Service (PHS) Act. In addition to the documents and information provided, the assigned IRO, to the extent the information or documents are available, and the IRO considers them appropriate, will consider the following in reaching a decision:
 - (i) Your medical records;
 - (ii) The attending health care professional's recommendation;
 - (iii) Reports from appropriate health care professionals and other documents submitted by the Claim Administrator, you, or your treating provider;
 - (iv) The terms of your plan to ensure that the IRO's decision is not contrary to the terms of the plan, unless the terms are inconsistent with applicable law;
 - (v) Appropriate practice guidelines, which must include applicable evidence-based standards and may include any other practice guidelines developed by the Federal government, national or professional medical societies, boards, and associations;
 - (vi) Any applicable clinical review criteria developed and used by the Claim Administrator, unless the criteria are inconsistent with the terms of the plan or with applicable law; and
 - (vii) The opinion of the IRO's clinical reviewer or reviewers after considering information described in this notice to the extent the information or documents are available, and the clinical reviewer or reviewers consider appropriate.
- f. Written notice of the final external review decision must be provided within 45 days after the IRO receives the request for the external review. The IRO must deliver the notice of final external review decision to the Claim Administrator and you or your authorized representative.
- g. The notice of final external review decision will contain:
 - (i) A general description of the reason for the request for external review, including information sufficient to identify the claim (including the date or dates of service, the health care provider,

the claim amount (if applicable), the diagnosis code and its corresponding meaning, the treatment code and its corresponding meaning, and the reason for the previous determination);

- (ii) The date the IRO received the assignment to conduct the external review and the date of the IRO decision;
 - (iii) References to the evidence or documentation, including the specific coverage provisions and evidence-based standards, considered in reaching its decision;
 - (iv) A discussion of the principal reason or reasons for its decision, including the rationale for its decision and any evidence-based standards that were relied on in making its decision;
 - (v) A statement that the determination is binding except to the extent that other remedies may be available under State or Federal law to either the Claim Administrator and you or your authorized representative;
 - (vi) A statement that judicial review may be available to you or your authorized representative; and
 - (vii) Current contact information, including phone number, for any applicable office of health insurance consumer assistance or ombudsman established under PHS Act section 2793.
- h. After a final external review decision, the IRO must maintain records of all claims and notices associated with the external review process for six years. An IRO must make such records available for examination by the Claim Administrator, State or Federal oversight agency upon request, except where such disclosure would violate State or Federal privacy laws, and you or your authorized representative.

4. Reversal of plan's decision. Upon receipt of a notice of a final external review decision reversing the Adverse Benefit Determination or Final Internal Adverse Benefit Determination, the Claim Administrator immediately must provide coverage or payment (including immediately authorizing or immediately paying benefits) for the claim.

EXPEDITED EXTERNAL REVIEW

1. Request for expedited external review. Claim Administrator must allow you or your authorized representative to make a request for an expedited external review with the Claim Administrator at the time you receive:

- a. An Adverse Benefit Determination if the Adverse Benefit Determination involves a medical condition of the claimant for which the timeframe for completion of an expedited internal appeal under the interim final regulations would seriously jeopardize your life or health or would jeopardize your ability to regain maximum function and you have filed a request for an expedited internal appeal; or

- b. A Final Internal Adverse Benefit Determination, if the claimant has a medical condition where the timeframe for completion of a standard external review would seriously jeopardize your life or health or would jeopardize your ability to regain maximum function, or if the Final Internal Adverse Benefit Determination concerns an admission, availability of care, continued stay, or health care item or service for which you received emergency services, but have not been discharged from a facility.
- 2. Preliminary review.** Immediately upon receipt of the request for expedited external review, the Claim Administrator must determine whether the request meets the reviewability requirements set forth in the STANDARD EXTERNAL REVIEW section above. The Claim Administrator must immediately send you a notice of its eligibility determination that meets the requirements set forth in STANDARD EXTERNAL REVIEW section above.
- 3. Referral to independent review organization.** Upon a determination that a request is eligible for external review following the preliminary review, the Claim Administrator will assign an IRO pursuant to the requirements set forth in the STANDARD EXTERNAL REVIEW section above. The Claim Administrator must provide or transmit all necessary documents and information considered in making the Adverse Benefit Determination or Final Internal Adverse Benefit Determination to the assigned IRO electronically or by telephone or facsimile or any other available expeditious method.

