

The Kellogg Evening & Weekend (E&W) MBA Program for McGaw Residents and Fellows

This one-of-a-kind partnership is designed to prepare students for leadership roles in healthcare systems and organizations. Students in this fast-tracked, part-time MBA program will supplement their medical residency with the business background needed to propel their leadership journey in medicine.

Designed for intelligent, ambitious medical professionals, you'll complete a series of core courses while customizing your path with more than 100 electives to help refine your expertise. Kellogg's collaborative approach to learning alongside supportive peers elevates your leadership development, expands your connections in the Kellogg network, and deepens your understanding of emerging topics and challenges facing healthcare organizations today.
