

Although our base neighborhoods have many safety precautions, no community is immune to criminal activity, therefore we send this reminder of safety awareness on and off campus. It is very important that each of us heightens our safety awareness when travelling around campus and throughout the city.

We strongly encourage a review of our [Safety Awareness guidance](#) which includes tips for our downtown campus locations. Highlights:

NMH/NU campus:

- Use NM Security for escorts by dialing 2-2222 from any in-house phone or dialing 855-667-2332 (855-NMSAFE2).
- Know the location of [blue light emergency call boxes](#): these connect directly to the University Police's dispatch center and identify the location from which you are calling.
- Report any safety issues to Northwestern University Police Department (NUPD) 312-926-3117 and, if applicable, file a police report with the City of Chicago.