The assigned IRO, to the extent the information or documents are available, and the IRO considers them appropriate, must consider the information or documents described above under the procedures for standard review. In reaching a decision, the assigned IRO must review the claim de novo and is not bound by any decisions or conclusions reached during the Claim Administrator's internal claims and appeals process.

- 4. Notice of final external review decision.** The Claim Administrator's contract with the assigned IRO must require the IRO to provide notice of the final external review decision, in accordance with the requirements set forth in the STANDARD EXTERNAL REVIEW section above, as expeditiously as your medical condition or circumstances require, but in no event more than 72 hours after the IRO receives the request for an expedited external review. If the notice is not in writing, within 48 hours after the date of providing that notice, the assigned IRO must provide written confirmation of the decision to the Claim Administrator and you or your authorized representative.

EXHAUSTION

For standard internal review, you have the right to request external review once the internal review process has been completed and you have received the Final Internal Adverse Benefit Determination. For expedited internal review, you may

request external review simultaneously with the request for expedited internal review. The IRO will determine whether your request is appropriate for expedited external review or if the expedited internal review process must be completed before external review may be requested.

You will be deemed to have exhausted the internal review process and may request external review if the Claim Administrator waives the internal review process or the Claim Administrator has failed to comply with the internal claims and appeals process. In the event you have been deemed to exhaust the internal review process due to the failure by the Claim Administrator to comply with the internal claims and appeals process, you also have the right to pursue any available remedies under 502(a) of ERISA or under State law.

External review may not be requested for an Adverse Benefit Determination involving a claim for benefits for a health care service that you have already received until the internal review process has been exhausted.

GENERAL PROVISIONS

1. CLAIM ADMINISTRATOR'S SEPARATE FINANCIAL ARRANGEMENTS WITH PROVIDERS AND OTHER ENTITIES

The Claim Administrator hereby informs you that it has contracts with certain Providers ("Administrator Providers") in its service area to provide and pay for health care services to all persons entitled to health care benefits under health policies and contracts to which the Claim Administrator is a party, including all persons covered under the Health Care Plan. Under certain circumstances described in its contracts with Administrator Providers, the Claim Administrator may:

- receive substantial payments from Administrator Providers with respect to services rendered to you for which the Claim Administrator was obligated to pay the Administrator Provider, or
- pay Administrator Providers substantially less than their Claim Charges for services, by discount or otherwise, or
- receive from Administrator Providers other substantial allowances under the Claim Administrator's contracts with them.

In the case of Hospitals and other facilities, the calculation of any out-of-pocket maximums or any maximum amounts of benefits payable by the Claim Administrator as described in this benefit booklet and the calculation of all required deductible and Coinsurance amounts payable by you as described in this benefit booklet shall be based on the Eligible Charge or Provider's Claim Charge for Covered Services rendered to you, reduced by the Average Discount Percentage ("ADP") applicable to your Claim or Claims. Your Employer has been advised that the Claim Administrator may receive such payments, discounts and/or other allowances during the term of the agreement between your Employer and the Claim Administrator. Neither the Employer nor you are entitled to receive any portion of any such payments, discounts and/or other allowances in excess of the ADP.

To help you understand how the Claim Administrator's separate financial arrangements with Provider's work, please consider the following example:

- a. Assume you go into the Hospital for one night and the normal, full amount the Hospital bills for Covered Services is \$1,000. How is the \$1,000 bill paid?
- b. You personally will have to pay the deductible and Coinsurance amounts set out in your benefit booklet.
- c. However, for purposes of calculating your deductible and Coinsurance amounts, and whether you have reached any out-of-pocket or benefit maximums, the Hospital's Eligible Charge would be reduced by the ADP applicable to your Claim. In our example, if the applicable ADP were 30%, the \$1,000 Hospital bill would be reduced by 30% to \$700 for

purposes of calculating your deductible and Coinsurance amounts, and whether you have reached any out-of-pocket or benefit maximums.

- d. Assuming you have already satisfied your deductible, you will still have to pay the Coinsurance portion of the \$1,000 Hospital bill after it has been reduced by the ADP. In our example, if your Coinsurance obligation is 20%, you personally will have to pay 20% of \$700, or \$140. You should note that your 20% Coinsurance is based on the full \$1,000 Hospital bill, after it is reduced by the applicable ADP.
- e. After considering the deductible and Coinsurance amounts, the Claim Administrator will satisfy its portion of the Hospital bill. In most cases, the Claim Administrator has a contract with Hospitals that allows it to pay less, and requires the Hospital to accept less, than the amount of money the Claim Administrator would be required to pay if it did not have a contract with the Hospital.

So, in the example we are using, since the full Hospital bill is \$1,000, your deductible has already been satisfied, and your Coinsurance is \$140, then the Claim Administrator has to satisfy the rest of the Hospital bill, or \$860. Assuming the Claim Administrator has a contract with the Hospital, the Claim Administrator will usually be able to satisfy the \$860 bill that remains after your Coinsurance and deductible, by paying less than \$860 to the Hospital, often substantially less than \$860. The Claim Administrator receives, and keeps for its own account, the difference between the \$860 bill and whatever the Claim Administrator ultimately pays under its contracts with Administrator Providers, and neither you nor your Employer are entitled to any part of these savings.

The Claim Administrator or its subsidiaries or affiliates may also have ownership interests in or financial arrangements with certain Providers who provide Covered Services to covered persons and/or vendors or other third parties who provide services related to the Policy or provide services to certain Providers.

2. INTER-PLAN ARRANGEMENTS

I. Out-of-Area Services

Overview

The Claim Administrator has a variety of relationships with other Blue Cross and/or Blue Shield Licensees. Generally, these relationships are called “Inter-Plan Arrangements.” These Inter-Plan Arrangements work based on rules and procedures issued by the Blue Cross Blue Shield Association (“Association”). Whenever you access healthcare services outside the geographic area the Claim Administrator serves, the Claim for those services may be processed through one of these Inter-Plan Arrangements. The Inter-Plan Arrangements are described below.

When you receive care outside of the Claim Administrator’s service area, you will receive it from one of two kinds of Providers. Most Providers (“participating Providers”) contract with the local Blue Cross and/or Blue Shield Licensee in that geographic area (“Host Blue”). Some Providers (“nonparticipating Providers”) do not contract with the Host Blue. The Claim Administrator explains below how the Claim Administrator pays both kinds of Providers.

Inter-Plan Arrangements Eligibility – Claim Types

All claim types are eligible to be processed through Inter-Plan Arrangements, as described above, except for all dental care benefits except when paid as medical claims/benefits, and those prescription drug benefits or vision care benefits that may be administered by a third party contracted by the Claim Administrator to provide the specific service or services.

A. BlueCard® Program

Under the BlueCard® Program, when you receive Covered Services within the geographic area served by a Host Blue, Claim Administrator will remain responsible for doing what we agreed to in the contract. However, the Host Blue is responsible for contracting with and generally handling all interactions with its participating Providers.

For Inpatient facility services received in a Hospital, the Host Blue's participating Provider is required to obtain Prior Authorization. If Prior Authorization is not obtained, the participating Provider will be sanctioned based on the Host Blue's contractual agreement with the Provider, and the member will be held harmless for the Provider sanction.

When you receive Covered Services outside the Claim Administrator's service area and the Claim is processed through the BlueCard Program, the amount you pay for Covered Services is calculated based on the lower of:

- The billed charges for Covered Services, or
- The negotiated price that the Host Blue makes available to the Claim Administrator.

To help you understand how this calculation would work, please consider the following example:

- a. Suppose you receive Covered Services for an illness while you are on vacation outside of Illinois. You show your Identification Card to the provider to let them know that you are covered by the Claim Administrator.
- b. The provider has negotiated with the Host Blue a price of \$80, even though the provider’s standard charge for this service is \$100. In this example, the provider bills the Host Blue \$100.

- c. The Host Blue, in turn, forwards the claim to the Claim Administrator and indicates that the negotiated price for the covered service is \$80. The Claim Administrator would then base the amount you must pay for the service - the amount applied to your deductible, if any, and your coinsurance percentage - on the \$80 negotiated price, not the \$100 billed charge.
- d. So, for example, if your coinsurance is 20%, you would pay \$16 (20% of \$80), not \$20 (20% of \$100). You are not responsible for amounts over the negotiated price for a covered service.

PLEASE NOTE: The coinsurance percentage in the above example is for illustration purposes only. Example assumes that you have met your deductible and that there are no copayments associated with the service rendered. Your deductible(s), Coinsurance and Copayment(s) are specified in this benefit booklet.

Often, this “negotiated price” will be a simple discount that reflects an actual price that the Host Blue pays to your healthcare provider. Sometimes, it is an estimated price that takes into account special arrangements with your healthcare provider or provider group that may include types of settlements, incentive payments, and/or other credits or charges. Occasionally, it may be an average price, based on a discount that results in expected average savings for similar types of healthcare providers after taking into account the same types of transactions as with an estimated price.

Estimated pricing and average pricing also take into account adjustments to correct for over or underestimation of modifications of past pricing of Claims, as noted above. However, such adjustments will not affect the price the Claim Administrator has used for your claim because they will not be applied after a Claim has already been paid.

B. Negotiated (non-BlueCard Program) Arrangements

With respect to one or more Host Blues, instead of using the BlueCard Program, the Claim Administrator may process your claims for Covered Services through Negotiated Arrangements for National Accounts.

The amount you pay for Covered Services under this arrangement will be calculated based on the lower of either billed charges for Covered Services or negotiated price (refer to the description of negotiated price under Section A, BlueCard Program) made available to the Claim Administrator by the Host Blue.

If reference-based benefits, which are service-specific benefit dollar limits for specific procedures, based on a Host Blue’s local market rates, are made available to you, you will be responsible for the amount that the healthcare provider bills above the specific reference benefit limit for the given procedure. For a participating Provider, that amount will be the difference between the negotiated price and the reference benefit limit. For a nonparticipating Provider, that amount will be the difference between the Provider’s billed charge and the reference benefit limit. Where a reference

benefit limit is greater than either a negotiated price or a Provider's billed charge, you will incur no liability, other than any related patient cost sharing under this agreement.

C. Special Cases: Value-Based Programs

BlueCard® Program

If you receive Covered Services under a Value-Based Program inside a Host Blue's service area, you will not be responsible for paying any of the Provider incentives, risk-sharing, and/or Care Coordinator Fees that are a part of such an arrangement, except when a Host Blue passes these fees to the Claim Administrator through average pricing or fee schedule adjustments.

Value-Based Programs: Negotiated (non-BlueCard Program) Arrangements

If the Claim Administrator has entered into a Negotiated Arrangement with a Host Blue to provide Value-Based Programs to your Employer on your behalf, the Claim Administrator will follow the same procedures for Value-Based Programs administration and Care Coordinator Fees as noted above for the BlueCard Program.

D. Inter-Plan Programs: Federal/State Taxes/Surcharges/Fees

Federal or state laws or regulations may require a surcharge, tax or other fee that applies to self-funded accounts. If applicable, the Claim Administrator will include any such surcharge, tax, or other fee as part of the Claim Charge passed on to you.

E. Non-Participating Healthcare Providers Outside The Claim Administrator's Service Area

a. Member Liability Calculation

(1) In General

When Covered Services are provided outside of the Claim Administrator's service area by non-participating Providers, the amount(s) you pay for such services will be calculated using the methodology described in the benefit booklet for non-participating Providers located inside our service area. You may be responsible for the difference between the amount that the non-participating Provider bills and the payment Claim Administrator will make for the Covered Services as set forth in this paragraph.

(2) Exceptions

In some exception cases, the Claim Administrator may, but is not required to, negotiate a payment with such non-participating Provider on an exception basis. If a negotiated payment is not available, then the Claim

Administrator may make a payment based on the lesser of:

1. The amount calculated using the methodology described in the benefit booklet for non-participating Providers located inside our service area (and described in Section (a)(1) above); or
2. The following:
 - a. For professional Providers, make a payment based on publicly available Provider reimbursement data for the same or similar services, adjusted for geographical differences where applicable, or
 - b. For Hospital or facility Providers, make a payment based on publicly available data reflecting the approximate costs that Hospitals or facilities have reportedly incurred historically to provide the same or similar service, adjusted for geographical differences where applicable, plus a margin factor for the Hospital or facility.

In these situations, you may be liable for the difference between the amount that the non-participating Provider bills and the payment the Claim Administrator will make for the Covered Services as set forth in this paragraph.

F. Blue Cross Blue Shield Global® Core

If you are outside the United States, the Commonwealth of Puerto Rico, and the U.S. Virgin Islands (hereinafter “BlueCard service area”), you may be able to take advantage of the Blue Cross Blue Shield Global Core when accessing Covered Services. The Blue Cross Blue Shield Global Core is unlike the BlueCard Program available in the BlueCard service area in certain ways. For instance, although the Blue Cross Blue Shield Global Core assists you with accessing a network of Inpatient, Outpatient and Professional Providers, the network is not served by a Host Blue. As such, when you receive care from Providers outside the BlueCard service area, you will typically have to pay the Providers and submit the Claims yourself to obtain reimbursement for these services.

If you need medical assistance services (including locating a doctor or Hospital) outside the BlueCard service area, you should call the service center at 1.800.810.BLUE (2583) or call collect at 1.804.673.1177, 24 hours a day, seven days a week. An assistance coordinator, working with a medical professional, can arrange a Physician appointment or hospitalization, if necessary.

- **Inpatient Services**

In most cases, if you contact the service center for assistance, hospitals will not require you to pay for covered Inpatient services, except for your cost-share amounts/Deductibles, Coinsurances, etc. In such cases, the hospital will submit your claims to the service center to begin claims processing. However, if you paid in full at the time of service, you must

submit a Claim to receive reimbursement for Covered Services. **You must contact the Claim Administrator to obtain Prior Authorization for non-emergency Inpatient services.**

- **Outpatient Services**

Outpatient Services are available for Emergency Care. Physicians, urgent care centers and other Outpatient Providers located outside the BlueCard service area will typically require you to pay in full at the time of service. You must submit a Claim to obtain reimbursement for Covered Services.

- **Submitting a Blue Cross Blue Shield Global Core Claim**

When you pay for Covered Services outside the BlueCard service area, you must submit a Claim to obtain reimbursement. For institutional and professional Claims, you should complete a Blue Cross Blue Shield Global Core International claim form and send the Claim form with the Provider's itemized bill(s) to the service center (the address is on the form) to initiate Claims processing. Following the instructions on the Claim form will help ensure timely processing of your Claim. The Claim form is available from the Claim Administrator, the service center or online at www.bcbsglobalcore.com. If you need assistance with your Claim submission, you should call the service center at 1.800.810.BLUE (2583) or call collect at 1.804.673.1177, 24 hours a day, seven days a week.

Claim Administrator's Separate Financial Arrangements with Pharmacy Benefit Managers

The Claim Administrator owns a significant portion of the equity of Prime Therapeutics LLC and informs you that the Claim Administrator has entered into one or more agreements with Prime Therapeutics LLC or other entities (collectively referred to as "Pharmacy Benefit Managers") to provide, on the Claim Administrator's behalf, Claim Payments and certain administrative services for your prescription drug benefits. Pharmacy Benefit Managers have agreements with pharmaceutical manufacturers to receive rebates for using their products. The Pharmacy Benefit Manager may share a portion of those rebates with the Claim Administrator. In addition, the mail-order pharmacy and specialty pharmacy operate through an affiliate partially owned by Prime Therapeutics, LLC. Neither the Employer nor you are entitled to receive any portion of such rebates.

Prime negotiates rebate contracts with pharmaceutical manufacturers on behalf of the Claim Administrator but does not retain any rebates (although Prime may retain any interest or late fees earned on rebates received from manufacturers to cover the administrative costs of processing late payments). The Claim Administrator may also negotiate rebate contracts with pharmaceutical manufacturers. The Claim Administrator may receive such rebates from Prime or pharmaceutical manufacturers. You are not entitled to receive any portion of any such rebates.

3. PAYMENT OF CLAIMS AND ASSIGNMENT OF BENEFITS

- a. Under this Health Care Plan, the Claim Administrator has the right to make any benefit payment either to you or directly to the Provider of the Covered Services. For example, the Claim Administrator may pay benefits to you if you receive Covered Services from a Non-Administrator Provider. The Claim Administrator is specifically authorized by you to determine to whom any benefit payment should be made.
- b. Once Covered Services are rendered by a Provider, you have no right to request the Claim Administrator not to pay the Claim submitted by such Provider and no such request will be given effect. In addition, the Claim Administrator will have no liability to you or any other person because of its rejection of such request.
- c. A covered person's claim for benefits under this Health Care Plan is expressly non-assignable and non-transferable in whole or in part to any person or entity, including any Provider, at any time before or after Covered Services are rendered to a covered person. Coverage under this Health Care Plan is expressly non-assignable and non-transferable and will be forfeited if you attempt to assign or transfer coverage or aid or attempt to aid any other person in fraudulently obtaining coverage. Any such assignment or transfer of a claim for benefits or coverage shall be null and void.

4. YOUR PROVIDER RELATIONSHIPS

- a. The choice of a Provider is solely your choice and the Claim Administrator will not interfere with your relationship with any Provider.
- b. The Claim Administrator does not itself undertake to furnish health care services, but solely to make payments to Providers for the Covered Services received by you. The Claim Administrator is not in any event liable for any act or omission of any Provider or the agent or employee of such Provider, including, but not limited to, the failure or refusal to render services to you. Professional services which can only be legally performed by a Provider are not provided by the Claim Administrator. Any contractual relationship between a Physician and an Administrator Provider shall not be construed to mean that the Claim Administrator is providing professional service.
- c. The use of an adjective such as Participating, Administrator, Preferred or approved in modifying a Provider shall in no way be construed as a recommendation, referral, or any other statement as to the ability or quality of such Provider. In addition, the omission, non-use or non-designation of Participating, Administrator, Preferred, approved or any similar modifier or the use of a term such as Non-Administrator or Non-Participating should not be construed as carrying any statement or inference, negative or positive, as to the skill or quality of such Provider.

d. Each Provider provides Covered Services only to you and does not interact with or provide any services to your Employer (other than as an individual covered person) or your Employer's ERISA Health Benefit Program.

5. NOTICES

Any information or notice which you furnish to the Claim Administrator under the Health Care Plan as described in this benefit booklet must be in writing and sent to the Claim Administrator at its offices at 300 East Randolph, Chicago, Illinois 60601 (unless another address has been stated in this benefit booklet for a specific situation). Any information or notice which the Claim Administrator furnishes to you must be in writing and sent to you at your address as it appears on the Claim Administrator's records or in care of your Employer and if applicable, in the case of a Qualified Medical Child Support Order, to the designated representative as it appears on the Claim Administrator's records. The Claim Administrator may also provide such notices electronically to the extent permitted by applicable law.

6. LIMITATIONS OF ACTIONS

No legal action may be brought to recover under the Health Care Plan as described in this benefit booklet, prior to the expiration of sixty (60) days after a Claim has been furnished to the Claim Administrator in accordance with the requirements described in this benefit booklet. In addition, no such action shall be brought after the expiration of three (3) years after the time a Claim is required to be furnished to the Claim Administrator in accordance with the requirements described in this benefit booklet.

7. INFORMATION AND RECORDS

You agree that it is your responsibility to insure that any Provider, other Blue Cross and Blue Shield Plan, insurance company, employee benefit association, government body or program, any other person or entity, having knowledge of or records relating to (a) any illness or injury for which a Claim or Claims for benefits are made under the Health Care Plan, (b) any medical history which might be pertinent to such illness, injury, Claim or Claims, or (c) any benefits or indemnity on account of such illness or injury or on account of any previous illness or injury which may be pertinent to such Claim or Claims, furnish to the Claim Administrator or its agent, and agree that any such Provider, person or other entity may furnish to the Claim Administrator or its agent, at any time upon its request, any and all information and records (including copies of records) relating to such illness, injury, Claim or Claims. In addition, the Claim Administrator may furnish similar information and records (or copies of records) to Providers, Blue Cross and Blue Shield Plans, insurance companies, governmental bodies or programs or other entities providing insurance-type benefits requesting the same. It is also your responsibility to furnish the Claim

Administrator and/or your Employer or group administrator information regarding your or your dependents becoming eligible for Medicare, termination of Medicare eligibility or any changes in Medicare eligibility status in order that the Claim Administrator be able to make Claim Payments in accordance with MSP laws.

8. OVERPAYMENT

If your group's benefit plan or the Claim Administrator pays benefits for eligible expenses incurred by you or your dependents and it is found that the payment was more than it should have been, or it was made in error ("Overpayment"), your group's benefit plan or the Claim Administrator has the right to obtain a refund of the Overpayment amount from: (i) the person to, or for whom, such benefits were paid, or (ii) any insurance company or plan, or (iii) any other persons, entities, or organizations, including, but not limited to Participating Providers or Non-Participating Providers.

If no refund is received, your Group's benefit plan and/or Blue Cross and Blue Shield (in its capacity as insurer or administrator) has the right to deduct any refund for any Overpayment due up to an amount equal to the Overpayment, from:

- a. Any future benefit payment made to any person or entity under this benefit booklet, whether for the same or a different member; or
- b. Any future benefit payment made to any person or entity under another Blue Cross and Blue Shield administered ASO benefit program and/or Blue Cross and Blue Shield administered insured benefit program or policy, if the future benefit payment owed is to a Contracted Provider; or
- c. Any future benefit payment made to any person or entity under another Blue Cross and Blue Shield insured group benefit plan or individual policy, if the future benefit payment owed is to a Contracted Provider; or
- d. Any future benefit payment, or other payment, made to any person or entity; or
- e. Any future payment owed to one or more Contracted Providers.

Further, the Claim Administrator has the right to reduce your benefit plan's or policy's payment to a Contracted Provider by the amount necessary to recover another Blue Cross and Blue Shield's plan or policy Overpayment to the same Contracted Provider and to remit the recovered amount to the other Blue Cross and Blue Shield's plan or policy.

9. VALUE BASED DESIGN PROGRAMS

The Claim Administrator and your Employer has the right to offer medical management programs, quality improvement programs and health behavior wellness, incentive, maintenance, or improvement programs that allow for a reward, a contribution, a penalty, a differential in premiums or a differential

in medical, prescription drug or equipment Copayments, Coinsurance or deductibles, or costs, or a combination of these incentives or disincentives for participation in any such program offered or administered by the Claim Administrator or an entity chosen by the Claim Administrator to administer such programs. In addition, discount, or incentive programs for various health and wellness-related or insurance-related, or other items and services may be available from time-to-time. Such programs may be discontinued with or without notice.

Contact your Employer for additional information regarding any value-based programs offered by your Employer.

10. IDENTITY THEFT PROTECTION SERVICES

The Claim Administrator makes available at no additional cost to you identity theft protection services, including credit monitoring, fraud detection, credit/identity repair and insurance to help protect your information. These identity theft protection services are currently provided by the Claim Administrator's designated outside vendor and acceptance or declination of these services is optional to you. If you wish to accept such identity theft protection services you will need to individually enroll in the program online at www.bcbsil.com or telephonically by calling the toll-free telephone number on your Identification Card. Services may automatically end if you no longer meet the definition of an Eligible Person. Services may change or be discontinued at any time with or without notice and the Claim Administrator does not guarantee that a particular vendor or service will be available at any given time. The services are provided as a convenience and are not considered covered benefits under this benefit booklet.

REIMBURSEMENT PROVISION

If you or one of your covered dependents incur expenses for sickness or injury that occurred due to negligence of a third party and benefits are provided for Covered Services described in this benefit booklet, you agree:

- a. the Claim Administrator has the rights to reimbursement for all benefits the Claim Administrator provided from any and all damages collected from the third party for those same expenses whether by action at law, settlement, or compromise, by you or your legal representative as a result of sickness or injury, in the amount of the total Eligible Charge or Provider's Claim Charge for Covered Services for which the Claim Administrator has provided benefits to you, reduced by any Average Discount Percentage ("ADP") applicable to your Claim or Claims.
- b. the Claim Administrator is assigned the right to recover from the third party, or their insurer, to the extent of the benefits the Claim Administrator provided for that sickness or injury.

The Claim Administrator shall have the right to first reimbursement out of all funds you, your covered dependents, or your legal representative, are or were able to obtain for the same expenses for which the Claim Administrator has provided benefits as a result of that sickness or injury.

You are required to furnish any information or assistance or provide any documents that the Claim Administrator may reasonably require in order to obtain our rights under this provision. This provision applies whether or not the third party admits liability. (See provisions of this benefit booklet regarding "Claim Administrator's Separate Financial Arrangements with Providers.")

BENEFIT BOOKLET NO SURPRISES ACT AMENDMENT

Amendment Effective Date: This Amendment is effective on the Employer's Contract Anniversary Date or for the Plan Year of your Employer's Group Health Plan occurring on or after January 1, 2022.

The terms of this Amendment supersede the terms of the benefit booklet to which this Amendment is attached and becomes a part of the benefit booklet. Unless otherwise required by Federal or Illinois law, in the event of a conflict between the terms on this Amendment and the terms of the benefit booklet, the terms on this Amendment apply. However, definitions set forth in this Amendment are for purposes of this Amendment only. Additionally, for purposes of this Amendment, references to You and Your mean any Member, including Subscriber and Dependents.

The benefit booklet is hereby amended as indicated below:

I. Continuity of Care

If You are under the care of a Participating Provider as defined in the benefit booklet who stops participating in the Plan's network (for reasons other than failure to meet applicable quality standards, including medical incompetence or professional behavior, or fraud), You may be able to continue coverage for that Provider's Covered Services at the Participating Provider Benefit level if one of the following conditions is met:

1. You are undergoing a course of treatment for a serious and complex condition,
2. You are undergoing institutional or inpatient care,
3. You are scheduled to undergo nonelective surgery from the Provider (including receipt of postoperative care from such Provider with respect to such surgery),
4. You are pregnant or undergoing a course of treatment for Your pregnancy, or
5. You are determined to be terminally ill.

A serious and complex condition is one that (1) for an acute illness, is serious enough to require specialized medical treatment to avoid the reasonable possibility of death or permanent harm (for example, if You are currently receiving chemotherapy, radiation therapy, or post-operative visits for a serious acute disease or condition), and (2) for a chronic illness or condition, is (i) life-threatening, degenerative, disabling or potentially disabling, or congenital, and (ii) requires specialized medical care over a prolonged period of time.

Continuity coverage described in this provision shall continue until the treatment is complete but will not extend for more than 90 days beyond the date The Plan notifies You of the Provider's termination, or any longer period provided by state law. If You are in the second or third trimester of pregnancy when the Provider's termination takes effect, continuity of coverage may be extended through delivery of the child, immediate postpartum care, and the follow-up check-up within the

first six (6) weeks of delivery. You have the right to appeal any decision made for a request for Benefits under this provision, as explained in the benefit booklet.

II. Federal No Surprises Act

1. Definitions

2. Federal No Surprises Act Surprise Billing Protections

- a. The federal No Surprises Act contains various protections relating to surprise medical bills on services performed by Non-Participating Providers and Non-Participating Emergency Facilities. The items and services included in these protections (“Included Services”) are listed below.
 - Emergency Services obtained from a Non-Participating Provider or Non-Participating Emergency Facility.
 - Covered non-Emergency Services performed by a Non-Participating Provider at a Participating Facility (unless You give written consent and give up balance billing protections).
 - Air Ambulance Services received from a Non-Participating Provider if the services would be covered if received from a Participating Provider.

b. Claim Payments

For Included Services, the Plan will send an initial payment or notice of denial of payment directly to the Provider.

c. Cost-Sharing

For non-Emergency Services performed by Non-Participating Providers at a Participating Facility, and for Emergency Services provided by a Non-Participating Provider or Non-Participating Emergency Facility, the Recognized Amount is used to calculate Your cost-share requirements, including Deductibles, Copayments, and Coinsurance.

For Air Ambulance Services received from a Non-Participating Provider, if the services would be covered if received from a Participating Provider, the amount used to calculate Your cost-share requirements, including Deductibles, Copayments, and Coinsurance, will be the lesser of the Qualifying Payment Amount or billed charges.

For Included Services, these cost-share requirements will be counted toward Your Participating Provider deductible and/or out-of-pocket expense limit, if any.

3. Prohibition of Balance Billing

You are protected from balance billing on Included Services as set forth below.

If You receive Emergency Services from a Non-Participating Provider or non-Participating Emergency Facility, the most the Non-Participating Provider or non-Participating Emergency Facility may bill You is Your in-network cost-share. You cannot be balance billed for these Emergency Services unless You give written consent and give up Your protections not to be balance billed for services You receive after You are in a stable condition.

When You receive Covered Non-Emergency Services from a Non-Participating Provider at a Participating Facility, the most those Non-Participating Providers may bill You is Your Plan's in-network cost-share requirements. When You receive emergency medicine, anesthesia, pathology, radiology, laboratory, neonatology, assistant surgeon, hospitalist, or intensivist services at a Participating Facility, Non-Participating Providers can't balance bill You and may not ask You to give up Your protections not to be balance billed. If You get other services at Participating Facilities, Non-Participating Providers can't balance bill You unless You give written consent and give up Your protections.

If Your Plan includes Air Ambulance Services as a Covered Service, and such services are provided by a Non-Participating Provider, the most the Non-Participating Provider may bill You is Your in-network cost-share. You cannot be balance billed for these Air Ambulance Services.

NOTE: The revisions to Your Plan made by this Amendment are based upon the No Surprises Act, a federal law enacted in 2020 and effective for plan years beginning on or after January 1, 2022. To the extent federal regulations are adopted or additional guidance is issued by federal regulatory agencies that alter the terms of this Amendment, the regulations and any additional guidance will control over conflicting language in this Amendment.
